**NEW! CNC Machining:
FANUC Simulator Training**

We're thrilled to introduce our FANUC CNC Simulators. These bring the world of CNC right into the classroom, allowing you to get up close and personal with FANUC CNC controls without needing a full machine. You'll become intimately familiar with navigating the FANUC control, setup work and tool offsets, macros and basic G and M code programming. This real-world experience will set you up for success in modern manufacturing industries.

Upon completing this course, you'll be well-prepared to embark on a fulfilling career in CNC machining, programming or related fields. You'll play a crucial role in the ever-evolving world of precision manufacturing. Don't wait! Shape your future, unlock your potential and seize the opportunities that await you.

Positively Mount Morris

A True Master Craftsman In Mount Morris

Brandon and Bethany Fleishour love each other, their children, and living in Mount Morris. For over a decade, their family has been involved in growing relationships and developing craftsmanship right here in Mount Morris. Whether it's related to sports, local activities or anything to do with building the quality of this village - they are on board.

Laney (recently married to Lewis Hofmann), Caleb, Jacob, Isabella, Lilly, Haley and James could never have imagined all that would transpire when they closed a 5 generation Construction Building Tradition in northeast Ohio and moved to Mount Morris, NY.

Upon arrival, they took up residence in the abandoned home of H.P. Mills, which they have been steadily rebuilding for 10 years. This meant they started with the best neighbors to share a driveway with, Gerald and Judy Scorsone, and a community that has helped them through the good, bad and ugly of life.

H. P. Mills - President of Mount Morris' first bank on the corner of State and Main (currently Community Bank) also led the Erie Canal to reach the Genesee Valley. He became a prominent Mount Morris resident from the 1830s til his death in 1902. One of the main speakers at the 100 Year Celebration of Mount Morris in 1894, his daughter had the Mount Morris fountain made in memory of her husband, Myron.

The Fleishour Family has since developed a niche in 'Restoring Old Windows' for homes and buildings all over Western New York. The **Old Window Company** has restored windows for George Eastman of Kodak, Mark Twain and even as far as the Senate on Capitol Hill in Washington, DC. Regardless, Brandon shares, "the best clients are normal people - in normal houses and buildings".

Now training the 6th generation in Old Windows - Brandon specializes in jobs of 3 or more openings of wooden double hung windows made prior to 1940. They have seen firsthand, when completed, the windows become beautiful and functional once again, and can even have comparable energy efficiency to that of brand new windows. Beyond the Great Old Windows though, Brandon believes that, "People are the most valuable thing in Architecture."

Bethany and the children have been busy taking another abandoned property, next to Letchworth Canyon & Waterfalls, and turning it into a Game Board themed Air BnB VRBO. The "Knot Bored Board Game House" will be opening soon and will provide fun for everyone. They are so excited to host you and yours.

The Fleishours are active in Christian volunteer work throughout the Genesee Valley. Brandon has been coaching basketball at Gilead School in Perry. Among many other responsibilities, Bethany, the back bone of her family, has been homeschooling for almost 20 years. She wants to see Mount Morris flourish for generations to come.

The Fleishour Family is so thankful to God for every good thing and for their Mount Morris friends and family. The overflowing support from their parents, family and surrounding communities has been amazing.

If you need any old wood windows restored or need a great place to stay - feel free to email them at TheOldWindowCompany@gmail.com.
