## PRESS RELEASE

Release Date: 02-29-2024 • Release Time: 09:30 hrs.

The Albion Police Department is warning people about another phone scam making it's rounds in the area. This scam involves someone pretending to be a police officer who tells the victim(s) that there is a warrant out for their arrest or that they have pending criminal charges. During the phone call the scammer will usually ask the victim(s) for money or some type of monetary gift card i.e.) Apple, Sephora, Razer Gold etc. The scammer will state that the victim(s) can purchase these cards and provide them with the information on the card to avoid being arrested. Scammers are very convincing. They'll provide you with a badge number, names of law enforcement officials and judges and courthouse addresses. They will spoof the phone number so it appears on caller ID as if it is coming from a government agency or the court. During the phone call, the scammer will tell the victim(s) not to tell anyone what is going on and to keep the matter private. The Albion Police Department wants to remind everyone that these are fraudulent calls and that Police Department's will not call individuals over the phone and ask for personal information such as bank accounts, social security numbers, credit card information etc. If you receive a call asking for any of the above information along with any individual asking for gift cards or money in lieu of being arrested the phone call is fraudulent in nature and you are being scammed. The Albion Police Department asks that if you are a resident of the Village of Albion and have any questions, comments or concerns or believe that you may have possibly been a victim or target please call the Albion Police Department at 585-589-5627

Authority: David M. Mogle, Chief of Police

## DO YOU HAVE HEEL PAIN OR ARCH PAIN?

*Heel Spur Syndrome/Plantar Fasciitis* is a common problem among people who are active. It starts as a dull intermittent pain in the heel and progresses to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.
- Contributing factors: Flat pronated feet, high arched feet, poor shoe support, increased age, sudden weight increase, increased activity level, family tendency.
- 95% of our patients' symptoms are resolved with conservative treatment, avoiding surgical intervention.

- We also offer surgical procedures with the best post-op success rates using Endoscopic Plantar Fasciotomy techniques (minimal incisions and scarring; often back in a shoe in 1 week).

## Orleans County's 25,000 eclipse glasses will be available starting on Friday

ALBION – The Orleans County Department of Tourism today announced that the county will be making solar eclipse glasses available to the public at no charge, beginning this Friday.

The county has 25,000 solar eclipse glasses to distribute. The solar eclipse will pass over Orleans County on April 8.

Orleans County Tourism expects an influx of visitors on April 8.

“I know many residents are looking forward to the total solar eclipse and we want to make sure our residents can view this extraordinary event safely,” said Dawn Borchert, director of Orleans County Tourism. “We have locations for distribution spread across the county, so I encourage those interested in getting glasses to do so while supplies last.”

Borchert said the distribution of the glasses will be done through the county's four libraries located in Medina, Albion, Lyndonville and Holley along with the Kendall Town Hall during normal business hours.

These are Orleans County-branded eclipse glasses that are ISO certified and are safe for direct solar viewing of the eclipse.

Families can visit these locations and pick up glasses for the number of family members they have in their households.

The partial eclipse will happen on Monday, April 8th, and will start at 2:06 p.m. in our area and will last until 4:34 p.m. The total eclipse prime viewing time will be from 3:19 to 3:23 p.m.

“Dawn Borchert and her team have been promoting this for the last year and have information available for both residents and visitors on the different events that will be taking place throughout the weekend leading up to the eclipse,” said Lynne Johnson, Chairman of the Orleans County Legislature. “The Legislature is very appreciative of our tourism department's efforts, including organizing the distribution of the eclipse glasses.”

For more information on the eclipse in Orleans County, click here.
