HOW TO HOST A YARD SALE

Hosting a yard sale doesn't have to be hard. Here are a few tips, tricks, and strategies to help you succeed.

From Neighbor.com

1 SELL THE RIGHT THINGS

Make sure you're selling quality items. No one wants to buy junk. Plus, only have a yard sale if you have enough to sale.

2 PICK THE RIGHT DAY & PLACE

Most yard sales happen on Saturday mornings. If you don't live in a central location, see if a friend or family member will let you use their yard.

3 CREATE THE BEST SIGNS

Your signs should only have the most critical information: yard sale, address, and time. Put signs on the main road and lead people to your house with more signs. Balloons and bright colors will help your sign stand out!

4 ADVERTISE ONLINE

Most yard sale shoppers will look online. Craigslist is still a popular place to post a yard sale, as is Facebook. check your local online classifieds to post your yard sale.

5 PRICE ITEMS CORRECTLY

Clothes: \$1-5. Jewelry: \$0.5-2. Shoes: \$3-7. Books: \$0.25-2. DVDs: \$2-3. Toys: \$2-5. Dishware: \$0.5-2 a piece, \$5-10 for sets. Small Appliances: \$1-2. Big Appliances: \$3-6. Decor: \$3-7. Furniture: \$10-\$100.

6 MAKE A HAGGLE STRATEGY

Shoppers will try to haggle prices with you. Develop a strategy before hand and know its totally acceptable not to lower your prices. Set a low point and consider pricing your items higher.

7 ACCEPT ALL TYPES OF PAYMENT

Go to the bank and grab a handful of \$10s, \$5s, and \$1s and some change. Most young shoppers will expect you to accept Venmo or a credit card. You can grab a free card reader at Square.com.

8 A FEW FINAL TIPS

- Put everything on tables, not sheets on the ground.
- Use stickers to price every item. This will save you from taking questions all morning.
- Put out a free box for the kids. A toy will keep them occupied while their parents shop.

James E. Miles Beloved husband, father, grandfather, dear friend, educator extraordinaire, Jim Miles of Fairport, NY passed while vacationing in Deerfield Beach on February 17th, 2024. Born April 21, 1942 in Albion, NY. In his pursuit of education Jim began working at The Santa Claus School in Albion. He went onto the University of Albany where he earned his BS in accounting. He quickly realized his true calling was to teach children. So, he attended the University of Rochester and received his MA in counseling. Quickly following was his administrative degree in education from the State University of Brockport. During his time at the U of R, he met and fell in love with the love of his life, Kathy Vinci. Jim was called to serve in the Army National Guard where he served for 6 years. He started his career in teaching and stayed for 33 years in public education at Pittsford Sutherland High School. Over the years students often referred to Mr. Miles as, "Gentleman Jim" because he was so respectful and kind to all who walked into his classroom. He created and developed "The Wegmans Program" which taught students the grocery business while giving practical experience. In 2000, Jim was awarded the distinct honor, National Business Education Association's Teacher of the Year." During that time he taught undergraduate and graduate classes at Monroe Community College and Nazareth University. Jim authored 3 high school textbooks for business and computing classes. His love of education continued after he retired from Pittsford. Jim went to work for ICLE, International Center for Leadership in Education, as a senior consultant. He traveled throughout the United States to train teachers and assist schools for 16 years. Former students and colleagues have referred to Jim as "a legend in education" and left a lifelong impression on anyone whom he met. Jim had many passions besides education. He was a devoted husband to his wife, Kathy, for 57 years. In addition, he adored his daughter, Jenn, and his grandchildren, Finn and Emilene. A little known fact was he collected Santa Clauses (which stemmed from his childhood). Come Christmas time he would decorate his entire home with them, all 600 Santa's. Jim enjoyed gardening and his whole neighborhood appreciated his floral talents. Jim Miles leaves his brother, Jack Miles and sister, Debbie Pahura of Albion, NY, as well as his special Aunt Jane McCormick, many nieces, nephews, and family members whom he dearly cared for. Jim was a loving husband, father, grandfather, friend, and neighbor who will be dearly missed by all who knew him. Celebration of Life will be on March 9, 2024 at St. Louis Church at 11:00 am, 64 South Main Street, Pittsford, NY. In lieu of flowers, please consider a donation to a place close to Jim's heart, Nazareth Elementary School at 311 Flower City Park, Rochester, NY 14615.

Refill with Randy

by Randy LeBaron

Good morning! Grab your favorite cup, fill it up & let's start this day right... TOGETHER!!!

At the end of January 2012, right after my mother had been diagnosed as having a Glioblastoma tumor the size of a softball (aka terminal brain cancer), I received an invitation to grab coffee with Kevin Lemcke, someone who knew all too well what it was like to receive that same news, and ask him any questions I might have. I took him up in his offer and was grateful for his compassion and insight as my family walked through some rough waters over the next few months until mom passing. I am thankful to have forged a friendship with Kevin and privileged to have been his pastor for a number of years when I was at Albion Free Methodist. I continue to minister beside Kevin these days on the Hands 4 Hope Street Ministry Truck and was grateful that we could grab coffee once again so that I could ask more questions and retell his story to you.

On March 7th, 2000, just three days shy of his 30th birthday, Kevin was living in Canandaigua with his wife when he started to feel dizzy and disoriented. After a couple hours he went to the ER where they did some testing only to discover that he had a brain tumor, later diagnosed as Glioblastoma. Just like that Kevin was Mercy flighted to Rochester General Hospital with an initial prognosis of 24 hrs.

After those first 24 hrs. passed by Kevin continued fighting as he had his first of what would be nine surgeries over the next 5 1/2 yrs. as well as starting chemo and radiation treatments. It was an uphill battle to be sure and not only on the physical front. In the midst of his treatments his wife would file for divorce and so in 2002 Kevin moved to Florida where he worked full-time while continuing to get treatments, have more surgeries, and go through gamma knife procedures at Orlando Regional. When I asked Kevin how he could persevere through so much at that time, especially having to go through much of it alone, he stated, "I was too busy trying to survive to feel sorry for myself and I knew I would get through with God's help."

SSNY shall mail a copy of any process against the LLC. served upon him/her to the LLC 14633 Lime Klin RD Albion NY 14411.

Kevin continued to hold onto that hope, based on a faith in Christ that had been instilled in him throughout his entire life, even when his doctors told him in 2005 that there was nothing more that they could do and that he should essentially get comfortable and spend what remaining time he had with his loved ones. While still keeping a positive attitude Kevin did follow the doctors' advice by retiring and moving home to Orleans County to be close to family. In the spirit of not giving up though Kevin continued to seek help through Roswell Park Medical Center and that is when his hope started to take shape.

For those not familiar with this type of brain cancer it is invasive and aggressive meaning that you cannot totally eradicate it with surgery but simply slow it down. Kevin's case was no different as the cancer's "fingers" reached into parts of his brain that would lose function if removed but, thankfully, where his tumor was located made a more

aggressive treatment possible. Having removed the majority of the tumor along with a small portion of his brain Kevin was given a new lease on life. It did come with side effects, such as loss of peripheral vision on one side and narcosis in his joints, but after some more treatments there were no more remnants of the cancer. It should be said though that this particular type of cancer is never considered to be gone and even 16 yrs. later his doctor has never even uttered the word "remission" but checkup after checkup after checkup it has been good news. Kevin only needs to go for an MRI annually now which is pretty amazing! When I asked him what he would tell others who receive a difficult diagnosis he said, "Don't ever give up because God's got a plan we don't even know about."

For Kevin those plans ended up including much more than just an extension of life. In 2007 he started dating, and then 6 months later married, his wife Sheila. The blessings didn't stop there though because, even after being told that because of all the treatments he had received they would never be able to have children, in 2010 their daughter Keira (aka Curly) was born. In addition his girls, which he considers his two greatest blessings, Kevin has continued to pursue God's purpose for his life. He has been Jack Burris' right hand man since the start of Hands 4 Hope Street Ministry, active in his church, and even went to Washington D.C. with me one year as part of Christian's United for Israel. His story almost came to an abrupt end when I fell asleep driving home after while on an 8 Lane Highway but that's another story. The fact remains that not only did Kevin's story not end with his

initial 24 hr. prognosis back in 2000 but continue on 24 yrs. later as he continues to hold onto hope and help others find it whenever possible.

And if you are reading this on Sunday, March 10th, be sure to wish Kevin a very Happy Birthday!!!

See you in 2 weeks!
