ARIES (March 21 to April 19) That anxious feeling disappears with a reassuring gesture from a loved one. In addition, the weekend holds some pleasant surprises for the ever-adventurous Lamb.

TAURUS (April 20 to May 20) A planetary lineup creates unsteadiness both on the job and in your private life. Stay the course, and you'll soon ride out the worst of the unsettling effects.

GEMINI (May 21 to June 20) Leave nothing to chance. You need to get more involved in working out problems at home and on the job. Meanwhile, a Sagittarian offers romantic possibilities.

CANCER (June 21 to July 22) A new relationship suddenly presents unexpected problems. Clear up all misunderstandings now to avoid more serious situations later.

LEO (July 23 to August 22) This is a good time to act on long-delayed projects, both personal and professional. A new job prospect opens up some exciting possibilities. Check it out.

VIRGO (August 23 to September 22) Those on-the-job changes continue to bring new challenges. In your personal life, be more flexible in dealing with a loved one who needs your help.

LIBRA (September 23 to October 22) A personal problem creates

some concern at first, but your prompt attention helps to get things sorted out. Family and friends provide much-needed support.

SCORPIO (October 23 to November 21) A strong positive attitude helps disperse a cloud of negativism around you. A friend reaches out to offer loving support when you need it the most.

SAGITTARIUS (November 22 to December 21) A setback in an important relationship results from a misunderstanding. Forget the finger-pointing and take the first step to set things straight.

CAPRICORN (December 22 to January 19) Keep an open mind about changes in your personal life. What seems unacceptable at first might prove to be otherwise when more facts begin to emerge.

AQUARIUS (January 20 to February 18) It's a good time to start the healing process for bruised or broken relationships. There may be some resistance to a reconciliation, but don't give up.

PISCES (February 19 to March 20) During this period of change, the wise Pisces should avoid swimming in rough waters. Take time for things to settle before making a serious commitment.

BORN THIS WEEK: You are friendly and enjoy good company. You have a fine sense of business and are more likely than not to succeed at whatever you choose to do.

KOVELS® Antiques & Collecting

By Terry and Kim Kovel

Toothpick Holders

Collectibles don't need to be utilitarian. In fact, many of today's collectibles have a purpose that has been lost to time. Toothpick holders, especially from the 19th century, are miniature examples of the beauty of art glass, pottery, porcelain or silver. They often resemble tiny vases or figurines and may sell for lower prices than larger pieces by the same makers.

This porcelain toothpick holder sold at Woody Auction for \$84. The auction describes it as "bag-shaped," but it is an unusual example. Bag-shaped vessels tend to be shaped like upright bags with the opening as the neck. This one is shaped like a bag lying on its side, tied closed, with a gilt-edged "hole" as the top opening. It is decorated with painted sprays of flowers and marked with the initials "J.P.L.," the mark of Jean Pouyat, one of the many porcelain makers in Limoges, France. There is also a complex signature of intertwined letters; likely the mark of the painter. Some porcelain factories in Limoges sold blanks, or undecorated pieces, to be painted by artists or hobbyists.

This Limoges porcelain piece originally held toothpicks. Now, it has found a new purpose, even if it's simply an attractive addition to a collection.

sculpture titled "The Broncho Buster" sold for over \$600,000 a few years ago. Reproductions sell for under \$500. The website of the Frederic Remington Museum in Ogdensburg, New York (FredericRemington.org), has information and a form you can fill out if you think you have an original Remington sculpture.

TIP: Stains on porcelains can be removed by soaking them in a mixture of 2 tablespoons denture cleaner and 1 quart tepid water.

Laidback Golf Tour holds 2nd Tournament of 2024 Season

From left to right are C Flight winner Randy Kenyon, B Flight winner Allen Revis, and A Flight winner Fran Hensley.

The Laidback Golf Tour held its 2nd tournament of the 2024 season Thursday May 2nd at Tuscarora Country Club. As in the previous years of play; Tuscarora continued to humble the field with it's lightning fast mini-verte greens and sand traps guarding them. The course only gave up three rounds in the eighties and two birdies to the field of twelve players. Last seasons winner Fran Hensley and Robbie Revis; both A Flight players carded a birdie each to split the Skins pool.

Allen Revis playing in the B Flight today led all scorers with his no birdie round of 84. It was Allens 1st win of the season. Revis was followed in scoring by last years winner Fran Hensley who won her 2nd tournament in a row in the A Flight ; with an 85. Randy Kenyon claimed his first season win in the C Flight with his round of 90.

Haymore Shatters 100!

CHS Girls Varsity Soccer Defeats Appomattox 6-5 in Overtime

The Chatham High School varsity girls soccer team stands with their 100 goal team captain Delaney Haymore. (l-r) first row ground; Mykaela Logan and Alayna Petty. Second row (l-r) Mikaylah Matta, Taniya Thacker, Kevanna Gibson, Destiny Brown, Aziyah Greene, Parker Boon, Ava Norris, Delaney Haymore, Head Coach Drew Norris, Carys Johnston, Kaitlyn Stowe, Anna Garrett, Adrienne Slatoff, Carmen Royal, Viki Spong, and Elena Eichinger.

Chatham, Virginia - Chatham High School junior Delaney Haymore was recognized for 100 career high school soccer goals following the team's 6-5 win over Appomattox County High School at home on Wednesday, May 1, 2024. Haymore actually scored her 100th goal on Friday, April 26, 2024, in a 9-0 win over Danville's Galileo Magnet High School at Dan Daniel Park.

"She is so selfless," Head Coach Drew Norris, a first year varsity coach, said. "She is the first one to tell you that her teammates provide the structure and support that make it all possible for her."

The 'Goal Machine' didn't slow down against Appomattox. Appomattox allowed Haymore's total goals to climb to 105. After earning an additional four goals, she scored the winning goal off a free kick into the upper right corner of the defender's goal box. She was just over 30 yards out. Haymore earned this 105th goal in overtime with approximately 1:30 minutes left in play. For much of that contest, Appomattox would put three, four, and even five players against Haymore just to contain her.

"They are a hard team," Haymore said of Appomattox. "We knew Catey (Catey Paulette #4 Appomattox) was really good."

Chatham's Appomattox win makes it only the third time Chatham varsity girl's soccer has beat Appomattox County. Appomattox has dominated their matchups for years.

Learning about the 100th goal recognition was a surprise for Haymore, a three year team captain.

"It's exciting!" Haymore said. "Without them (pointing to her team) I would not have done it. Not just this year, but the previous three years everybody has been great. I'd like to thank my coaches Drew, Jerry (Dowdy), and Libby (Boon) and all their hard work this year," Haymore said.

"She is an absolute joy to coach and we are all so proud of her," Norris said.

The CHS girl's varsity soccer team is currently 8-1 on the season.

The Chatham Girls varsity soccer team congratulates #13 Delaney Haymore and her success in scoring a 100th goal in soccer in her junior year.

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

1 1/2 cups flour

* Buff spots off of silver with toothpaste. Rub gently with a soft cloth, rinse and dry.

* Keep your dishcloths and sponges germ-free and smelling sweet. Once weekly soak them overnight in a few cups of water to which you've added a tablespoon or so of bleach. It will keep them from developing that mildew smell.

* "To keep mixes from bunching up on the beaters of my mixer, I spray them with a little canola oil right before mixing. It isn't enough to affect the recipe, but it helps them do a better job, I think. And I don't have to stop the mixer so often to scrape the dough from the beaters." -- R.V. in Oklahoma

* To clean tea-stained cups, use a couple of drops of dishwasher detergent. Stir and let set, then scrub out. It should wipe right out.

* "If there's a lot of burned-on food stuck to your pan, just add water immediately after cooking, then stick it in the oven (if oven-safe) at a low temperature for a little bit. It will soften the food, and you can clean it much easier." -- U.A. in Montana

* "Save larger envelopes in which you receive mail. You can reuse them by gluing or taping a new label on the front. You can close them with packing tape. Some of these envelopes are expensive." -- T.G. in South Carolina

Strange BUT TRUE

By Lucie Winborne

* Forget "hair of the dog" -- a banana milkshake sweetened with honey is one of the best ways to cure a hangover. The banana helps calm the stomach while the honey builds up depleted blood sugar levels.

* If you sign up for the National Do Not Call Registry, anyone who places a sales call to your number can be fined up to \$40,654 per call.

* Asian hair grows 30% faster than Caucasian hair.

* The rainbow eucalyptus tree sheds strips of bark as it grows, revealing a green inner layer that changes color over time, taking on vibrant blue, purple and orange hues.

* Java junkies, did you know that when coffee spread from Arabia to Europe, some people called it a "Muslim drink" and wanted it banned? Fortunately, it became widely accepted when the Pope tried a cup and liked it enough to declare it a Christian beverage.

* In much of the U.S. it is illegal to buy a new car directly from the manufacturer.

* Japanese scientists successfully created an MRI machine that can record dreams and reconstruct them for you to watch while you're awake.

* In 1818, the U.S. began building a fort near the New York-Quebec border to defend against invasions from Canada. After two years they realized the fort was actually on the Canadian side. The abandoned project was appropriately named Fort Blunder.
