**Q.** When is "Yellowstone" coming back for its final season? I don't watch any of the spin-offs. I'm just waiting for the original show to return. — A.W.

**A.** The wait is almost over for the second half of the final season of "Yellowstone," which last graced our screens in January 2023. The delay can mostly be attributed to the writers' and actors' strikes, but there was also a major dispute between the show's creator Taylor Sheridan and star Kevin Costner that most certainly was a factor. Fortunately, the Paramount Network has announced that production on the remainder of the season has begun and that you should expect to see those some time in November of this year.

There is a spin-off in the works that will continue to tell the Dutton family saga with current cast members Kelly Reilly and Cole Hauser and none other than Academy-Award-winning actor Matthew McConaughey ("Dallas Buyers Club"). The yet-to-be-named spin-off is expected to premiere on the Paramount channel in December and start streaming on Paramount+ soon after.

As for Costner, he knows his audience is. He starred and directed the Oscar-winning film "Dances with Wolves" and has done the same for the upcoming two-part western film "Horizon: An American Saga," which recently earned a 7-minute standing ovation at the Cannes Film Festival.

**Q.** Since Steve Carell has said he won't appear in the upcoming new version of "The Office," is he going to keep acting in movies instead? — J.S.

**A.** Like many versatile and talented actors in Hollywood today, Steve Carell seems to enjoy acting in a mix of series and films. Unfortunately, his last series with Greg Daniels, "Space Force," just didn't gel with audiences, and it was canceled after two seasons. Now Daniels is creating a new version of his hit series "The Office" with an all-new cast.

This leaves Carell available for more series work. First up, he's reteaming with his "Date Night" co-star Tina Fey in the upcoming Netflix series "The Four Seasons." He also just inked a deal to star in an upcoming HBO comedy series creat-

ed by Bill Lawrence ("Scrubs"), which is "set on a college campus, centering on an author's [presumably Carell's character] complicated relationship with his daughter."

Amy Gravitt, executive vice president of HBO & Max comedy programming, excitedly released the following statement: "The combination of Steve Carell and Bill Lawrence promises to be full of great laughs, warmth and charm. We're thrilled to be the home for this long overdue collaboration."

**Q.** Who is the actress playing Amy Winehouse in the new movie about her? Also, did she do her own singing, or did she lip-sync over Amy's vocals? — K.S.

**A.** Marisa Abela ("Industry") stars in the new Amy Winehouse biopic "Back to Black," directed by Sam Taylor-Johnson ("Fifty Shades of Grey"), and yes, she did her own singing. The actress took singing lessons daily for four months in order to sound like the bluesy Brit.

"Back to Black" was released in theaters on May 17 and will be available for streaming at a later date.

Saving the Memories

Many of us have created our family tree, hoping to leave something to the generations that will come after us. Having a list of the names of our ancestors and all their important dates is valuable, especially if you have a budding genealogist coming up through the ranks in your family.

But we can leave them more than that. We can leave them our personal history, our life story.

If this is a project you'd like to consider, there are several ways to proceed.

You can acquire an old-school cassette tape recorder, a stack of cassette tapes, and start talking. Label them as to the date you made the recording and the general topics you covered on each one.

You can go more high-tech and use the recording feature on your cellphone. Be sure you know how to save and backup the file.

If you prefer to use a computer, you can type your information, save the files and make backup copies, even printing out the pages. With typed pages you can make a memory book, including photos pasted onto the pages.

The hard part for many of us will be what to talk or write about. What will future generations care to know about us and the life we've lived?

You might start by flipping through your photo albums and making a list of potential topics. Pull out your scrapbooks to jog your memory.

A partial list of topics to consider: beloved pets, living through tough times, awards you've won, elderly relatives you remember, important people you've met, your first car, where you met your spouse, fads from high school, the scariest moment of your life, best vacation, a childhood toy, inventions that have come in your lifetime, the first place you ever lived, the dumbest fashion you ever wore, the person who had the most influence on you, etc.

\* If you keep aloe around for soothing your skin after being out in the sun, take this tip from J.C. in Florida: "Keep aloe in your fridge; it keeps it cool, and it feels even more refreshing."

\* Want to eat more fruits and veggies? Keep pre-cut fruit and easy veggie dippers like carrots, bell pepper strips and celery at eye level in see-through containers in your fridge. The more you see it, the more you will eat it.

\* WEDDING TIP: To create a beautiful garland for banisters, use white or light-colored tulle, draped in sections and gathered with a lovely bow. Twist the tulle around a string of clear lights for an even more dramatic effect.

\* To create an easy resting mat for toddlers, sew three pillowcases together in a row along the long end. When needed, stuff three pillows in, and it creates a long mat, suitable for naptime or TV time.

If you rent and can't paint, you can purchase large squares of smooth pressboard at a building supply store and paint those. Then just mount them to the wall using mirror clips. ## Floating Taco Bowls with Crazy Delicious Creamy Lime Dressing

### INGREDIENTS

#### Tacos:

- 1 ½ pounds lean ground beef or ground turkey
- ½ cup chopped onion
- 2-3 cloves garlic, finely minced or 1 teaspoon garlic powder
- 1 can (6-ounces) tomato paste
- 1 can (15-ounces) tomato sauce
- 3 cups chicken broth, I use low-sodium
- ½ cup long grain, basmati, or jasmine white or brown rice
- 1 can (15-ounces) black or pinto beans, rinsed and drained
- 1 tablespoon chili powder (see note)
- 2 teaspoon ground cumin
- 1 teaspoon salt
- ½ teaspoon paprika, smoked or sweet
- ½ teaspoon dried oregano
- ¼ teaspoon black pepper

#### Creamy Lime Dressing:

- 1 cup buttermilk
- ½ cup mayonnaise
- 4 ounces cream cheese, light or regular, softened to room temperature
- ¼ cup fresh cilantro, more or less to taste
- 2 tablespoons fresh lime juice
- 1 teaspoon salt
- ½ teaspoon onion powder
- ½ teaspoon garlic powder
- Pinch of black pepper

#### Toppings:

- Corn chips, lightly crushed
- Shredded cheese
- Chopped lettuce
- Chopped tomatoes
- Sliced olives
- Sliced or chopped avocados

### INSTRUCTIONS

Stovetop Directions: In a deep 12-inch skillet, electric skillet, or saucepan set over medium heat, cook the ground beef or turkey, onion, and garlic with a pinch of salt and pepper. Break the meat into small pieces as it cooks; continue cooking until the meat is no longer pink. Drain excess grease and return to the heat.

Add the tomato paste, tomato sauce, chicken broth, rice, beans, chili powder, cumin, salt, paprika, oregano and pepper. Stir well to combine. Bring to a simmer and cook for 30-35 minutes until the rice is tender. Stir often and moderate heat to prevent sticking.

Slow Cooker Directions: brown the ground beef or turkey, onion and garlic the same as in step #1 above. Transfer the mixture to a 5-quart or larger slow cooker. Add the tomato paste, tomato sauce, chicken broth, rice, beans, chili powder, cumin, salt, paprika, oregano and pepper. Stir well to combine.

Cover and cook on low for 4-5 hours or on high for 2-3 hours.

For the dressing: combine all the ingredients together in a blender and process until smooth. Serve the taco meat over crushed corn chips. Top with shredded cheese, lettuce, dressing, and any additional toppings your heart desires (like, tomatoes, olives, avocados, etc).
