FireFish Arts does so much more than the festival!

At FireFish Arts we are excited that each year more and more community members, artists, and youth work with us to create our events and programs. For many years, our work has centered around our annual free community

art, music, and fire festival. During the FireFish Festival downtown Lorain becomes interactive with live artwork. Creating something magical, accessible and positive for the people of Lorain. Downtown transforms into an arts mecca of art installations, pop-up art galleries, music, and performances across genres, cultures, and ages.

This year's FireFish Festival takes place on Saturday, September 21st in downtown Lorain!

The FireFish Festival showcases the very best of our local community art (visual, performance, music), as well as art created by community members and youth working alongside professional artists. The highlight of the Festival is its fiery finale: a parade and celebration of performers, community artists, and community youth that leads to the spectacle performance - the ceremonial "Burning of the Fish".

Do you know that FireFish offers more to the community beyond the festival?

Our programs go on all year long with many workshops and events happening during the summer. All our community programming is free, ensuring that all Lorain residents can access amazing arts and culture experiences within their community and neighborhoods.

FIREFISH ARTS FROM PAGE 2

June 7th, July 5th, Aug 2nd, and Sept 6th (FireFish Festival Preview Night).

FireFish Arts mission is to enhance arts, cultural, civic, and economic development in the city of Lorain. At our core, we use arts and culture as tools to engage our community in positive change. Our programs ignite the creative spark among artists, community members, youth, entrepreneurs, and innovators.

We now live our mission year-round!

- **Youth SPARKS! arts programs** provide out of school enrichment, creative cultivation, and leadership opportunities for the youth of Lorain.

- **Arts and performance events** including Fire It Up! First Fridays.

- **Arts partnerships and public art projects**, including work with multiple non-profit agencies and the City of Lorain, including the "We All Walk Together" asphalt art mural in South Lorain. The three

large butterfly sculptures designed by artist Ryan Craycraft in the Marie Bonnaminio Butterfly Garden in downtown Lorain. And The Alley Project: Broadway's Back Door, an alley of art in downtown Lorain from 5th to 6th Street.

We proudly give stage at our events to community and youth artists and performers from Start with Art, Mad Factory, North Pointe Ballet, Rock Town Academy, and Grace Covenant Church. Other partners include the Aces Youth Program, Lorain County Public Library, Lorain County Community College's Fab Lab, El Centro/231 GO! Youth Program, Episcopal Church of the Redeemer, Main Street Lorain, Art in the Park, and the Lorain Historical Society.

We hope that you and your family will join in the FireFish fun at one of our events this summer, and of course at the annual FireFish Festival on September 21st.

Join us for Main Street Lorain's exciting June 'Second Saturday' in Downtown Lorain!

Explore Broadway and discover special offers from our beloved small businesses, indulge in delicious treats from local vendors or grab fresh veggies from Solidarity Urban Farms! Groove to the rhythm of live music. With activities for kids and adults alike, 'Second Saturday' is the perfect opportunity to support our community, connect with neighbors, and celebrate all that makes Downtown Lorain so special.

Outdoor Activities Ideal For Summertime

Summer can be a magical season full of fresh air, warm days and nights, blooming flowers, and plenty of opportunities to spend time in the great outdoors. There are so many ways to fill summer days, and people are urged to maximize time spent outdoors during this time of year. Since the sun's rays can be particularly harmful between the hours of 10 a.m. and 3 p.m., protective clothing and sunscreen is recommended during this time; otherwise, people can engage in outdoor activities during times when the sun is less potent.

Those seeking some summertime recreation inspiration can consider these activities.

- **Family bike ride:** Explore trails or bike paths in the area in advance, and then prepare bikes for an excursion. Bicycle riding is a great cardiovascular activity that people of all ages and fitness levels can enjoy. Try flat paths for beginners, and then build up the length and intensity of rides as experience is gained.

- **Day at the beach:** Some attest there is no more perfect place than the beach on a summer day. The waves lapping the sand, the birds calling in the air, and the sounds of children's laughter and sunbathers' chatter all combine to create a relaxing seaside

symphony. According to WebMD, the negative ions given off by the ocean can improve mood and add to the calming effect the beach provides.

- **Backyard obstacle course:** Construct an obstacle course in the backyard that everyone can try. It can include having to jump through tires; climb a jungle gym; run through a sprinkler; and crawl under a low-hung clothesline. Family members can compete to see who can finish the course in the least amount of time.

- **Walk a boardwalk:** Those lucky to live near a coast can spend an afternoon or evening strolling the boardwalk, enjoying the various fare and fun activities offered. Many boardwalks have games of chance and small rides for kids. Adults may enjoy the restaurants, bars and shops.

- **Hike:** In a survey of Americans 18 and older conducted by the National Recreation and Park Association, nearly 50 percent said going for a walk or hike was their favorite outdoor summer activity. Hiking requires very little to get started and can produce numerous opportunities to witness nature and get some exercise.

There's no limit to the ways people can enjoy the great outdoors when the weather warms up.

FireFish Arts Summer Apprenticeship Opportunity for Creative Teens

SPARKS! is FireFish Art's brand-new arts centered STEAM program for Lorain youth. Our programs for youth in grades 3 - 8 focus on our city and the broader world around us, the cosmos, and dreams for the future. Our teen apprentice program expands on those themes and emphasizes the development of leadership and entrepreneurship skills and 21st-century career skills including creativity, collaboration, communication in a real-world creative arts environment.

SPARKS! teen apprentices will work alongside FireFish artists and staff to assist with all aspects of our summer FireFish Program, including the annual FireFish Festival by:

- Creating art, lanterns, costumes and more for the FireFish Festival.
- Working with community

members and youth on FireFish summer projects.

- Assisting with youth programs.
- Working with artist Danny McNamara to design and create the 2024 FireFish itself - including art, community stories, and more.

This 8-week apprenticeship offers a stipend and includes 20 hours of work weekly from June 17 - August 9, 2024 -- with additional

apprentice opportunities during the remainder of August leading up to the September 21 FireFish Festival. Regular weekly workdays are from noon - 8pm on Monday and from 10 am - 4pm on Tuesday and Wednesday. The schedule may vary at times due to FireFish events.

Designed to help teen art students develop portfolio-ready artwork across media and reach the next level, apprentices will work in small groups using specific media to develop their skills and techniques and can explore and elaborate in their work. Utilizing the Design Thinking process, this experience emphasizes skills development and creativity in an art studio atmosphere free of judgment but full of encouragement - and fun. Skills training includes work with

digital fabrication tools including laser cutters, vinyl cutters and more.

SPARKS! Teen Apprentices must be high school students currently enrolled in the arts, digital design, writing, or some other creative endeavor - or those interested in learning and experimenting. Those wishing to apply must fill out an application and provide a reference that can tell us about the student, their art/creative skills and work, and work ethic. This reference cannot be a family member or friend, but could include an arts teacher, counselor, or other adult that knows you well.

For an application or additional information, please contact Joan Perch at admin@firefisharts.org. The application deadline is June 5th.
