TIPS TO ACE THE INTERVIEW AND LAND THE JOB

1

KNOW YOUR SKILLS AND STRENGTHS

Be able to talk about your strengths, most proud accomplishments, areas of interest, personal values, areas for development.

2

RESEARCH, RESEARCH, RESEARCH

Research the company, the position and your interviewer to be able to talk about them in-depth during the interview.

3

MASTER THE PHONE INTERVIEW

Enunciate clearly, talk slowly and go to a quiet place where you can concentrate and listen well.

4

PRESENT YOURSELF WELL

First impressions are formed by 7% of what you say, 38% of your eloquence and confidence, 55% how you dress, act and walk through the door.

5

PREPARE QUESTIONS TO ASK

Interviewing is a two-way street. What is important for you to know about the workplace, role, team? Be sure to ask those important questions.

6

PREPARE YOUR ANSWERS

Your answers need to prove your skills and knowledge, aptitude for success in the role, and personality "fit" in the company.

7

USE THE S.T.A.R METHOD

A good answer to behavioral questions includes stating the situation, task, actions, result.

8

ASK FOR THE JOB

Examples: Do you have any remaining concerns? What are the next steps? How do you see me fitting in with your company?

9

FOLLOW UP

Be sure to get your thank you note out in less than 24 hours. The sooner the better. If things drag out, check in periodically.

National Health Center Week - Highlighting Oak Orchard Health's Impact on the Community

by Karen Kinter, CEO, Oak Orchard Health

National Health Center Week (August 4-10) is a time when we celebrate, and increase awareness of, America's 1,400 Community Health Centers (CHCs) that serve 31.5 million patients annually across nearly 15,000 communities. Oak Orchard Health (OOH) is a Federally Qualified Health Center (FQHC) and has nine health centers in the Genesee, Monroe, Orleans, Steuben, and Wyoming Counties. We continue to grown over the years, in 2019 we served 23,399 patients and have grown to over 31,602 in 2023. We truly value the trust our patients have in our health center.

IMPACT OF OAK ORCHARD HEALTH IN OUR COMMUNITY

Beyond offering essential medical, dental, and behavioral health services to all, regardless of insurance status, OOH significantly contributes to our local economy. In 2022 alone, OOH injected \$67,765,000 into the community and fostered the creation of 520 local jobs. Moreover, the center's employees, by spending their earnings locally, further amplify this positive impact. It's a mutually beneficial arrangement for our community!

WHAT OUR PATIENTS SAY

We greatly value feedback from our patients, as it helps us better understand their needs and enhance the care we provide. A heartfelt thank you to all our patients who take the time to complete our surveys.

Here are a few heartwarming comments from our incredible patients:

- "Doctors are always kind and attentive, truly listening to what you have to say."
- "Oak Orchard Health's staff is exceptional, going above and beyond to assist their patients. I am immensely grateful for them!"
- "The office staff is friendly, and my doctor explains things thoroughly. I've been a loyal patient here for a long time."
- "Our local, fully staffed medical facility delivers excellent service with top-quality medical equipment. Without funding, small communities would lack essential services."

Thank you for being part of our Oak Orchard Health community.

NATIONAL HEALTH CENTER WEEK: POWERING COMMUNITIES THROUGH CARING CONNECTIONS

At Oak Orchard Health we'll be celebrating National Health Center Week (NHCW) in a variety of ways from August 4-10.

Tuesday, August 6th is Agricultural Worker Health Day. Our roots run deep in the agricultural community. Oak Orchard started by caring for farmworkers. During NHCW we will reach out to our patients and deliver items that will help keep farmworkers safe while they work to put food on our tables.

We'll be visiting farmworkers this day and giving out helpful items such as first aid kits, sunscreen, etc.

On Thursday, August 8th at 2:00 PM, join us for a Ribbon Cutting at the Albion Wellness Center. We're celebrating the expansion of our Behavioral Health program for children and adolescents. Dr. Goetz, who dedicated over 45 years as a pediatrician at Oak Orchard, will be in attendance, along with Assemblyman Steve Hawley and many community leaders.

Dr. Goetz played a pivotal role as an early advocate for this program. Collaborating with Oak Orchard's Robin Govanlu (Chief of Behavioral Health), Dr. Danielle Mead (Chief Medical Officer), and the Western Monroe County Child and Adolescent Behavioral Health Coalition, they developed this vital initiative. Recognizing the increased need for children's behavioral health services post-pandemic, we're committed to swiftly connecting our young patients to essential mental health care.

As part of this commitment, Oak Orchard Health will expand child and adolescent behavioral health services at both the Brockport Health Center and the Albion Wellness Center

Saturday, August 10th at the Brockport Arts Festival we'll be highlighting Health Center Week's Children's Wellness Day. We'll have the Teddy Bear Clinic, games, and giveaways available for the youngsters who stop by with their parents and guardians. We'll also have the Mobile Medical Unit there which goes to community organizations and provides medical and mental health services. Stop by to learn more about our services for children.

We take pride in being an integral part of the community health network. This affiliation empowers us to deliver top-quality care and essential services, addressing barriers that may otherwise prevent individuals from accessing medical, dental, and behavioral health services. To schedule an appointment or learn more, please reach out to us at (585) 589-5613.

Join us for the
Ribbon Cutting Ceremony at the
Albion Wellness Center
on August 8th at 2:00pm

DO YOU HAVE HEEL PAIN OR ARCH PAIN?

Heel Spur Syndrome/Plantar Fasciitis is a common problem among people who are active. It starts as a dull intermittent pain in the heel and progresses to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.
- Contributing factors: Flat pronated feet, high arched feet, poor shoe support, increased age, sudden weight increase, increased activity level, family tendency.
- 95% of our patients' symptoms are resolved with conservative treatment, avoiding surgical intervention.
- We also offer surgical procedures with the best post-op success rates using Endoscopic Plantar Fasciotomy techniques (minimal incisions and scarring; often back in a shoe in 1 week).
