Celebrating area nonprofits with the Berrien Community Foundation

Berrien Community Foundation (BCF), the area's premier philanthropic organization, held their 72nd annual meeting and celebration last night and awarded \$269,000 in grants to non-profit groups and community members for their work in Southwest Michigan.

At the event held Wednesday at the Mendel Center's Grand Upton Hall at Lake Michigan College, the BCF gave five major awards: Alamar Nonprofit Sustainability Grant, Carolyn's Kids, The Stephen E. Upton Love Your Community Grant, Golden Acorn Volunteer Award and Golden Acorn Excellence Award.

"We are celebrating a year of exploring innovative solutions to challenges we've experienced and seen right here in Berrien County," said Berrien Community Foundation President Lisa Cripps-Downey. "If we couldn't go over an obstacle, we figured out how to go under, around or through it. Our successes and the successes of our nonprofit friends are what we celebrate at our Annual Meeting & Celebration."

BCF leaders announced new programs including micro-loans and an urgent needs scholarship fund. The BCF/Emerge Micro-Loan Program is a new micro-loan program partnership available to entrepreneurial businesses working with Emerge Innovation Hub. The program is the first initiative in Berrien Community Foundation's Local Impact Investing efforts.

The Berrien Community Foundation also announced the launch of the Urgent Needs Scholarship Fund. Through a partnership with local donors, and a donation from the Baird Wealth Management Charity Golf Outing, the fund will help students "when life happens."

The following are a summary of last night's awards with descriptions provided by BCF.

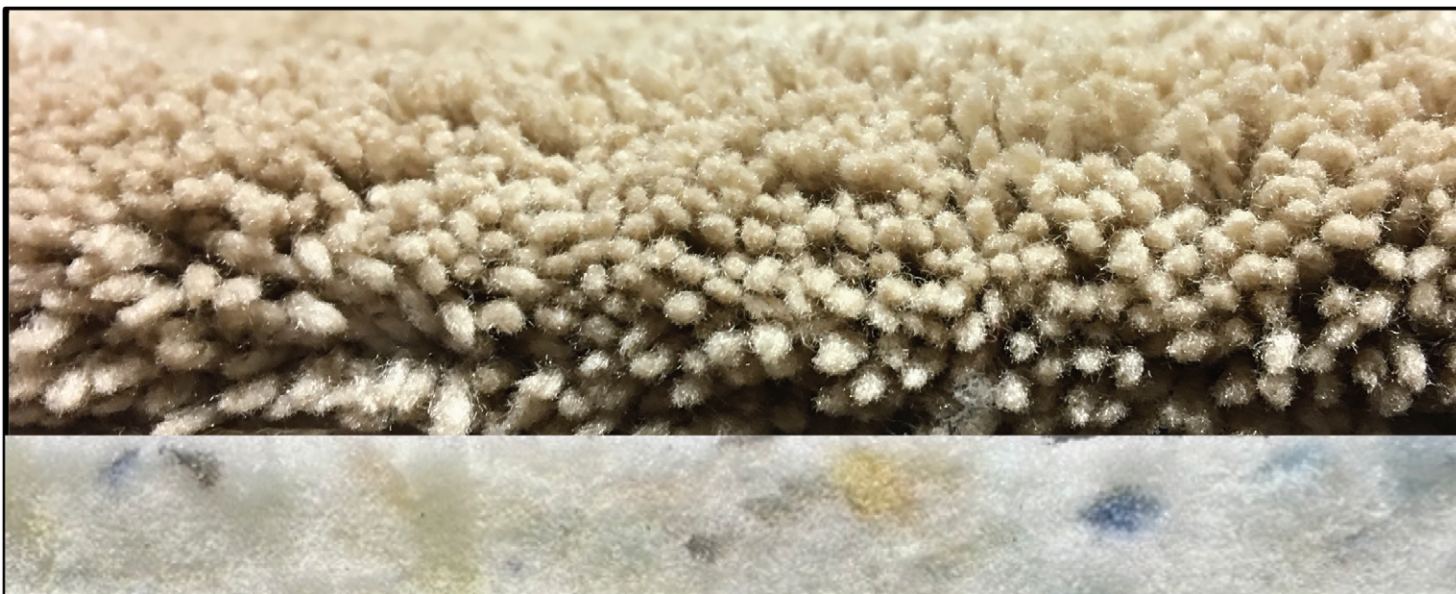

Alamar Nonprofit Sustainability Grant

The \$75,000 Alamar Nonprofit Sustainability Grant supports nonprofits as they seek creative ways to take care of their employees and find organizational sustainability. The grant is paid out over three years.

Court Appointed Special Advocates of Southwest Michigan, Inc. (CASA) received the 2024 Alamar Nonprofit Sustainability Grant.

CASA will invest in its staff and volunteers' mental health through regularly provided training, consulting, and coaching on secondary traumatic stress and burnout prevention. CASA serves some of the region's most vulnerable children – those who have been removed from their homes due to abuse, neglect or other adversity and placed in the foster care system.

A carpet can feel *luxurious...* only if you get the right pad.

The right carpet pad is called "white pad" though (as above) some have scattered light colors. The 3/8" to 7/16" thick memory foam bounces back from traffic, cuts energy loss and dampens traffic noise.

The best is hypoallergenic and has a spill-guard coating to keep wine, soda or pet problems from penetrating for two weeks. (Who never spills anything on carpet?) FloorArt stocks three levels of this 8-pound density white pad. (Not light, re-bonded pad of "who-knows-what".)

White pad lets carpet roll-ends fulfill their luxury wear promise. A roll-end is the last 40 to 50 feet of a carpet run. At FloorArt that's the best of Shaw carpets. Strong low pattern loops, cushy plushes, and tight weaves for traffic in colors and neutrals to fit our dunes and forests.

A roll-end will do two or three rooms at a competitive price because Shaw sells them to reserve space for their miles of full carpet rolls. So, when you pair a Shaw roll-end with a spill guard coated white pad you get a room that is beautiful, comfortable and easy to care for.

Only at FloorArt.

Be proud of your floor.

Skin Rehab: Recovering from Summer's Toll

Although summer has drawn to a close, this year has truly been exceptional, giving us plenty of opportunities to bask in the sun, relax on the sand, and appreciate the shores of Lake Michigan. As you glance in the mirror, you may see reflections of a life beautifully lived by the lake. In all the fun, perhaps you overlooked reapplying sunscreen, resulting in visible dark-pigmented spots and deeper lines. While the sun nourishes our souls both mentally and physically, it can also be harsh on our skin. Over time, repeated sun exposure, along with lifestyle choices and genetics, can lead to dark spots, wrinkles, and even skin cancers.

The good news is that lasers and other energy-based devices significantly improve skin concerns with surprisingly little downtime. Medical lasers use the power of light with laser precision to create a "controlled injury" to the surface of the skin. The energy from the light creates heat which penetrates

below the surface of the skin to "injure" the collagen. This signals the body that it is time to repair and heal the injury that has been created. As old skin flakes away, new skin cells are produced on the surface of the skin creating a smoother and refreshed appearance. The activity below the surface of the skin causes the body to produce collagen and elastin, the building blocks of our skin and soft tissue structure.

Broad Band Light (BBL) is another laser treatment that doesn't visibly injure the surface of the skin but directly treats dark pigment (sun spots) causing it to come to the surface and flake off.

RF microneedling harnesses the power of radio frequency energy to also lift pigment and resurface skin with little or no downtime.

Confused? Don't worry. Meagan Olson, our laser and skin expert, is the area's most experienced laser esthetician with 18 years of experience in skin resurfacing and rejuvenation. She will help guide you to the perfect treatment for your skin.

Sun damage isn't something you have to live with, call our office for your complimentary consultation and find out how your skin can look refreshed again. Mention this article using code LASER20 and save 20% on your first treatment with Meagan.

Finger Flickin' Good

I am way WAY away for a bit – I'll explain later. In the meantime, here's a gently pre-owned column for you!

No. 5 son (age 14) and his friends are all atwitter about a "new" pastime they've recently discovered: "Paper Football"

You're probably familiar with Paper Football, and yet, I must explain it. Because there's an iron-clad, inescapable and irrevocable rule of journal-

ism that states: "Always explain everything, especially if you're getting paid by the word."

Paper Football is a game that uses a sheet of paper as a football. Of course, a sheet of paper bears no resemblance to the oblate spheroid used in tackle football. So, to improve its aerodynamic properties, the paper is folded, fold upon fold upon fold, until it achieves a roughly triangular shape.

Then the object is to flick the "ball" across a table with one of your fingers until it pokes your opponent in the eye. Barring that, the next best thing is for even a single molecule of the triangle to protrude beyond the edge of the table. This means you've scored a "touchdown," and can then try to "kick" an extra point that – hopefully – hits your opponent in the eye. After, of course, clearing the "goalpost" that your opponent forms with his hands, both of which he holds in the shape of a capital "L," much like the symbol for "Loser," which you are trying to make him.

No. 5 apparently plays a lot of paper football with his friends at school. I keep expecting him to come home with some woeful tale about paper football ruining friendships. I worry about this because paper football could get mighty competitive back in my youth. Games would sometimes deteriorate into pure brutishness, with my scrawny unprotected fingers being unexpectedly and illegally "tackled" in the middle of a flick by the iron fists of an opponent. This usually happened when I was way ahead, and, perhaps somewhat inconsiderately, comparing my opponent's paper football skills unfavorably to those of an elderly, if not deceased, female relative, i.e., his great-great-grandma.

At least paper football gives No. 5 some respite from the labors of freshman year. I'm tellin' ya, they really pile on the homework! Or so I thought, when I tried lifting his backpack the other day; it weighed more than he does! Turned out it contained over 3,700 paper footballs.

www.MailMaxOnline.com
Apparently when he's not involved in a game, No. 5 spends all his free time manufacturing new balls. He claims he's selling them, quite successfully, at a dime apiece. Although he made me promise to keep quiet about it, so the IRS doesn't come after him for sales taxes.

I noticed he uses two distinct types of paper for his footballs. He prefers clean white copy paper, which explains why my printer tray is always empty. But when that's not available, he says he's got a reliable source of old worthless scraps to fall back on. Upon closer inspection of his "worthless scrap" balls, I discovered they're made from clippings of my MailMax columns!

So tonight, I'm going to trounce him in paper football so badly that his great-great-great-GREAT grandma will hear him bellowing. And if I lose, well, I have a hunch he'll be hearing from the IRS.

Upcoming Events

As we wrap up our final week in September and the first week of Fall, things are continuing to happen all across the community. BIG things to be exact!

On **Tuesday, October 1st, at Noon**, there will be a special announcement at the **Lake Michigan College Hanson Technology Center** regarding the **Berrien Talent Collaborative**. Readers are all cordially invited to attend the

announcement. Earlier this year, the **Berrien Regional Educational Service Agency (Berrien RESA), Lake Michigan College, the Southwest Michigan Regional Chamber of Commerce, and the Greater Niles Chamber of Commerce** came together to form the **Berrien Talent Collaborative** - a first of its kind partnership that bridges the gap between students and businesses to create apprenticeship opportunities in the community. Based out of the **Bertrand Innovation Center, formerly known as Lake Michigan College's Bertrand Campus**, this initiative opens up the types of apprenticeships to almost every single business out there, helps the talent gap that is currently in the market, and allows the younger generation to get a head start on their careers.

The October 1st event will include a check presentation by **State Representative Joey Andrews (D-St. Joseph)**, who helped secure **\$500,000** in funding from the **State of**

Michigan to help get the program started. We will also be doing a special ribbon cutting ceremony and a press conference to discuss the impact of the program moving forward.

The following week, we have two ribbon cuttings for businesses that recently went through significant expansions of their businesses.

First up is the celebration of the **South Shore Health and Racquet Club's new indoor Pickleball courts on Monday, October 7th from 4:30 - 6:00 p.m.** The public is welcome and encouraged to join! South Shore staff will be available to teach individuals how to play or play with those familiar with the sport. The 30,000-square-foot addition, built specifically for Pickleball, was completed in late summer and officially opened for play on September 21st.

Established in 1976, by St. Joseph businessman, **Jack Kinney** and friends, the club

has grown to include indoor and outdoor tennis courts, indoor racquetball courts, a 15,000-square-foot fitness area, an outdoor basketball court, indoor basketball hoop, swimming pool, whirlpool, steam sauna and more. They also offer an array of classes, lessons, personal training programs and leagues.

Today, Jack's granddaughter, **Sarah Lancaster**, and her husband **Jake**, proudly represent the third generation of ownership at South Shore, having acquired the property from Sarah's parents, **Jackie and Tony Monte**. Their deep understanding of the community's needs and their members' preferences was the driving force behind this latest expansion. So much so that they are the first fitness center owners in Southwest Michigan to add dedicated indoor Pickleball courts, the \$2 million addition includes eight courts and a lounge area and bar.

Additional local support for the project came from **Pearson Construction** of Benton Harbor, **Beaudoin Electrical Construction** in Sodus, **Cornerstone Alliance**, **TMPR** in Buchanan, and **St. Joseph Charter Township**.

Speaking of the Monte family... For nearly 100 years, **Monte Package Company** has played a key role in helping farmers and produce packers all across the world stand out against their competition by providing quality produce containers and packaging options.

Offering America's largest line of pro-

duce specific containers, Monte Package's roots date back to 1925 in **Hagar Township** in the community of **Riverside**, right in the heart of Michigan's diversified fruit belt. The Monte family saw this location as an ideal spot as it provided them with constant information regarding grower's packaging requirements as well as industry trends across the nation.

Having recently completed a nearly \$2 million dollar investment into the community to construct a new headquarter office, which will serve as the central hub for Monte's administrative and managerial offices, the Southwest Michigan Regional Chamber will host a special ribbon cutting ceremony for the new 6,500-square-foot space at **3810 Riverside Rd** on **Wednesday, October 9th at 4:00 p.m.** The public is encouraged to join and celebrate the growth and continued success of Monte Package Company as they cement their legacy in Southwest Michigan.

We hope that you'll be able to join us for one, two, or all of these exciting events. Remember, great things are happening in Southwest Michigan! Interested in learning more? Visit our website at smrchamber.com or reach out to me directly: sspoonholtz@smrchamber.com or 269-932-4040.

"CASA of SWMI recognizes that our volunteers go above and beyond a traditional volunteer role," said Kate Rendell, CASA executive director. "We feel it is our responsibility to them to provide them and our staff with the best training, tools and skills to navigate the tough situations and subject matter they are exposed to."

This means reduction in work-related stress and anxiety, which often relates to improved physical health, sleep quality and work-life balance, as well as boosting confidence, job performance and retention.

Last year, 50 trained volunteers served 158 abused and neglected children in the foster care system by learning their stories and advocating for their best interest in the courtroom and meetings.

Carolyn's Kids

The Carolyn's Kids grant program awarded a total of \$140,000 in grants to support the needs of children.

With their \$50,000 Carolyn's Kids grant, Tri County Head Start (now Flowers Early Learning) will transform their current play area into a nature-inspired playground that includes water features, garden, slide, drums, tree house, trike track and much more. Tri County Head Start said science suggests children learn best when all their senses are engaged, and natural playgrounds are innovative, exciting, educational and provide a multi-sensory experience.

Boys & Girls Club of Southwest Michigan received a \$50,000 Carolyn's Kids grant to support the career training and exploration program – Workforce Development Framework – for K-12 students.

This program ensures that all club members have the skills, knowledge and self-awareness they need to plan and build a viable career. Boys & Girls Club of Southwest Michigan club members explore and match possible careers with their strengths; they develop social and emotional skills and, for the older children, provide work-based learning experiences.

First Congregational Church UCC Saint Joseph's Bear Packs weekend meals program received a \$40,000 Carolyn's Kids grant to address food insecurity and childhood literacy in Saint Joseph Public School students. Funds will help over two years to purchase food, books and supplies to continue to provide supplemental weekend nourishment to Saint Joseph Public School elementary students and Logan Autism Learning Center families in need. With this grant funding, they will also expand to serve Upton Middle School and Saint Joseph High School students.

The Stephen E. Upton Love Your Community Grant

Emerge Innovation Hub received the \$50,000 **Stephen E. Upton Love Your Community Grant** to support their Catalyst Project; to empower minority business owners to scale their companies. This project focuses on business owners who create items that are consumed in everyday life.

The Love Your Community Grant is presented each year to a Berrien County nonprofit organization that addresses a crucial community need and makes a positive impact in the lives of Berrien County residents.

According to **Emerge Innovation Hub**, the consumer-packaged goods industry in Berrien County is highly competitive. Faced with a competitive market, minority business owners and entrepreneurs often have few resources and economic limits. These problems make it harder for entrepreneurs and business owners to launch and run companies that will generate revenues. The Catalyst Project was created to provide tools and resources they need to start companies.

Golden Acorn Volunteer Awards

Berrien Community Foundation honored two community members with the **Golden Acorn Volunteer Award**. Each recipient receives \$1,000 to direct to the nonprofit organization of their choice.

Berrien Springs High School student **Steven Thames** received the **BCF Golden Acorn Volunteer Award** after spending countless hours helping with the **BCF Backpacks for Good** program this summer. He moved backpacks and

school supplies from location to location; and frequently hauled, counted, loaded and unloaded backpacks and other school supplies.

Nancy Teutsch was also awarded a Golden Acorn Volunteer Award as the leader of the Pink Hat Ladies who work constantly to improve the lives of those in Coloma. The Pink Hat Ladies – who wear pink and are 30+ women strong – fundraise for local causes such as: splash pad, Hope Resources, Readiness Center and Coloma Trunk or Treat. Teutsch is known to be a “communicator extraordinaire” who sends out daily emails that include group information and a thought for the day or a fun quote.

Golden Acorn Excellence Award

Berrien Community Foundation awarded the **2024 Golden Acorn Award for Excellence** along with a check for \$13,000 to **Neighbor By Neighbor** for their compassion and care for senior citizens living in Harbor Country. Neighbor By Neighbor got creative in helping low-income senior citizens stay safely in their homes through the “Help to Home” program. “Help to Home” does small home repairs for

low-income seniors who are struggling to stay in and maintain their homes. Neighbor By Neighbor purchases the necessary supplies while partnering with community volunteers or local professionals to do small repairs and keep seniors safe and able to live at home. The grant funds will allow them to do additional home repairs.

--The Berrien Community Foundation provides grants and scholarships, and helps individuals develop funds and endowments focused on specific interests or agencies they feel are worthwhile to create their individual charitable legacy through life-end giving and estate planning. Financial Expert
The Ramsey Show

Dave Says

A "Heart Problem"

Dear Dave,

I'm pretty responsible with finances, but my girlfriend is in a bad situation with her money and her career. She has a huge car payment and lots of credit card debt. On top of this, it takes almost 40% of what she brings home each month just to pay rent, and she quit her job because she decided she didn't like it anymore. She's been floating lots of ideas, like filing bankruptcy or moving in with me. She thinks us living together will help her learn to be more responsible with her finances. I'm concerned that if she can't handle her finances on her own, what will happen if we move in together? Your advice would be appreciated.

Dan

Dear Dan,

I can't say if she's technically bankrupt at this point. But for starters, she definitely needs to sell the car and find a cheaper place to live. I'm also not sure how long you two have been seeing each other, but this is someone to keep dating, not marry or let move in.

The hard reality is that bankruptcy's not going to solve anything if she's got a heart problem. By "heart problem," I mean if she buys things thinking stuff will make her happy and living way beyond her means in the process.

Lots of folks mistakenly think they are where they live or what they drive. Those are the kinds of heart problems I'm talking about. And it's the way I was years ago before going broke knocked some sense into me. It wasn't until then I realized I had to make some serious changes in my life.

Don't get me wrong. What I've just said doesn't mean this lady's a bad person. It just means she's got some growing up to do. And all the money matters aside, you don't just up and quit your job without a solid plan in place unless there's a serious matter of principle at stake, or you're the victim of abuse or harassment. Leaving one job for another is fine. But the idea of suddenly deciding you just don't like something, then walking away from it when you've got a bunch of financial obligations, is just plain irresponsible. You don't jump off the dock until the boat arrives!

Again, I don't know all the details behind her finances, but chances are she's not bankrupt. There are some character issues in all this that need to be addressed, though. If it were me, I'd suggest she spend some time seeing a good financial counselor—one with the heart of a teacher. Then, you can act as her support system to help keep her on track, and encourage her to keep moving forward toward getting control of her money.

— Dave

A Heart That Beams With Joy

Observe them carefully, for this will show your wisdom and understanding to the nations, who will hear about all these decrees and say, "Surely this great nation is a wise and understanding people." What other nation is so great as to have their gods near them the way the LORD our God is near us whenever we pray to him? Deuteronomy 4:6,7

When you ask an engineer how his machine works, he lights up and is eager to share his knowledge and expertise. When a child learns something new, she can't wait to share what she knows. We don't want to hide what we are passionate about. We are eager to share knowledge of what we believe is important.

As God's people, past and present, live their lives, their hearts beam with joy, eager to share what we know to be true and eternally important. Following Jesus and his commands is not about a rigorous religious life trying to appease a harsh god. We don't serve out of fear. We live in the freedom of sins forgiven! Our joy comes from what God has done for us. Jesus drew near to humanity when he became truly human. He made known to us the true God and his salvation. He rescued us from sin

by his life, death, and resurrection and made us his holy people. He is not distant. He is real, and he is near.

Our passion is to live for the one who lived and died and rose for us! As we walk in God's ways and follow him with a joyful heart, we are letting the knowledge of Jesus and his salvation shine to the world around us. The lives we live are not so that people will praise us. We live so that we and others may praise our God and Savior. We don't wish to blend into the world. We want to let our speech and lives reflect our faith that God has saved us and that he is with us. We want to eagerly answer those who wonder who God is and how he works. We want to share the joy of knowing Jesus.

Prayer: Lord, fill my heart with the joy that comes from your salvation that I may serve and follow you. Amen.
