## Salome's Stars

**ARIES** (March 21 to April 19) A once-harmonious relationship appears to be hitting some sour notes. Spend some time together to see why things have gone off-key. What you learn might surprise you.

**TAURUS** (April 20 to May 20) You feel a need to make some changes. Good! You can do it on a small scale (some new clothes, for example) or go big and redecorate your home and/or office.

**GEMINI** (May 21 to June 20) Control your tendency toward early boredom. A situation in your life might be taking a long time to develop, but patience pays off. Stay with it.

**CANCER** (June 21 to July 22) You might feel like you're on an emotional roller coaster this week. Don't fret; just ride it out and let things settle down. A Pisces shows understanding.

**LEO** (July 23 to August 22) Do something different for once: Compromise. A stubborn stand on an important issue proves counterproductive. You need to be open to new ideas.

**VIRGO** (August 23 to September 22) A friend offers advice that you perceive as an act of betrayal. But before you turn against the messenger, pay attention to the message itself.

**LIBRA** (September 23 to October 22) A year of riding an emotional pogo stick finally settles down. Use this calmer period to restore frayed relationships and pursue new opportunities.

**SCORPIO** (October 23 to November 21) Your words can sting, so be careful how you respond to a friend's actions. A calm approach could produce some surprising facts.

**SAGITTARIUS** (November 22 to December 21) Be careful about whose secrets you're being asked to keep. They could impose an unfair burden on a straight arrow like yourself.

**CAPRICORN** (December 22 to January 19) While you prefer taking the tried-and-true course in life, be adventurous this week and accept a challenge that can open up new vistas for you.

**AQUARIUS** (January 20 to February 18) Your strong sense of justice helps you deal with a job-related situation. Stay with your principles. A Sagittarius emerges as a supporter.

**PISCES** (February 19 to March 20) You need to build a stronger on-the-job support system to persuade doubting colleagues that your innovative proposals are workable.

**BORN THIS WEEK:** You might not say much, but you're capable of extraordinary achievements. You are a loyal friend and a devoted person to your family.

**For Sale (Maybe)**

Murphy was selling his house and put the matter in a real estate agent's hands. The agent wrote up a sales blurb for the house that made wonderful reading. After Murphy read it, he turned to the agent and asked, "Have I got all you say there?"

The agent said, "Certainly ... why do you ask?"

Murphy replied, "Cancel the sale ... it's too good to part with!"

October 31, 2024 By Paulette Dean

In the mid-1980s, I worked as a secretary for a wonderful locally-owned company. The office was in a converted house; there were usually only three employees in the office. The other woman and I enjoyed the constant parade of birds, drawn to the yard by the huge trees. I was a board member of the humane society at that time.

During freezing weather, my friend, Susan, and I talked about how sorry we felt for the wild birds. We wondered about how cold their legs and feet must be and even joked about how we wished we could knit little leggings for all of them.

Winter is a hard time for wild birds, as it is for most wild animals. Not all birds survive it. Other birds have found ways to adapt. Yes, that is called survival of the fittest; however, if you enjoy bird watching and have a bird feeder, there are things you can do to help.

Some species grow additional feathers when cold weather comes. Others fluff their feathers, creating air pockets that traps body heat. Some birds can amazingly lower their metabolic rate, which helps them burn fewer calories. Yet other birds stay warm at night by finding places to roost with other birds.

Like other animals, birds need to increase their caloric intake during winter just as the

food is harder to find. If you have a bird feeder, adding black oil sunflower seeds provides the extra calories. Be sure to check the feeders often; winter is not a good time to decide to stop feeding birds.

Water is also scarce during winter. Dehydration can be an even bigger threat to wild birds than starvation. The problem is, an ordinary birdbath can also cause problems with ice on feathers. We have also had reports of birds whose feet have frozen to telephone lines and branches. A heated element is a birdbath is a good option to help solve that problem.

There are many good on-line options to research ways to help wild bird friends during cold weather. If you see one that needs help, please call us for advice on what to do. We are not allowed to handle wild birds, but we can help you find someone who can!

**Vintage Advertising**

Thanksgiving will be here soon, and while the best organizers among us may already have everything in place, most of us are probably still working through our shopping lists. Let's see ... turkey, seasonings for stuffing, ingredients for side dishes, pumpkin pie spices — oh, and don't forget a six-pack of Coke!

Well, that last item might not be on the menu for most Thanksgiving dinners, although this c. 1950 advertising banner, which sold for \$150 at Woody Auction, shows it's not from the company's lack of trying.

Coca-Cola is a favorite brand among collectors of vintage advertising. Their holiday advertisements are especially beloved; their Christmas ads from the 1930s to 1960s by painter Haddon Sundblom are credited with creating the popular image of Santa Claus. Even if it doesn't make it to every holiday table, Coca-Cola has become an icon of everyday American life.

**Q:** My sister has a handwritten letter and handwritten envelope dated Dec. 10, 1997, from Harper Lee. Is this worth contacting an auction house?

**A.** We think so. Harper Lee was the author of "To Kill a Mockingbird," which won the Pulitzer Prize for Fiction in 1961 and is still considered one of the greatest American novels of the 20th century. Her signature sells well at auctions. Several examples have sold for high prices this year. An autographed bookplate sold for \$130. A typed excerpt from "To Kill a Mockingbird" with Lee's signature sold for \$530, and a first edition of the novel accompanied by a handwritten letter from the author sold for an impressive \$14,400. Look for auction houses that specialize in autographs, books or Americana. Get references before you sell anything. If you prefer to sell locally, you can look for antiquarian book dealers as well as antiques dealers. Some coin and stamp dealers also

buy and sell autographs. The dealer usually sets the price. If you decide to send the letter and envelope to an out-of-town dealer or auction house, send it with tracking. You may want to get it insured as well.

**TIP:** Hands can damage paper collectibles by leaving fingerprints and traces of oil or salt. All will cause stains eventually. Store paper in protective plastic holders made of inert material.

## Laidback Golf Tour Enjoys Beautiful Tournament Weather at Chatmoss

Twelve members of the Laidback Golf Tour traveled to Martinsville, VA on Monday October 21st to participate in the Tours next to last event of the season. The group enjoyed a near perfect mid-seventies fall day for golf on the very challenging lightning fast mini verde ultra dwarf bermuda greens of Chatmoss Country Club. Just as in past years events held here, there were again no rounds recorded in the seventies. Also as in the previous events there were more three putts than birdies recorded. The group only had two rounds in the eighties and three birdies total. Twenty-seven year old Allen Revis led all scorers with his round of 84. It was Allens 5th first place finish of the season and came just a week after finishing first in a four day trip to Florence, S.C. Fran Hensley had the only other round in the eighties for the day with her 88 finish. Although eight of the twelve participants played here last year also there were no repeat flight winners today.

In other Flight action today Randy Ely claimed his third win of the season in the B-Flight with an 91. Brian Alderson got his second win in C-Flight with a 98. While Willard Vicks topped the D-Flight with a 93 for his second season win. There were no Honey Hole winners in either the A&B Flight or the C&D Flights so both prize pools will carry-over to the season finale at Goodyear Golf Club Monday November 4, 2024 beginning at 10am. Entry fee for Goodyear will be \$80 with registration required by Saturday October 26th. Season Awards and a meal will follow play at the Goodyear event. ## Forensic Science for Kids

Several youngsters participated in a forensic science class held at the Camp Grove Recreation Center. The Parks and Recreation-sponsored class was taught by DCC Emeritus Professor John Wilt. After discussing the importance of crime scene evidence, participants learned the importance of recording the crime scene with pictures, note-taking and rough and finished sketches.

Categories of evidence found at a crime scene--glass, soil, hairs, fibers, blood and fingerprints--plus the importance of securing all crime scene evidence with proper packaging methods was emphasized. The forensic science class concluded with participants practicing the latent print lifting technique on a variety of porous and non-porous surfaces.

Information about future forensic science classes for kids can be obtained from either the Community Recreation Division Director Jason Bookheimer @ (434) 799-5150 or Professor John Wilt @ (434) 770-8822.

## City to offer free bus service on Election Day

Danville Transit will offer free bus service in the city on Election Day, which will be Tuesday, Nov. 5. The free service is to encourage interested persons to vote by removing transportation as a barrier.

The service will be provided for all Danville Transit operations, which include fixed-route and reservation-based services. Fixed route service reaches a majority of polling locations. The reservation-based Reserve A Ride is a door-to-door service throughout the city. The Reserve A Ride service is subject to capacity constraints.

For this year's general election, registered voters can cast ballots in five races: President and vice president, U.S. Senate, House of Representatives Fifth District, the City Council, and the School Board. Also, registered voters can vote on a proposed state constitutional amendment.

## Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

# VETERANS POST

Pandemic fraud and scams

The Covid pandemic has been a pot of gold for thieves and scammers who want to exploit the critical needs of hospitals and doctors. As usual, however, the criminals aren't too bright.

There was the medical supply company that conspired to sell masks that were misbranded, trying to pass them off to hospitals as genuine National Institute of Occupational Safety and Health (NIOSH)-approved N95 masks. The thieves gathered up their fake masks from miscellaneous sources and shipped them off at inflated prices. When NIOSH tested the masks, the scam was discovered because the masks couldn't pass the filtration tests.

A whole alphabet of federal agencies, including the VA's Office of Inspector General, came together in this effort to investigate and prosecute the thieves. Between the price gouging, the fake masks and the interstate commerce, the authorities had a good case for pandemic-related defrauding and conspiracy.

When the case goes to court, selling misbranded medical equipment alone could net the thieves a fine of a half a million dollars. Adding in the interstate commerce and price gouging could tack on additional fines and years in prison.

Then there was the guy who tried to sell millions of dollars of personal protective equipment to the VA. The scam was pretending the company was an authorized distributor of the PPE. They even generated a fake website and email address. The goods that were sent out were non-conforming and the masks were counterfeit.

Another guy stole gloves and PPE and sold them for a cool million dollars. Another scammer stole the relief funds he received, diverting \$180,000 of it for his own use.

In one scam, however, it almost wasn't worth the thief's time: A woman was given two paycheck protection loans for two businesses she owned -- except the didn't own a business. All she got out of the scam was \$41,000.

When are they going to learn? The thieves eventually get caught, and we have the VA OIG and other alphabet agencies to thank for it.

**Q.** Is that Richard Hatch from the original "Survivor" on another reality show? Wasn't he in prison for a while? — S.S.

**A.** Yes, Richard Hatch, the winner of the first season of the trendsetting CBS reality show "Survivor," is on another competitive reality show — the appropriately titled "House of Villains," which airs on E! Hatch also competed on "Survivor's" all-stars edition two decades ago, but was kicked off after being accused of inappropriate behavior by another competitor.

Hatch went on to serve over four years in federal prison for tax evasion after failing to report those "Survivor" winnings and is now open to other reality show opportunities. He's even campaigning in the press to be chosen for the 50th season of "Survivor," stating that he's never missed an episode. According to Entertainment Weekly, he's fully confident he could win again, declaring that he's "got the brain to play the game."

**Q.** Whatever happened to the sitcom Mayim Bialik had while she was hosting "Jeopardy!"? I thought maybe that's why she isn't hosting anymore, since she was too busy doing both shows. — O.M.

**A.** The Fox sitcom "Call Me Kat" starred Mayim Bialik, Cheyenne Jackson ("30 Rock"), and the late Leslie Jordan ("Will & Grace"). It lasted three seasons before it was canceled in May 2023. Bialik was quite busy hosting the weekend edition of the syndicated game show "Jeopardy!" but unfortunately lost the gig in December 2023. The producers decided to stick with Ken Jennings, who was the primary host on weeknights. But with primetime game shows being so popular, perhaps she'll land another one of those in the near future.

In the meantime, Bialik's set to guest star sometime in the upcoming season of "Night Court," alongside her former "Big Bang Theory" co-star Melissa Rauch. The new season premieres on Nov. 19 and will air on Tuesdays at 8:30 p.m. ET.

She will also be seen in the upcoming anthology film by Jim Jarmusch, titled "Father, Mother, Sister, Brother," with Cate Blanchett ("Blue Jasmine") and Adam Driver ("Ferrari").

Art Streiber/E! Entertainment Media  
**Richard Hatch**  
("House of Villains")

Bialik certainly isn't hurting for money, however. She was a regular cast member on "The Big Bang Theory" for eight seasons, and she certainly has a bright future in whatever show-business endeavor she chooses next.

**Q.** When is "Cobra Kai" coming back to Netflix with new episodes? I hope it hasn't been canceled. — R.W.

**A.** "Cobra Kai," the popular nostalgic series based on the "Karate Kid" movies, is set to return to Netflix for the second half of its final season, beginning Friday, Nov. 15. Ralph Macchio and William Zabka are back for five episodes, along with a "final event hitting sometime next year," according to TVLine. This time, they'll be in Barcelona, Spain.

Joining the cast are Lewis Tan ("Deadpool & Wolverine"), Patrick Luwis ("Rebel Moon"), and newcomer Rayna Vallandingham as part of a competing dojo at the overseas tournament. Expect the setting, which takes place in a karate temple with no crowd-watching, to be a "totally different environment," according to co-creator Hayden Schlossberg.

Beware: listeria and salmonella

The saga of listeria in sliced deli lunch meat continues, month after month. The list of affected items gets longer and longer as there is now an additional company subject to recalls due to listeria.

To stay current on the lunch meat recalls, go to CDC.gov and search for "lunch meat listeria recall." That will give you several articles with information you need.

As if that's not enough, to be safe, do we need to change the way we prepare eggs? The Food and Drug Administration has now labeled the ongoing egg recall as a class 1, which means it's "reasonable" to assume that the eggs can cause serious health consequences or death.

To be safe from salmonella, they say, gone are poached and sunny side up eggs. Instead, to kill any possible salmonella, we need to scramble or hard boil our eggs and cook them thoroughly, with both the yolk and the egg firm.

To learn more, go to the FDA website (fda.gov) and search for "egg safety salmonella."

The latest food recalls cover a wide variety of products. There's dip that's being recalled because it potentially has mold contamination. And lactose-free milk that has tree nuts. There's dog food recalled for salmonella and listeria. And whole cantaloupes with salmonella.

But it's not all food. There's the drug remdesivir that has glass particles in it. And the dietary supplement tainted with dexamethasone (a corticosteroid) and chlorpheniramine (an antihistamine). And the baby powder with metal or chemicals in it.

On recalls.gov -- a site that covers recalls from the FDA, U.S. Consumer Product Safety Commission and FoodSafety.gov -- there are recalls for consumer products, boats, medicine, cosmetics, food and more. At this writing, there are recalls of bicycle helmets, bathroom mirrors, yard tractors, playpens and so much more.

If there are certain products that concern you, sign up for email notifications on Recalls.gov.

**BEST APPLE CRUMBLE RECIPE**

**INGREDIENTS**

- Crumble Topping**  
1 cup all purpose flour  
3/4 cup brown sugar light or dark  
1 teaspoon baking powder  
1/2 teaspoon salt  
1/2 teaspoon ground cinnamon  
8 tablespoons unsalted butter melted

**Filling**

- 2 1/2 pounds Granny Smith apples peeled, cored, and sliced or diced into bite sized pieces (about 6 to 7 cups)  
1/2 cup granulated sugar or brown sugar  
1 tablespoon lemon juice  
2 tablespoons corn starch or all purpose flour  
1/2 teaspoon salt  
1 teaspoon ground cinnamon

**INSTRUCTIONS**

Preheat oven to 375°F. Lightly spray an 8 or 9-inch baking dish with nonstick cooking spray and set aside.

**Crumble Topping**

- In a medium bowl combine all purpose flour, brown sugar, salt, baking powder and cinnamon. Whisk to combine.  
1 cup all purpose flour, 3/4 cup brown sugar, 1 teaspoon baking powder, 1/2 teaspoon salt, 1/2 teaspoon ground cinnamon  
Add the melted butter and stir with a fork until crumbly.  
8 tablespoons unsalted butter

**Prepare Filling**

- In a large bowl, combine apples, granulated sugar, lemon juice, cornstarch (or flour if using) and ground cinnamon.  
2 1/2 pounds Granny Smith apples, 1/2 cup granulated sugar, 1 tablespoon lemon juice, 2 tablespoons corn starch, 1/2 teaspoon salt, 1 teaspoon ground cinnamon  
Transfer apple mixture to the prepared baking dish and spread into an even layer.  
Sprinkle crumble mixture evenly over the top of the filling.

Bake for 35 to 45 minutes or until bubbling and golden brown on top.  
Let cool for 15 minutes before serving with ice cream if desired.

- \* If you run out of buttermilk, you can use an equal amount of yogurt, preferably nonsweetened, plain, but you can adjust the sugar in a recipe slightly if your yogurt is favorably flavored.
- \* When entertaining, keep cold drinks in a cooler away from the kitchen. This keeps the floor space free for the cooks.
- \* Soften brown sugar quickly by grating it on a fine hand grater. If you have a bit more time, add an apple to the container and seal tightly.
- \* "Day-old bread makes excellent handmade croutons. Slice, spray with cooking spray and season with whatever spices on hand sound good. Toast in a 300 degree oven for 10 minutes or so. They are especially good with soups." -- S.S.D. in Maryland
- \* Gotta keep those buns warm? Line your crockpot with foil and add the buns. Keep on low or warm, and place on the buffet. Yum.
- \* "When making platters of fruit that may brown (apples, pears), coat slices with lemon juice. The acid keeps them from browning." -- T.P. in Washington
