Building Genuine Morgan Equipment for over 30 Years.

It is with great sadness that we announce the passing of William R. "Bill" Askins, Jr., age 82, of Fayetteville, TN. Bill passed away on October 19, 2024 at his residence, surrounded by his loving family.

Together with Wade Nowlin and his brother Dick Askins, Bill founded Askins Publishing Group in 1989 after working for years at Southern Lumberman magazine. He continued in his role as publisher and owner of American Lumber & Pallet for over 30 years, providing lots of humor, passion and sometimes impatience (ask Wade) at the office.

Bill was born on April 22, 1942, in Lincoln County, TN, to the late William Roy Askins and Dean Smith Askins. He was a 1960 graduate of Central High School and a member of the Fayetteville First United Methodist Church. Mr. Askins was also a member and past master of the Andrew Jackson Masonic Lodge, and he served as a Lincoln County Commissioner. An enthusiastic golfer—a single digit handicapper for years—Bill was also a supporter of the University of Tennessee Football and the St. Louis Cardinals. He was a passionate genealogist and author of 3 books.

Bill is survived by his beloved wife of 51 years, Kay Lane Askins; children Shawn (Shari) Askins, Dawn (Russ) Dixon, Luke (Mandy) Askins, Amanda (Jeff) Franks, and Andrea (John) Thorpe; grandchildren Trent Askins, Aidan Crowe, Liam Crowe, Emma (Logan) Smith, Will Franks, Andrew Dixon, Alex Dixon, Anna Askins, Lily Askins, Ada Askins, Abbie Dallmann, David Dallmann, Claire Thorpe, JJ Thorpe, and Charlie Thorpe; and one great-granddaughter, Hallie Kay Smith.

He will be greatly missed by all of us at Askins Publishing Group.

# Libla. Leadership. Legacy.

The Libla name has deep roots in the pallet industry. From father David to son Jeff and daughter Marsha, the family has enjoyed a great partnership with pallet companies for many years. # FOOD COMPANIES INSIST ON AIR FLOW TRAILER SYSTEMS

Jasper Products of Joplin, MO, a manufacturer of food related products, had struggled to eliminate mold on pallets. After trying Air Flow Trailer Systems, they have eliminated the mold problem. "We are happy with it because we aren't seeing moldy pallets. We tried many other solutions before and nothing else worked even marginally, but this AFTS fan system worked exceptionally well," said Ed Beam, vice president of Jasper Products. Jasper recently purchased additional units from AFTS, bringing their total to 40.
