**The IBEW is growing and you are invited!!**

Response to our recent advertisements has been terrific! We have welcomed some new contractors into our family and are continually interviewing new membership prospects.

Our new contractors are not only looking for **Qualified Electricians** but also more **Solar Electricians and Tele-Communication Technicians** to staff upcoming projects.

One of the greatest benefits of the Electrical Union is the ability for our members to retire with dignity. Retirement of our well seasoned members provides fantastic opportunities for **Electricians of Foreman and General Foreman qualifications**. If you are an un-represented "lead" electrician, then we should be talking about your future.

We are also always looking for **Quality Open Shop Electrical Contractors** looking to grow with us. It does not matter if you have just 1 electrician or 1000, we have opportunities for everyone!

The IBEW has been successfully training crews for our contractors since Edison and Tesla were young men. For 125 years our signatory contractors have come to the IBEW to hire the highest quality electricians in the industry. We continue today, working in a mutually beneficial partnership with our contractors to offer the best value in the industry to our valued customers.

**Hints For Homeowners**

How To Improve Your Home And Its 'Joy Score'

(NAPS)—The next time you're thinking about sprucing up your digs, consider these projects, which the National Association of Realtors' (NAR) recent "Remodeling Impact Report" says can bring the greatest cost recovery or deliver the most happiness based on a "joy score."

**Think Like A Buyer**  
 Even if you don't plan to sell your home in the near future, envision yourself as a potential buyer walking into your house for the first time. Which imperfections would catch someone's eye immediately yet are reasonable to fix? A few projects that made owners happiest were adding a bathroom, new fiber-cement siding and a complete kitchen renovation.

There are several affordable renovations that recover most of the costs when it's time to sell your home. Of the projects that had the greatest cost recovery, many, based on average costs, were \$2,500 or less. These included insulation upgrades (95 percent cost recovery on \$2,100), a new garage door (87 percent on \$2,300) and refinishing hardwood flooring (100 percent cost recovery on \$2,500).

**Look Above**  
 Depending on your home's age, your roof has likely felt the brunt of Mother Nature. Over time, torrential downpours, fierce winds and even the cold can cause shingles to peel back, buckle and even fall off. This leaves your home susceptible to leaks and possibly mildew or mold.

**Give Your Kitchen A Fresh Look**  
 While full kitchen renovations can cost north of \$50,000, smaller projects such as updating worn-out cabinet surfaces, installing touch-activated faucets and even a new backsplash are budget friendly and likely gratifying to you or a potential buyer.

Need proof? Fifty-seven percent of surveyed Realtors reported they've suggested sellers complete a kitchen upgrade before attempting to sell. As for owners, 82 percent said they have a greater desire to be home since completing an upgrade.

**Get Help**  
 Realtors know which remodeling projects bring the biggest bang for the buck. If you're looking to upgrade before selling and need advice, find a Realtor nearby at www.realtor.com/realestateagents.

## A Sporting View

by Mark Vasto

### 'Nova Over Nova Lox

Route 70 in Burlington County, New Jersey ("Old Marlton Pike" according to your car's GPS) features a particularly grueling, pock-marked stretch of road right through the heart of a well-to-do Philadelphia bedroom community called Cherry Hill. Framed on either side by bright orange construction cones, it is kept illuminated 24/7 by flashing lights from parked state troopers' patrol cars. The troopers look on in approval as an army of construction workers transform the center median from a bucolic, cherry blossom and grass-covered median into a Martianesque hellscape of paint-gouging gravel.

The weather has been nice all winter, and on this day — game day — as drivers gather up the courage to engage in the Beyond Thunderdome-like experience that merging onto the interstate has become, all windows are down and the radios are on. It doesn't matter where you are on the radio dial because every station is playing the same tune: They're talking about the Villanova Wildcats.

At Cherry Hill Pizza, a full regiment of delivery drivers stand in wait. The orders are coming in and they expect a run at about 9 p.m., 20 minutes before the tipoff against North Carolina. A few weeks earlier, one of the drivers had an epiphany: "You guys ... Villanova is, like, the only good team in Philadelphia right now." Soon after, it seemed like the take-out customers went from wearing Penn State garb to Wildcat tees. Bumper stickers with the blue emblazoned "V" seemed to multiply.

Although Temple, St. Joe's and Drexel made their tournament runs, the town is mired in a rather bleak rut of late. The Philadelphia Experiment that was the Chip Kelly regime has left the Eagles in complete disarray. The Flyers can't win a shootout and are in danger of being eliminated from the playoffs. The Phillies are expected to finish below .500, and the 76ers are a train wreck.

Through it all, Villanova stood apart. Counted out virtually all season until they finally punched through and held the No. 1 ranking for a time, 'Nova reminded everyone of why they love the multi-tiered sports scene of the town. Philadelphia basketball is an institution, and no institution has garnered more love over the years than Villanova. In 1985, Villanova played the "perfect game" in beating Georgetown for the title; this year Villanova had the second-best shooting performance in Final Four history, second only to that '85 squad, and their average margin of victory in the tournament was surpassed only by the 1996 Kentucky team.

Still, people weren't sure that Jay Wright, in his 15th season as head coach, had what it would take to beat North Carolina. None of the people at The Kibbitz Room over on Springdale could imagine that the next morning, over nova lox and bagels, they would be passing newspapers and recounting what was surely the best basketball game they had ever witnessed. "Kris Jenkins" and "Archie Diacono" (Ryan Arcidiacono, the tournament's outstanding player) schmeared right in with "Curry" and "Laettner" in conversation.

Yet, there they were, local rush-hour traffic be damned. 'Nova over nova, highlights over pizza, and Jenkins over North Carolina. Suddenly, everything was sunny in the Philadelphia suburbs. Villanova delivered.

Mark Vasto is a veteran sportswriter who lives in New Jersey.

**Hints For The Home**

**Save Time With These Smart Cleaning Shortcuts**

(NAPS)—These clever cleaning shortcuts can help you have both a sparkling clean house—and more time for yourself and your family.  
**Nurture Neglected Areas**

Vents, walls and baseboards are often forgotten nooks and crannies where dust and grime collect. Use a vacuum extension hose to remove dust from vents and fans. Then wipe down baseboards with a damp cloth and spot clean walls.

**Let It Go**  
 Toys and clothing are typical clutter culprits. Focus on these and donate or ditch anything unused, outdated or outgrown. Trouble parting? Remind yourself that you'll never have to clean these items again.

**Shades of Success**  
 Open and close shades and blinds frequently to shake off the dust that can accumulate on the fabric.

**Tote Your Tools**  
 Keep all your cleaning supplies together in a bucket or plastic box on wheels. That way, you won't have to keep going back for another bottle, rag, bag or brush.

**Deal With Dust**  
 When you dust, work top to bottom and back to front

**Time-saving tricks and tools to help you enjoy a cleaner house with less effort.**

so the dirt falls onto the floor. Clean the floor last.

**Track Down Stains**  
 Freshen flooring and furniture that have fallen to spots and spills. Opt for a multisurface stain remover such as Motsenbocker's Lift Off that's safe to use on carpets, upholstery and hard surfaces. Spray soiled areas, then blot dry.

**Let The Sunshine In**  
 Clean windows wiping side to side and avoid circular motions that create a static charge and attract dust to the surface. Choose a cleaning formula developed specifically for glass, such as Invisible Glass, that's free of streak-causing soaps, scents and dyes.

**Q.** Can you tell me when "Rizzoli and Isles" will be back? And is it true that this is the show's final season? — *Peter F., via email*

**A.** This seventh season of "Rizzoli and Isles" is indeed the crime-solving duo's last hurrah. TNT's hit comedy-drama returns with its final 13 episodes on Monday, June 6, at 9/8c. I also have the premiere dates for the rest of TNT's blockbuster summer series. Premiering June 7 is a new series called "Animal Kingdom," which stars Ellen Barkin. The series centers on 17-year-old Joshua Cody (played by Finn Cole), who moves in with his freewheeling relatives in their Southern California beach town after his mother dies of a heroin overdose. The family is headed by Janine Cody (played by Ellen) and her right-hand man Baz (played by Scott Speedman), who runs the business and calls the shots. Josh realizes that joining the family comes with more danger than he might be ready to handle. Come back next week, and I'll give you all the details on "The Last Ship," "Major Crimes" and "Murder in the First."

Amy Adams

for herself following years of self-harm that landed her in a psychiatric hospital. Camille returns to her hometown of Wind Gap, Missouri, to cover the murder of a preteen girl and the disappearance of another.

**Q.** I loved "Gone Girl," both the book and the movie. Are there any more of Gillian Flynn's books in the running for a movie adaptation? — *Ellie W., via email*

**A.** I also loved "Gone Girl"; it's really difficult for me to find a movie adaptation that I like and that I feel does the book justice, but this one definitely did for me. Charlize Theron starred in the movie adaptation of "Dark Places," which came out in 2015 and is now available on DVD and streaming. HBO also just announced that "Sharp Objects" will be adapted into an eight-episode original series and will star Amy Adams. For me, this is the best way to adapt a book because you can cover a lot more of the book's ground that you can with a movie. The story centers on Camille Preaker, played by Amy, who is a journalist in Chicago trying to make a better life

**Q.** I haven't heard mention of Gerard Depardieu in a while. Does he have anything in the pipeline? — *Sam T., Webster, N.Y.*

**A.** The accomplished French actor stars in Netflix's original drama series "Marseille," which is the network's first original French production. The eight-episode series — available for streaming beginning May 5 — follows the mayor of Marseille, Robert Taro (played by Gerard), who enters into a war of succession with his former protegee turned rival Lucas Barres, played by Benoit Magimel. After 25 years as mayor, Taro finds himself in a power struggle with Barres, each with his own secret agenda of how the mayoral torch should be passed.

**I wasn't looking for a discount funeral. I was looking for an affordable one.**

Most "discount funerals" mean less money, less service, less attention to detail, less of everything. An affordable funeral is a complete funeral based first on the needs of the family, then priced to fit within their budget.

PPP. That stands for Presidential Preference Primary. Coming up on the 26th of April. You all have the right to vote in this primary, hard as it may be to make a decision on who to vote for! There will be 5 polling places open on that day. One for each district in the town. As you all know there are several polling places in each district during the general election. This is a primary, so there are only 5. Polls open at 7am and will close at 8pm. If you have a concern about where to vote, please call the Board of Canvassers at 822-9151. Lori will be glad to give you that information. The 5 polling places are listed below. Remember to get out and vote!

District 1:  
St. Francis Church,  
132 Peckham Lane

District 2:  
Community Center,  
1277 Main Street

District 3:

164 Boston Street

District 4:  
Coventry Senior Center  
50 Wood Street

District 5:  
Westwood Estates Clubhouse  
1A Liena Rose Way

Cast your vote and tune in to the news to find out who wins the Republican and Democratic primary in Rhode Island.

**ARIES** (March 21 to April 19) Impatience is still somewhat of a problem. But a sign of progress should soothe the anxious Aries heart. Meanwhile, invest some of that waiting time in preparing for the change ahead.

**TAURUS** (April 20 to May 20) Bovines tend to excel at solving problems, not creating them. But you risk doing just that if you're slow to respond to a timely situation. If necessary, seek advice from someone you trust.

**GEMINI** (May 21 to June 20) The Gemini Twin might need to do more than a routine check of both a job-linked and home-based situation. Dig deeper for more data on both fronts to avoid unwanted surprises later.

**CANCER** (June 21 to July 22) Moon Children facing an important workplace decision are encouraged to use their perceptiveness to see through any attempt to win them over with a supercharge of fawning and flattery.

**LEO** (July 23 to August 22) Good news catapults Leos and Leonas into reconsidering a deferred decision. But time has moved on, and it's a good idea to recheck your plans and make adjustments where necessary.

**VIRGO** (August 23 to September 22) The week favors relationships, both personal and professional. Take the time to look for and immediately repair any vulnerable areas caused by unresolved misunderstandings.

**LIBRA** (September 23 to October 22) A friend's problems bring out your protective instincts. Be careful to keep a balance between meeting the obligations of friendship without being overwhelmed by them.

**SCORPIO** (October 23 to November 21) The temptation to take an extreme position on an issue is strong, but moderation is favored both in personal and professional dealings. Move toward finding areas of agreement.

**SAGITTARIUS** (November 22 to December 21) Getting another boss or teacher? Try to see the person behind the image. It will help you adjust more easily to the changes that new authority figures inevitably bring.

**CAPRICORN** (December 22 to January 19) Much as you might dislike the idea, keep an open mind about using the assistance of a third party to help resolve problems that threaten to unravel an important agreement.

**AQUARIUS** (January 20 to February 18) Music helps restore the Aquarian's spiritual energies this week. Take someone you care for to a concert of your musical choice. Also, expect news about a workplace matter.

**PISCES** (February 19 to March 20) A challenge that seems easy enough at first could take an unexpected turn that might test your resolve. Decide if you feel you should stay with it, or if it's better to move in another direction.

**BORN THIS WEEK:** You can be strong when standing up for justice, both for yourself and for others.
