A VIDEO BY A TEN-YEAR-OLD MADE AN IMPRESSION

Tumbleweed Smith

Anthony Goodson of Garland was inspired to make movies after seeing a video a fourth grader made.

"It's funny. I was at a friend's house and she showed me a video her son had made. It was just a pair of shoes walking across the room by themselves. He did it from a cell phone and simply used the and play controls to move those shoes. And from that moment I was hooked. I thought it was the most interesting thing. I knew that I might be on to something at that point."

Tumbleweed Smith

He's working on two documentaries and a movie now. His first effort at film making was a documentary about integration at Sulphur Springs schools. He grew up there. "For about twenty years or more my dad would tell me about him being the first black person to be integrated in Sulphur Springs High School in the mid 60s, so I had that in mind for a long time. Finally, when I got to the point I could make a film, I thought why don't I just capture my own small hometown and let people know about the situation black students faced with when they were integrated."

That first movie got some recognition.

"I put it out to film festivals. It got to Hollywood a couple of years ago and I got to watch it on the big screen and had the chance to meet some producers. It also went to Atlanta and it went to New York and Dallas. It even went to Cannes, France, believe it or not. It did real well there, it was a finalist for some kind of award. I didn't go to France, though." He showed it before a large audience in Sulphur Springs.

"We showed it on the night of Juneteenth in a park. There were thousands of people in the park. It was really cool."

Anthony studied broadcast journalism at Stephen F. Austin and worked in radio after graduation. Later he sold pharmaceuticals and now is full time in the hospice industry. But in his spare time, he makes movies. He also does a podcast Wednesday nights on U-Tube titled Rebrand Us. He did some serious research on integration.

"I did a lot of interviews, went to library, school and newspaper archives, went to people who had photos and even some movies from that time. The most Important thing for me was to get the truth out there. Mostly integration in Sulphur Springs was a smooth transition. There were just a couple of incidents but nothing major."

He says a lot of the modern equipment makes producing a film a lot more convenient than in earlier times, but it's still a lot of work, putting thoughts together, facts and historic file footage and photos together. He spent 18 months working on the film.

Constance Nelwyn Riley

A funeral service for Constance Nelwyn Riley, age 80 of Sulphur Springs, Texas was held at 2:00 P.M. on Saturday, October 11, 2025 at Calvary Baptist Church with Brother Garry Jordan officiating. Sister Gena Jordan provided music. Interment followed at Enon Cemetery in Alba, Texas with Jeremy Riley, Joshua Skinner, Aaron Skinner, Daniel Skinner, Ricky Harrison, Ramon Alvarez, and Ryan Carter serving as pallbearers. Visitation was held from 6:00 to 8:00 P.M. on Friday, October 10, 2025 at Murray-Orwosky Funeral Home. Constance Nelwyn Riley, beloved wife, mother, grandmother, great-grandmother, sister, and friend, passed peacefully into the arms of her Savior on October 8, 2025.

Born on November 11, 1944, in Hughes Springs, Texas, Constance was the cherished daughter of Frankie and Frances (Morgan) Berry. From a young age, she embodied compassion, strength, and a deep devotion to both her family and her faith—values that would define her life.

She was united in marriage to the love of her life, Larry Don Riley. Their 56-year marriage was a testament to unwavering commitment, true partnership, and enduring love. Together, they built a life full of purpose, family, and faith.

Constance dedicated 38 years of her professional life to Preuss Flecker & Associates, CPA, where she was known for her diligence, kindness, and impeccable character. Her work ethic was matched only by her love for serving others. Since 1975, Constance had been a devoted member of Calvary Baptist Church, where she faithfully served as treasurer, church clerk, and fellowship hall director. Her involvement and leadership touched countless lives, and her gentle presence was a cornerstone of the church community.

She was preceded in death by her parents, Frankie and Frances Berry; her beloved son, Larry Jr. Riley; precious granddaughter, GwuDenna Davis; and sisters-in-law, Mary Lou Berry and Carolyn Berry.

Constance is survived by her devoted husband, Larry Don Riley; her children: Kevin Riley and wife, Penny, Scott Riley and wife, Trish, and Judy Skinner; her 10 grandchildren: Haleigh Harrison and husband, Ricky, Mikaela Alvarez and husband, Ramon, Loren Carter and husband, Ryan, Victoria Martinez, Josh Skinner, Aaron Skinner, Daniel Skinner, Jeremy Riley and wife, Lauren, Angela Pinkston, and Misti Solesbee; 10 great-grandchildren; and 3 great-great-grandchildren.

She also leaves behind her five loving siblings: Jerry Berry, Joey Berry, Beth Nash and husband, Ricky, Tim Berry and wife, Chris, and Jim Berry; along with numerous nieces, nephews, extended family members, and dear friends.

Constance held her faith above all else. She was the quiet strength behind many, and the warm heart that made everyone feel like family. In honoring Constance's life, we remember not only what she did—but who she was. A faithful servant, a devoted wife, a loving mother and grandmother, and a treasured friend. She was deeply loved and will be profoundly missed.

October is Breast Cancer Awareness Month!

October is Breast Cancer Awareness Month. It's a time for reflection on trends in breast cancer research, prevention, and treatment. According to the National Cancer Institute, approximately 316,950 women in the United States are estimated to be diagnosed with breast cancer in 2025. Furthermore, about 42,170 are expected to die of the disease.

Breast cancer is the most common type of non-skin cancer in women in the United States. Notably, it accounts for about 30% of all new cancer cases in women. It is second only to lung cancer as a cause of cancer death in American women. In the United States, about one in eight women—about 13%—will develop breast cancer in their lifetime.
