## Peter & Co. Jewelers: Honoring Tradition, Embracing Growth

Since opening its doors in 1987, Peter & Co. Jewelers has been built on family values, trust, and a deep commitment to community. What began in **Bay Village** as a small, family-run jewelry store soon found its long-term home in **Avon Lake**, where the business has flourished for over 3 decades.

Owned and operated by **Theresa, Tammy, and Kim**, Peter & Co. has become a name synonymous with exceptional quality, personalized service, and lifelong relationships. From engagement rings and fine jewelry to watch repair and custom design, every piece that leaves the store reflects the team's dedication to craftsmanship and care.

As Peter & Co. prepares for its next chapter, the family is proud to announce the groundbreaking of a **new freestanding store in Avon**, located at 33199 Just Imagine Drive, across from the Cleveland Clinic Avon and easily accessible off

**Exit 155 on I-90**. Set to open in **Fall 2026**, the new location will **double the size** of the current store, offering expanded product collections, a larger service center, and a more spacious, modern showroom designed to enhance the customer experience. While the move represents exciting growth, the heart of Peter & Co. Jewelers remains the same—family, integrity, and community. The owners are deeply grateful for the loyal clients and friends who have supported them throughout their journey, as well as for the vibrant **Avon Lake community** that shaped their story.

As Peter & Co. approaches its **40th holiday season in business**, the family looks forward to welcoming clients old and new to their next chapter—where timeless craftsmanship meets a bright future. Stay connected at **peterjewelers.com** and on social media for updates on the new store's progress.

# SMALL BUSINESS SATURDAY<sup>®</sup>

SAVE THE DATE: NOV 29

**Did you know?** Shopping locally not only means getting to see the same friendly faces each time you patronize a nearby business, it also means keeping money in your community. A 2018 study from American Express, the company that founded Small Business Saturday (which is celebrated the day after Black Friday), and the National Federation of Independent Business found that roughly two-thirds of every dollar spent at a small business ultimately stays in the local community. That boils down to 67 cents out of every dollar. The American Independent Business Alliance also references the "local multiplier" regarding local spending. This occurs when people spend at a locally owned and independent business instead of chain stores or mega online retailers. Although the exact amount of dollars recirculated by locally owned businesses varies due to certain unique criteria, retail studies conducted by Civic Economics has found a person's dollars at these locally owned businesses recirculate through the local economy two to four times more than money spent at non-local companies. This money helps generate more local wealth, charitable contributions and jobs.

## Why Shop Local? The Stewart's Appliance Difference

When it's time to buy a new refrigerator, washer, or television, the options can be overwhelming. You can go to a vast, impersonal big-box store, flag down a random employee, and hope for the best.

Or, you can "Shop Smart. Shop Local."

For generations, **Stewart's TV & Appliance** has been the cornerstone of home appliances in Elyria, and for a good reason. Since 1946, this family-owned and operated business has been guided by a simple, powerful philosophy inherited from their dad, Dick Stewart: treat every person who walks through the door with friendly, personal service.

At Stewart's, you're not just a sales number; you're a neighbor.

This family-first approach extends to everything they do. Their experienced sales staff aren't just there to sell you a box; they're experts ready to listen to your needs and guide you to the perfect product from their massive selection of trusted brands, including Speed Queen, Frigidaire, LG, GE, Whirlpool, Sub-Zero, and many more.

But the real Stewart's difference becomes clear after you've found the perfect appliance.

Unlike at big-box stores, where your purchase is often handed off to a third-party delivery company, Stewart's offers a complete, in-house experience. Their professional team provides reliable home delivery, installation, and haul-away of your old units. As one customer noted, they chose Stewart's over a national chain for the exact same price because of the free delivery, free installation, and free haul-away that was included.

And what about service down the line? Stewart's has you covered with their own in-house service team of factory-trained technicians. When you need a part or a repair, you'll be calling the same local experts you trust, not a faceless national hotline.

From full kitchen packages and reliable laundry pairs to the latest in 4K televisions, Stewart's TV & Appliance has the selection of a superstore but with the service, expertise, and trust only a family-run business can provide.

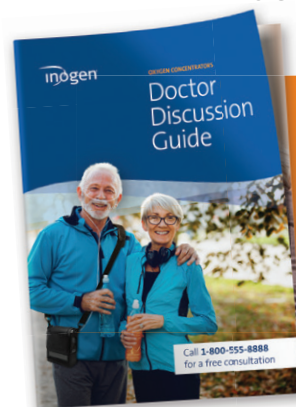

Stop by their showroom at 468 Cleveland Street in Elyria, or browse their full catalog at [stewartappliance.com](http://stewartappliance.com). See for yourself why for over 75 years, your neighbors have trusted the Stewart family.
