FOOD COMPANIES INSIST ON AIR FLOW TRAILER SYSTEMS

Jasper Products of Joplin, MO, a manufacturer of food related products, had struggled to eliminate mold on pallets. After trying Air Flow Trailer Systems, they have eliminated the mold problem. "We are happy with it because we aren't seeing moldy pallets. We tried many other solutions before and nothing else worked even marginally, but this AFTS fan system worked exceptionally well," said Ed Beam, vice president of Jasper Products. Jasper recently purchased additional units from AFTS, bringing their total to 40.

HOT ON THE MARKET!

Roller Ram System for Wood Shredders

Cresswood Shredding Machinery, a leading innovator in wood, plastic and paper size-reduction technology, has launched its new Dura-Glide Roller Ram System. This breakthrough design is aimed at maximizing performance, reducing maintenance and lowering cost of ownership.

This cutting edge roller ram replaces the traditional sliding-style ram on Cresswood's larger machines, addressing long-standing challenges such as friction wear, frequent maintenance interruptions and hydraulic system strain.

"Our goal was to address the everyday pain points our customers face in high demand size reduction environments," said Ryan Butzman, president of Cresswood. "With this product we've created a solution that is more robust and more efficient, reducing operational costs while improving machine uptime."

The Dura-Glide system is now available as a standard feature on select new grinder models and as a retrofit upgrade for existing units.

For more information or to schedule a demo, call 800-962-7302 or visit www.cresswood.com.

Firewood Splitter

Easonmade Mfg. has introduced its newest firewood splitter—the Apex, a brand-new powerhouse that redefines what a wood splitter can do. Built on the proven foundation of our legendary ULTRA model, the APEX takes performance and efficiency to the next level.

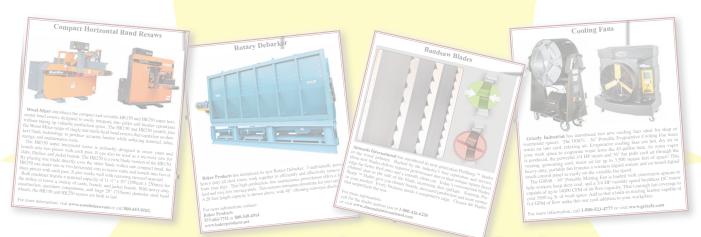

Features include Hydraulic Log Lift – Save your back & keep production moving with effortless log handling; Hydraulic Wedge – Precision & power at your fingertips with smooth, controlled operation; Full Auto Cycle – Split more wood with less effort thanks to automated cycle control; Increased Tonnage – More force, more capability—handles the toughest rounds with ease; Larger Catch Pan - Increase work space for sorting and re-splits.

The APEX isn't just another splitter—it's a game changer! Whether you're processing for business or for home, this machine is built for speed, strength, and reliability. Step up to the APEX. The future of firewood processing starts here.

For more information, call 613-812-3213 or visit eastonmadewoodsplitters.com.

NEW PRODUCTS GET NOTICED!

SHOWCASE EQUIPMENT ACQUIRES ECHO ENTERPRISES

SE SHOWCASE EQUIPMENT LLC

260-633-4047 | Wolcottville, IN ShowcaseEquipment.us Echo Enterprises: 315-694-8141

Showcase Equipment is excited to announce the acquisition of Echo **Enterprises, based** in Hector, New York. This strategic move will allow Showcase to continue building the heavy-duty and custom-length bandmills that Echo is known for, while maintaining the exceptional customer service that has defined Echo's reputation.

The operational transition is planned for January 2026, marking a new chapter for both companies.

(1) OF (7) FRONT END LOADERS

Our Customers Are Our #1 Salesman!

We couldn't run at the production rate we are without Cleereman Controls... Fact is we WOULDN'T run without it... Our yield and efficiency wouldn't be possible without them.. And the quick, accurate reporting of length, diameter, taper, number of lines and boards, downtime. BF per hour...

Jon Richter Shamco Lumber Iron River, MI

Cleereman Controls do a great job, but what really sets them apart is service after the sale... Parts and service in hours, not weeks... Cleereman has it going on.

Charlie Netterville
Netterville Lumber
Woodville. MS

In our quest for production enhancement at Turman Forest Products integrating Cleereman Controls proved to be a game-changer. From cutting-edge optimization technology to unmatched precision, our operators are thrilled, and our maintenance crew enjoys peace of mind. With the unwavering support of the Cleereman Controls team, our decision has undoubtedly paid off. For seamless mill management, just make one call to Cleereman Industries. We look forward to more optimized Cleereman equipment in the future.

Joshua Bond
Turman Forest Products
Bedford, VA

The Cleereman Controls on our edger and headrig have been trouble free ... We never have to mess with them, they just run... And fast, our production rate wouldn't be possible without Cleereman Controls... But the best part is saving money by getting maximum yield on every log and every board...

Jay Glime G & G Lumber Florence, WI

We recently upgraded from our old light curtain scanning system to the latest scanning and setworks from Cleereman Controls and we couldn't be happier, no more worrying when the old system would finally quit and leave us hanging... Accuracy and ease of use are so much better... And as has always been our experience, the Cleereman team made the installation and implementation process simple and easy...

Phil & Joann Etienne
Etienne Timber Co.
St. Croix. IN

We recently upgraded our mill and went with Cleereman Controls and we absolutely love it... It's very user friendly, installation was quick and seamless... Support and service continues to exceed expectations... It was a great experience, the entire team at Cleereman does a great job!

Eastonmade Equipment-**Durable, Efficient and Reliable**

New Model FHC-10 Firewood Hopper Conveyor — Built to Last!

Whether you're feeding a splitter, packaging line, or screener, this conveyor takes the back-breaking labor out of wood handling. If you're looking for durability, efficiency, and reliability—this is the conveyor built for your wood yard

Simply dump in cut rounds of wood and let the conveyor do the work—feeding directly into your firewood splitter for maximum efficiency. It's equally versatile for moving split firewood into a packaging line, or for feeding a firewood screener or tumbler.

KEY FEATURES:

- **Powerful Motor:** Provides consistent, dependable operation under
- **Versatility:** Handles both cut rounds and split wood with ease.
- Easy Transport: Equipped with a pintle hitch for moving around the yard.
- Adjustable Setup: Adjustable legs and axle allow for quick height changes to match your operation.

Apex — Our Newest Splitter

Introducing the Eastonmade APEX, the brand-new powerhouse that redefines what a wood splitter can do. Built on the proven foundation of our legendary ULTRA model, the APEX takes performance and efficiency

to the next level. **UPGRADES INCLUDE:**

- Hydraulic Log Lift Save your back & keep production moving with effortless log
- **Hydraulic Wedge** Precision & power at your fingertips with smooth, controlled operation.
- Full Auto Cycle Split more wood with less effort
- **Increased Tonnage More force, more** capability—handles the toughest rounds with
- Larger Catch Pan Increase work space for sorting and re-splits
- Swapable Log Lift to Either Side

The APEX isn't just another splitter—it's a game changer! Whether you're processing for business or for home, this machine is built for speed, strength, and reliability. Step up to the APEX. The future of firewood processing starts here.
