Throughput on Your Notcher Line Like You've Never Seen Before

Automation is the key to moving more board feet per hour without wasting labor hours.

That's what **MAX** delivers.

The KA 6000 Notcher is your solution for efficient throughput on boards from saw to stacker--nearly hands free.

ByPass Notcher[®] System *Integrates with M2L Board Stacker*

Feed both notched and non-notched stringers to the same board stacking line at up to 6000 boards per hour.

Why Compromise?

With 60 years in the business, L-M Equipment has more package cross cut systems in operation than any other manufacturer in North America. We serve customers around the world.

CHIPPER KNIVES, PARTS & RECONDITIONING SERVICES

U.S. Blades, now part of Burton Mill Solutions, provides chipper knives and wear parts that are built to last. Top quality tool steel, expert heat treating, exacting tolerances, and superior service combine to keep you chipping efficiently.

Patented knife clamps feature hex and tab mounting, the best system available. The bolt security lock system is a proven bolt locking solution that also enables quick and easy maintenance.

We have the edge.

FOOD COMPANIES INSIST ON AIR FLOW TRAILER SYSTEMS

- Trailer system kit starts at \$4,400 everything included.
- Reduces moisture and humidity
- Uses regular 53 ft. van.
- Solves storage problems.
- Reduces wasted time.

Jasper Products of Joplin, MO, a manufacturer of food related products, had struggled to eliminate mold on pallets. After trying Air Flow Trailer Systems, they have eliminated the mold problem. "We are happy with it because we aren't seeing moldy pallets. We tried many other solutions before and nothing else worked even marginally, but this AFTS fan system worked exceptionally well," said Ed Beam, vice president of Jasper Products. Jasper recently purchased additional units from AFTS, bringing their total to 40.

Libla. Leadership. Legacy.

The Libla name has deep roots in the pallet industry. From father David to son Jeff and daughter Marsha, the family has enjoyed a great partnership with pallet companies for many years. Legacy Fasteners, a new company, was started to continue that relationship of supplying pallet nails, expertise & pallet assembly solutions.

We Specialize In:

Machine Quality Bulk Nails

15° Small Coil

15° Highload

Marsha, Jeff and their team would like to talk with you today.

Resaw Systems

State of the Art. Dependable. Affordable.

Trusted since 1986

Veteran Owned

(208) 687-1478 | www.pawtaw.com

Veteran Owned

Guaranteed to Run... Right Out of the Box!

Wide Bandsaws from Bartlett's Saw are manufactured by life long saw filers. We know what sawmills need to keep their mills running right.

We manufacture and sell 4"-8" wide bandsaws (Single and Double Cut), 1¾" to 2" tooth space.

Every bandsaw we sell has to meet our high standards before we ship it.

Call us to place your next order...

MAGNUM LT CARRIAGE
Tough, Fast, Simple

✓ Fast payback

"We currently run four Hurdle mills and they give us the versatility to cut cants, ties, grade, and feed our thin-kerf resaws ... Hurdle has been a big part of our success for the last 25 years. You could spend 4 or 5 million dollars building a mill to square logs for a resaw, but why? Hurdle is the MOST cost effective headsaw, no other sawmill can produce like this and keep total capital investment this low!"

Brandon Clark, Clark Lumber Company

Selling my cut stock lumber through Bright Star's Premium Cut Auction has been a turning point for my business. The process is straightforward and reliable—I know exactly when my lumber will sell, and I always get paid within a week. Bright Star's marketing puts my products in front of serious buyers nationwide, and I've consistently seen strong prices and quick sales. Since partnering with Bright Star, I've reached new customers, moved more inventory, and grown my business. If you want a hassle-free way to sell your lumber and expand your reach, I highly recommend their auction. - John Gusler, Fairview Woodyard, Fairview MI

Southington, OH 44470

We are offering a rare opportunity to acquire a one-owner sawmill operation featuring top-tier, well-maintained equipment. The facility is efficiently configured for high-production output and has been carefully operated throughout its ownership.

Multiple acquisition options are available, including:

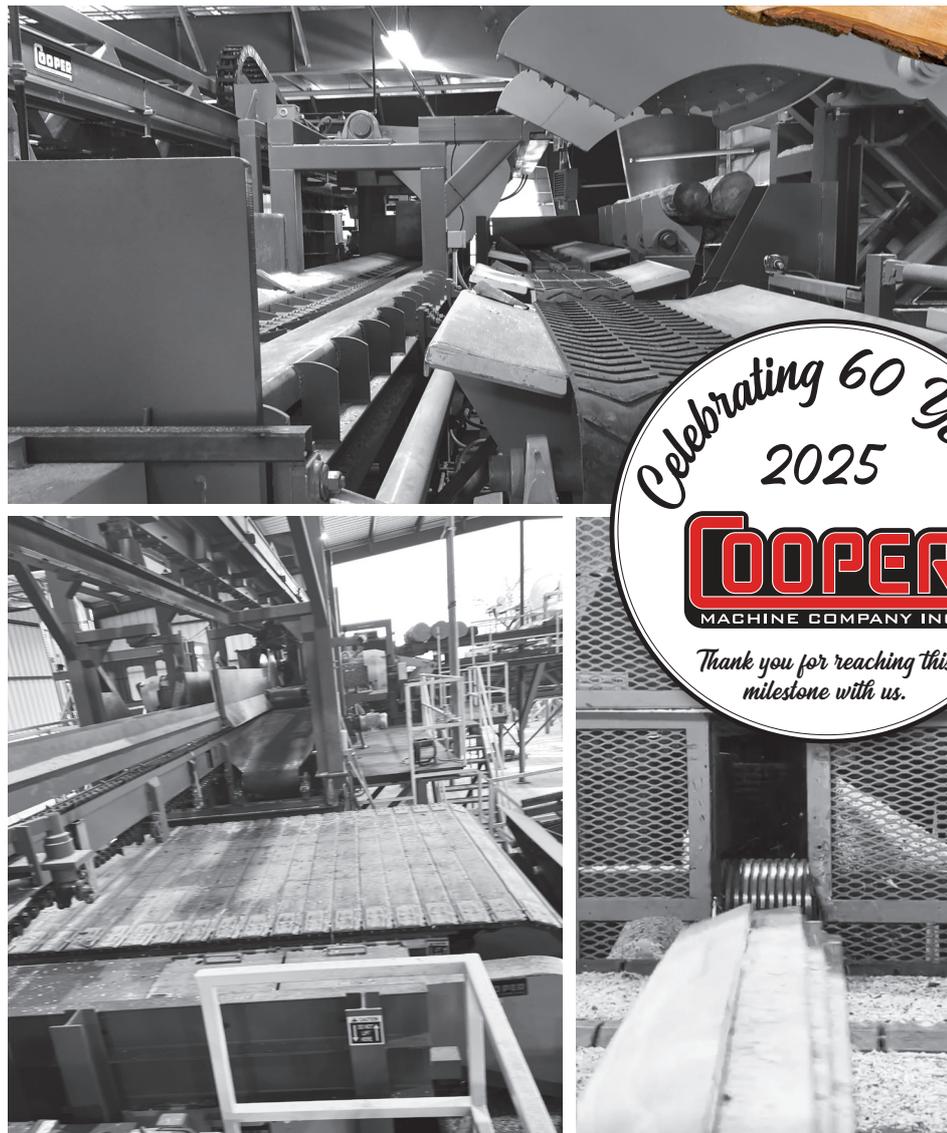

- Purchase of the business and equipment assets, with a lease-to-own option for the real estate.
- Purchase of select portions of the real estate.
- Acquisition of the entire property, consisting of approximately 70 acres of prime commercial land, extensive concrete and asphalt yard space, and 53,000 square feet under roof.

West Plains Grade Resaw Systems are Built to Run & Built to Last!

There is nothing more frustrating than constant breakdowns and lost production from machinery being built too light and with low quality parts. We have the solutions.

We Also Offer:

- Pallet Bandsaws — Single & Multi-Head
- Chopsaws — Single & Multi-Head Trimsaws, Mini Edgers,
- Whole Tree Cut-Up, Package Decks, Unscramblers,
- Log Decks, Green Chains, Belt & Roll Conveyors.

Find us on Facebook @ West Plains Resaw Systems

200 Series
Economical Grade Resaw to make your thin kerf, specialty mill or lower production circle mill more profitable. Standard cap. 16" x 16"

400/500 Series
The "Next Step" in production and profit. The perfect fit in medium & high production mills. Standard cap. 18" x 18"

600 Series
The "Ultimate" in production and profit. With the 6" band & 75 HP head motor you can easily cut grade lumber at 150 fpm and higher. Standard cap. 18" x 18". Optional — 20" x 20"

ALL of our Resaw Systems...

Pallet Nailing System

Pallet Chief Mfg has introduced its new Apache PLC nailing system. The Apache is ideal for producing oversized pallets and can be customized to any size needed. The model in this video (see QR code below) can build pallets ranging from 72" long by 50" wide and up to 196" long and 50" wide. A side flipper is available on oversized models for pallets measuring 60" or more. Every Apache comes with Pallet Chief's deluxe board stackers that allow the placement of two different board sizes.

"The Apache is built to handle the most demanding production environments and is the most durable machine to date produced by Pallet Chief," says product line manager Vern Ogle. All Pallet Chief nailing machines are designed and built in Alabama by American workers.

For more information, call 256-245-0417, email sales@palletchief.com or visit www.palletchief.com.
