February is National Children's Dental Health Month!

BRUSHA BRUSHA BRUSHA

TO CELEBRATE, we're offering you tips on how to keep your child's teeth healthy, white and bright. Remember brushing, flossing, a healthy diet and regular dental visits are necessary for healthy smiles.

How to Floss

1. Pull out enough floss, about 18 inches.
2. Wrap the floss around your middle fingers.
3. Gently guide the floss between two teeth using thumbs and index fingers.
4. Wrap the floss against the side of the tooth to prevent hurting your gums.
5. Slide the floss under the gumline and then move it up and down, rubbing the side of the tooth.

How to Brush

1. Put a small amount of toothpaste on your toothbrush.
2. Brush every tooth in a circular motion using an up and down motion.
3. Make sure you reach all of your top and bottom teeth.
4. Remember to brush where you chew: along the top and bottom back teeth.
5. Clean your teeth this way two times every day.
