Hearing & Loving It!

We've relentlessly pursued the latest in wireless technologies to create Z Series™, Starkey's newest full family of wireless products featuring next generation **900 MHz Technology** that leads the way in performance, comfort, personalization and connectivity.

Z series

Z Series wireless hearing aids are designed to:

- Help you hear and understand conversations better in noisy environments like restaurants
- Make loud sounds more comfortable while boosting soft sounds
- Stream TV, phone calls and more, directly to your Z-Series hearing aids

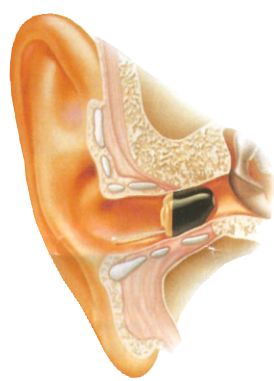

0% Interest! JUST 1/2 DOWN and LOW Monthly Payments WITH NO INTEREST!

HEAR What Our Customers Say!

One of the best decisions that I have made in a long time was when I decided to open the door at Long's Hearing Care in Cadillac Michigan. I went in for a hearing test. I was treated with respect from the second that walked in the door. Melissa met me at the front counter and took care of my needs in a very professional manner. I was tested and diagnosed for hearing aids. I was then fitted and when I returned back in 3 days my hearing life was changed. I now don't have to ask people to repeat what they said or have to guess an answer to a question that I really didn't even hear. Today I hear everything loud and clear. Life has completely changed for me. Thank you to Melissa and Mike at Long's Hearing Care!!

Bob McKenzie, Grand Rapids Michigan

Call us today to experience friendly, knowledgeable, professional service and quality hearing aids at affordable prices! **Serving the Community for Over 30 Years!**

Have You Thought About Invisible?

Starkey SoundLens is the first and most popular custom fit Invisible-in-the Canal (IIC) hearing aid ever made. It is custom fit to your unique ear canal for all day comfort, and rests deep inside your ear where no one can see it.

SoundLens come with Starkey's innovative features, including the industry's most proven feedback canceller, and a noise reduction speech preservation system that is designed to help you hear clearly and easily, even in noisy environments like restaurants. We can now

fit this technology on a wide range of hearing losses and the hearing aids are available at three technology levels and price points to suit your lifestyle and your budget. Please give our office a call if you would like to come in for an appointment to discuss this exciting technology.

hurry! last week to save!

Price Match Guarantee. We match any local competitors' advertised price. Exact items only. Local competitors' print ads must be brought in within 10 days from the start of the sale. Local competitors must have advertised items in stock. Excludes double & triple coupons, gift cards, clearance, percent off items, limited-hour specials, Buy One Get One offers, items advertised on the Internet. If a Shopko store sells an item below the ad price shown, you will receive the lower price at that store. Sale prices & percentages off represent savings on "Regular" or "Original" prices & do not apply to clearance merchandise. Actual savings may exceed stated percentage off. "Regular" & "Original" prices are the former or future offering prices for the item or a comparable item by Shopko or another retailer. Actual sales may not have been made at "Regular" or "Original" prices & intermediate markdowns may have been taken. "Regular" prices may vary locally in certain markets. Limited-hour specials are while quantities last. Sorry, no rainchecks. Clearance items are available while quantities last. We reserve the right to limit quantities. Merchandise & promotional offers available online at shopko.com may vary from those offered in Shopko stores. Merchandise styles/colors may vary by store. Not all product offered in this advertisement is available in Shopko, Shopko Hometown & Shopko Express Rx stores.

Hearing aids do not restore natural hearing ability. Individual experiences vary depending on severity of loss, accuracy of evaluation, proper fit and ability to adapt to amplification. Hearing screening and video otoscope exams are always free, they are not medical exam and are used to determine proper amplification needs only. See your Miracle-Ear rep for complete details on all offers contained herein. ^Studies conducted at the University of Northern Colorado (2014) and Oldenburg Horzentrum (2013) showed that Speech Reception Thresholds (SRT) in cocktail-party situations improved up to 2.9 dB for wearers with mild to moderate hearing loss using GENIUS with Directional Focus, compared to people with normal hearing. This corresponds to over 25% improvement in speech understanding. £ Free services and products available on ME4 Solutions and higher.
