Kubin's *Mattress Sale!*

- Helps reduce tossing and turning**
ComfortRight™ Layers
This advanced system of foams and fluffy fibers is designed to provide instant comfort. This helps reduce the pressure points that can cause tossing and turning so you can sleep more comfortably through the night.
- Minimize impact from partner movement**
TrueSense® Design
Serta's exclusive design helps minimize the impact of partner movements, working to isolate motion at its source so you can enjoy a peaceful night's sleep with fewer disruptions.
- Encourages proper back support & alignment**
Custom Support® System
Every Perfect Sleeper features a system of durable, yet flexible carbon steel coils that work to promote proper support and alignment across the entire body.
- Resists sagging & edge roll-off**
ComfortLast® Construction
Designed to enhance durability of the mattress and is thoroughly tested beyond industry standards to make sure it can resist sagging and edge roll-off. This enhanced durability can help extend the comfort life of your mattress.
- Promotes a balanced sleep temperature**
CoolBalance® Technology
A unique combination of high-performance heat and moisture-regulating fabric and an overall mattress design that helps promote airflow. Together, these help provide a comfortable, balanced sleep temperature.

PUBLIC SERVICE MESSAGE**HEALTH NOTIFICATION****Are You Hard of Hearing?**

A major name brand hearing aid provider wishes to field test a remarkable new digital hearing instrument in the area. This offer is free of charge and you are under no obligation.

These 100% Digital instruments use the very latest technology to comfortably and almost invisibly help you hear up to 25% BETTER THAN NORMAL HEARING! This amazing technology - GENIUS™. New GENIUS™ technology provides you up to 25% BETTER SPEECH RECOGNITION in challenging listening environments than people with normal hearing.* With the amazing directional focus feature, you are able to zoom in on a conversation, even with people who are on the side or behind you!

If you wish to participate, you will be required to have your hearing screened in our office FREE OF CHARGE to determine candidacy and review your results with the hearing instruments with our hearing aid specialist.

At the end of this evaluation, you may purchase this same model instrument, if you so desire, at a TREMENDOUS SAVING for participating in this test. Special testing will be done to determine the increased benefits of this technology.

Benefits of hearing aids vary by type and degree of hearing loss, noise environment, accuracy of hearing test, and proper fit. This is a wonderful opportunity to determine if hearing help is available for your hearing loss and get hearing help at a very affordable price.

We have set aside 30 spots for FREE testing next week. Do not delay; again, there is no cost or obligation to participate. Local testing will take place at the location listed below.

CALL NOW IF YOU WISH TO BE INCLUDED
IN THIS FIELD TEST.

*Hearing screening is always free. Not a medical exam. Audiometric test to determine proper amplification needs only. **Hearing aids do not restore natural hearing ability. Individual experiences vary depending on severity of hearing loss, accuracy of evaluation, proper fit and ability to adapt to amplification. ^See yourr Miracle Ear representative for complete details. Field test is an in-office demonstration. Not valid with any other offer or discount. See your Miracle-Ear representative for complete details on all offers presented in this advertisement. Studies conducted at the University of Northern Colorado (2014) and Oldenburg Horzentrum (2013) showed that Speech Reception Thresholds (SRT) in cocktail-party situations improved up to 2.9 dB for wearers with mild to moderate hearing loss using GENIUS with Directional Focus, compared to people with normal hearing. This corresponds to over 25% improvement in speech understanding.

THINK YOUR FIRE IS OUT? CHECK AGAIN!

EMBERS CAN REMAIN HOT FOR DAYS. BE EMBER AWARE!

DEBRIS PILES
 Embers left behind from burning debris piles can remain hot for days, even weeks. Wind can expose smoldering embers hidden in the ashes, allowing them to escape and cause a wildfire. Before leaving, drown the remains with plenty of water, stir, and repeat until cold.

WOOD HEAT ASHES
 Embers from cleaning out ashes in a woodstove, fireplace, wood boiler, or outdoor furnace can remain hot for many days when dumped in the outdoors. Wind can

expose smoldering embers, allowing them to escape and cause a wildfire. Store ashes in a metal container, drown with plenty of water, stir, and repeat until cold. Only dump cold ashes in areas free of flammable material.

CAMPFIRES
 Embers left behind from burning in fire pits or campfire rings can remain hot for several days. Wind can expose smoldering embers hidden in the ashes, allowing them to escape and cause a wildfire. Before leaving, drown the remains with plenty of water, stir, and repeat until cold.

Study Links Sudden Hearing Loss to Stroke

The American Heart Association published a recap of an extensive study that establishes a relationship between sudden sensorineural hearing loss and stroke. This study suggests that sudden loss of hearing might be an early sign of vulnerability to stroke, foreshadowing an actual stroke by as much as two years.

The study, which took place over five years, tracked 1,423 patients who had been hospitalized for unexplained, acute, sudden hearing loss. Also included in the study was a control group of 5,692 patients for comparison purposes. The group reporting severe hearing loss was more than 150% more likely to experience a stroke within two years of the hearing loss when compared to the control group. That number falls well outside the margin of error, which means the results, in fact, do establish that all-important connection between sudden hearing loss and the potential for stroke.

Sudden loss of hearing is a scary thing and often comes without any known cause. If you experience a sudden, acute loss of hearing, visit your physician or nearest medical center as soon as possible for treatment.

Our doctors and staff have served the Mid-Michigan community for over 30 years. Each doctor and staff member takes pride in offering each patient sincere, compassionate, and professional care at every visit. We are very mindful that your time is important and we strive to run on schedule at all of our locations. Our friendly staff have over 800 years of combined experience in the eye care field and most have been with our practice for 20 or more years. The doctors and staff are very involved in the communities they live in and are always happy to answer any questions you may have.

We offer comprehensive eye examinations for pediatrics to geriatrics and everyone in between. We have new, specialized technology to assist with the management and care of ocular diseases including: glaucoma, macular degeneration, diabetes, cataracts, eye infections, eye injuries, dry eyes, as well as many more. If you have an eye emergency, infection, or injury, please do not hesitate to call us and we will schedule you an appointment the very same day.

We have the largest frame selection in our area and carry many designer brand glasses and sunglasses. We offer the highest quality frame and lens materials at an affordable price. The doctors use the latest contact lens technology to offer superior comfort and fitting. We will fit contact lenses

on any patient that wishes to try them, even if they have not succeeded in the past, as there have been many advancements in this technology in just the past few years.

Two of our larger offices are located in convenient areas. In Alma our clinic is found on Pine Avenue across from Alma High School and our new office in Mt. Pleasant, previously located on Mission Street, is now located on Lincoln Road near M-20. All of our offices are fully handicap accessible for your convenience. Please call us or visit our website www.mieyedocor.com so we can connect you to the office nearest you.

Almost all medical and vision insurance plans are accepted by our offices. Call us today to make an appointment or check the coverage on your insurances. Please feel free to stop by to have your glasses adjusted for free or to meet our knowledgeable staff if you have any other questions on the care we can provide for you. New patients are always welcome.
