The U.S. Food and Drug Administration has approved Uptravi (selexipag) tablets to treat adults with pulmonary arterial hypertension (PAH), a chronic, progressive, and debilitating rare lung disease that can lead to death or the need for transplantation. PAH is high blood pressure that occurs in the arteries that connect the heart to the lungs. It causes the right side of the heart to work harder than normal, which can lead to limitations on exercise ability and shortness of breath, among other more serious complications.

Postmenopausal African-American women who use female hormone supplements containing estrogen and progestin ("combination" therapy) are at an increased risk for estrogen receptor positive breast cancer. A study in the Journal of the National Cancer Institute found the overall increase in risk was 50 percent, with greater increases for recent and long-term users.

The drug sildenafil, sold as Viagra and other brand names, improves insulin sensitivity in people at risk for diabetes, researchers reported in Journal of Clinical Endocrinology and Metabolism. Sildenafil inhibits an enzyme called phosphodiesterase 5 (PDE5), resulting in relaxation of smooth muscle, vasodilation and increased blood flow. Sildenafil is used to treat erectile dysfunction and pulmonary arterial hypertension.

Opioids may cause short-term improvement in mood, but long-term use imposes risk of new-onset depression, a study published online in the Annals of Family Medicine shows.

Why do most so called Christian churches reject Christ's Words yet claim to believe in Him? Is His authenticity as The Holy Truth (Jn 14:6) questioned that He is not to be obeyed, as the Pharisees, etc? Does this mean that most so called Christian churches do not believe The Holy Truth? Is a religion of lawless doctrines (Dan 7:25) more credible by calling it Christianity, yet do not believe what Christ said! Some quote you are only wanting to argue when asked for Bible proof of their lawless religion that they cannot show. They want you to believe in their religion by their words, not The Bible!

WAREHOUSE DISCOUNT GROCERIES

Saving You MONEY

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
