Comedy Weekend Returns To Grand Falls Casino & Golf Resort In October!

We are excited to announce a weekend of laughs! Legendary duo, Williams and Ree will kick off Comedy Weekend on Friday, October 21, 2016, at 8:00pm. The jokes continue with comedy legend Jim Belushi accompanied by the Board of Comedy, who will take the stage on Saturday, October 22, 2016, at 8:00pm.

Williams and Ree, the self-professed 'Indian and White Guy,' have been entertaining audiences around the world with their unique and irreverent comedy/musical style for over three decades. Bruce Williams and Terry Ree have been entertaining fans at Grand Falls for several years, returning every year with a brand new act guaranteed to make you laugh out loud! Tickets are just \$20!

With more than thirty years of experience and an alumnus of "Saturday Night Live" and Chicago's famed "The Second City", Jim Belushi is now bringing to the stage an improvised comedy sketch show featuring members of the Board of Comedy. Accompanying Belushi is a group of classically trained professional improvisers who tour regularly nationwide. Tickets are \$50 and \$45.

Be the first to get tickets to see these incredible entertainers on the Grand Falls Event Center stage! Tickets for both shows go on sale Friday, May 13, 2016, at 10:00am. Tickets can be purchased online at www.grandfallscasinoresort.com/events, by phone at 712-777-7803, or in person at our Gift Shop.

"Putting For Patriots" Event

Pirate's Cove Adventure Golf, in Arnolds Park, IA, will host the Tenth Annual Putting for Patriots fundraiser from Friday, May 13 through Monday, May 30. This national event will occur simultaneously at 33 Pirate's Cove, Pirate's Island and Jungle Golf miniature golf courses throughout the United States.

This May event will culminate on Memorial Day weekend and support three charities, which serve our wounded veterans, their families and survivors of the fallen. These organizations include: "Hope For The Warriors", "Homes for Our Troops" and "TAPS—Tragedy Assistance Program for Survivors." Pirate's Cove, Jungle Golf and Pirate's Island will donate a percentage of their total sales on Saturday, May 28 through Monday, May 30. In addition, from May 13 through May 30, each golf course will accept donations to be turned over to the three charities. Since its inception, this event has raised over \$293,000.

"Memorial Day was specifically founded to remember those who died serving our nation," notes Brad Graft, Pirate's Cove Partner and Regional Director. "The Pirate's Cove / Pirate's Island family thought it appropriate to establish an annual event to serve charities that assist our living veterans and the survivors of fallen military members. These are men and women who have sacrificed so much for our freedom."

Pirate's Cove, Pirate's Island and Jungle Golf operate 33 miniature golf courses throughout the United States. For more information, visit their Web sites at www.piratescove.com, www.piratesislandgolf.com, and www.junglegolfminigolf.com. Additional information on the above charities can be found by accessing their Web sites: www.hopeforthewarriors.org, www.homesforourtroops.org and www.taps.org. To become a participating Putting for Patriots golf course, see the Putting for Patriots tab on the home page of the Pirate's Cove Web site: www.piratescove.com.

Ritchie Valens, Gone But Not Forgotten

Gone but not forgotten is the best explanation for the actions of a city on the West Coast, 57 years since the passing of its hometown hero Ritchie Valens.

A proclamation by the City of Los Angeles, California, honoring the life and music of Ritchie Valens on his 75th birthday was issued on Friday, May 13, proclaiming it Ritchie Valens Day in the City of Angels.

Ritchie's sister, Connie Valens-Anderson of Spirit Lake, says the family is touched by the events taking place in Los Angeles.

Ritchie Valens, had he not perished in a plane crash near Clear Lake on February 3, 1959, would have celebrated his birthday with his family and friends. He was born Richard Steven Valenzuela in Los Angeles, California on May 13, 1941. His death, alongside Buddy Holly, JP "The Big Bopper" Richardson and pilot Roger Peterson, made news around the world.

At the age of 17, he was writing and performing his own music. Valens wrote 22 of the 33 songs he recorded. He has one of the few doubled sided hits, with "Donna" and "La Bamba."

In 1987 the motion picture of Ritchie's life "La Bamba" was released, introducing the young star's music to new generations of fans.

Posthumously Ritchie Valens has received a star on The Hollywood Walk of Fame, United States Postage Stamp, was inducted into the Rock & Roll Hall of Fame at Cleveland, Ohio, Iowa Rock & Roll Hall of Fame and the Rock & Roll Hall of Fame. Ritchie was also inducted into NAMA, Native American Music Association. Ritchie's mother was a descendant of the Maya and Quaquei tribes. She made an appearance in the movie and was pleased with the final product. "Mama" passed away shortly after the movie hit the theaters around the United States.

Joining Valens-Anderson in expressing their appreciation to fans both here in the United States and around the world for perpetuating Ritchie's musical legacy are his brothers Bob Morales and Mario Ramirez in California and Irma Norton of Las Vegas, Nevada.

"Everyone is so special to us for remembering our brother," Valens-Anderson said. "Especially here in Iowa they honor Ritchie every year at the Surf Ballroom in Clear Lake and at many events around the state. We are grateful for the welcoming warmth we feel here in the state where tragedy struck for us many years ago."

The Valens family continues to gather in Iowa once or twice a year. They are honored by the event taking place in Los Angeles and touched that so many people continue to remember their beloved brother.

Arts on Grand's first ever Arts and Crafts Garage Sale (ASGS) is right around the corner, but there is still time to raid closets, drawers, bins and storage units for any arts and crafts supplies, materials, tools, books, patterns, equipment, etc. to donate to the sale. June should soon be bustin' out all over

With a rainy spring hopefully behind us, Oscar Hammerstein's lyrics from *Carousel* should soon come true, and June will be "bustin' out all over." That will bring the 41st Annual Glenn Miller Festival to Clarinda, Iowa the weekend of June 9 - 12.

The festival is an opportunity for you to join thousands of guests and entertainers from around the world as they converge on the birthplace of American bandleader, trombonist, composer and arranger Glenn Alton Miller, who disappeared while directing the Glenn Miller AAF Band during World War II.

In addition to the bands from around the world, *The World Famous Glenn Miller Orchestra* will be part of the fun again this year, along with picnics, dances, and historical displays at the Clarinda High School and the Glenn Miller Birthplace Museum.

More information can be found at <http://glennmiller.org/festival-2/> or by calling the GMBS, 712-542-2461...

Thursday's opening includes a kick-off barbecue and a concert on the Square featuring the *Shades of Blue Jazz Ensemble*, an 18-member band that is part of the *United States Air Force Band of Mid-America*.

Festival Friday starts with a panel discussion of all things Glenn Miller. 'Got a question? One of the expert panelists will have the answer!

Friday will also feature several concerts, including *The Glenn Miller Birthplace Society Big Band*, conducted by Tom Daugherty; and *The Tamana Girls High School Band*, *The Swing Esquire Orchestra*, and *The World Famous Glenn Miller Orchestra*. The girls from Tamana and the *Swing Esquire Orchestra* - both from Japan, will perform at the high school. These are both top groups. You can find their videos at <http://glennmiller.org/entertainers/>

Festival Saturday is another full day of music that begins with the Big Band Breakfast and concludes with *A Night At The Cafe Rouge*.

The Glenn Miller Orchestra and *The Des Moines Symphony* will be uniting to create the wonderful sound of Glenn Miller's *Army Air Force Band*. This will be a rare opportunity to hear the sound Glenn created that many feel was the greatest big band ever! This will be a one-concert performance only, on Festival Saturday.

The Glenn Miller Birthplace Museum will be open throughout the festival, with extended hours (10:00 a.m. - 6:00 p.m.) Thursday, Friday, and Saturday.

There was Glenn Miller's music in the air at the U.S. Air Force Museum in Dayton, Ohio, when we toured the World War II section of the site last week - a stop we'd suggest to anyone interested in aviation dating back more than a century, to modern-day aeronautics. Check out the details at nationalmuseum.af.mil

Also last week, Spirit Lake Middle School Band Director Rich Nicklay had the privilege of performing with the newly formed, 75 member, *Brushy Creek Honor Flight Band* that welcomed 142 veterans back to the Fort Dodge Regional Airport to the sounds of patriotic melodies, hymn tunes, and well-known Karl King marches.

Nicklay, who was recognized for driving the furthest distance to participate, told us he was honored to be a part of the event. He also pointed out that Cindy Johnson, of Hardy, a member of his *Northwest Iowa Concert Band*, was a part of the welcome home as well.

Nicklay played in another of these events in the summer of 2010 in Des Moines...

Another note from the SLMS band director explains that this will be the 30th year his middle school band will be marching in Saturday's *Orange City Tulip Festival Parade*. The bands begin at 2:15 Saturday afternoon, a time that Professor A. Good Outlook says should see temperatures in the mid-70s under partly cloudy skies - after the slim possibility of morning showers to keep the tulips cool.

Research director RD notes that Saturday night's full moon is known as the "Flower Moon" because flowers spring forth in abundance in May...

This week will also see *Jessie James and the Outlaws* at Table 316 in Arnolds Park, Wednesday night, from 7 - 9:00...

Boji Bay's free summer concert series kicks-off Thursday night at 7:00, with *The Velaires*. Doors open at 5:30...

Also Thursday night, Clint Riedel will be entertaining on the stage in the barn from, 6 - 8:00, at the Little Swan Lake Winery, just north of Superior. Damon Dotson will take over the same stage on Sunday, from 4 - 6:00...

Another concert season kicks-off next Tuesday night (the 24th), at the *Discovery House*, at 1411 Hill Avenue, in Spirit Lake. The music students at Spirit Lake High School will be featured in the first Porch Party, when Discovery board members will be grilling hot dogs and provide soft drinks starting at about 6:00, with entertainment about 6:45...

The aforementioned RD asks this week what Mason City's Meredith Willson and Canonsburg, Pennsylvania barber-turned-singer Perry Como have in common. It is, of course, that they share a May 18 birth date, along with a liking for Christmas music.

While Willson is most famous for *The Music Man*, he also wrote the yule song, *It's Beginning To Look A Lot Like Christmas*, which RD found was a hit for the former barber and the Fontane sisters 65 years ago...

And, as of tomorrow - which just happens to be May 18 - there are just 220 days 'til Christmas. Cheers!

All the news that fits we print.

Eckard Recognized By Governor Branstad For Academic Excellence

Peter Eckard, a student at Okoboji, was recognized by Governor Terry Branstad and Lieutenant Governor Kim Reynolds for outstanding academic achievement at the Fourteenth Annual Governor's Scholar Recognition Ceremony May 1, at Hy-Vee Hall in Des Moines.

The statewide program, sponsored by the Iowa Governor's Office, Iowa High School Athletic Association (IHSAA) and its title sponsor the Iowa Farm Bureau Federation (IFBF), honored 432 high school seniors from across Iowa.

"Iowa Farm Bureau members believe that by investing in our youth and communities, we're investing in the future of Iowa," said IFBF President Craig Hill. "We are so proud to honor such exceptional students and proud to be a leading contributor to educational programs and annual scholarships for our youth."

Each high school was invited to select their senior student or students with the highest academic ranking, based on a grade point average for their first seven semesters. Students selected for the award also had the opportunity to recognize their favorite/most influential teacher and will receive a photo plaque of their meeting with Governor Branstad and Lieutenant Governor Reynolds.

"The principles learned through academic success, like those learned from participation in education-based activities, help develop outstanding leaders and citizens," said IHSAA Executive Director Alan Beste. "The partnership between the IHSAA and the Iowa Farm Bureau, along with the great cooperation of the Governor's Office has made this prestigious event possible for many years."

Ninety-nine percent of those recognized also participate in extracurricular school activities, with more than 80 percent participating in at least one interscholastic sport. More than 60 percent of the group plan to continue their education in Iowa.

Okoboji Elementary Students Hold Clothing Drive For African Children

A presentation to young people at a local church resulted in a successful clothing drive for African children.

Two fourth grade students, Avery Ballis and Nixie Doll, after hearing the talk, went to their school principal and asked permission to hold a clothing drive for the African children. They organized a competition among the four classes of fourth grade students in the Okoboji Elementary School to see who could collect the most clothing and money for the African children. The youth program at Harbor of Joy Lutheran Church, Joy Kids, also participated in the activity.

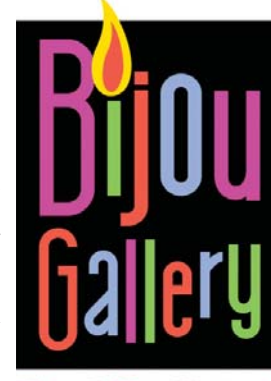

The competition resulted in the collection of four large bags of slightly used clothes and \$127.51 in cash. Distribution of the donated clothes and money will be under the direction of Patti Griffiths when she next travels to Tanzania.

Griffiths is the co-founder of Next Life Foundation, a vocational training center in Mbuguni, Tanzania and she works with STEMM (Siouxland Tanzania Educational Medical Ministries) headquartered in Sioux City, Iowa. Griffiths was also instrumental in organizing the after school programs for Milford young people at Harbor of Joy. Patti expressed her appreciation for the efforts of Nixie and Avery for helping the children of Tanzania Africa.

Harbor of Joy Lutheran Church is affiliated with LCMC (Lutheran Congregations in Missions for Christ). Worship, fellowship and education begin at 9:00am each Sunday morning. Harbor of Joy is located at 1204 L Avenue in Milford. Visitors are always welcome.

Bijou Gallery Celebrates First Birthday In Okoboji

It's party time at Bijou Gallery! Now entering its second year in the old stone cottage on 71 Highway, Bijou Gallery is celebrating with a special customer appreciation discount event, now through Memorial Day weekend. Everyone who makes a purchase gets to draw for their discount and everyone wins.

First Birthday!

If you haven't yet discovered Bijou Gallery, you should definitely check it out. New to Okoboji, last year, the shop offers area residents and visitors a colorful, cozy place for unusual gifts, artwork, home décor, collectibles and jewelry. "Everything here is made by hand in North America," explains owner Kathryn Buckley. "As an American fine crafts gallery, the shop features and promotes the quality and creativity of artists from throughout the United States and Canada." Browsers are treated to a diverse selection of work by more than 100 artists – glass workers, potters, wood crafters, fabric artists, jewelry makers, metal sculptors, photographers and more – spanning a broad range of tastes and price points. "And since last Memorial Day, several well-known local artists have joined the family here," she continues.

Bijou Gallery was formerly located in Parkville, Missouri, a historic river town on the northwest edge of Kansas City. Buckley owned and operated the shop for several years under a different name (River's Bend Gallery), but decided on the new name once she knew she would be located in the stone cottage. "Bijou means 'ornate little gem' or 'little masterpiece,'" she says. "Not only is it a perfect description for the work represented here, it's also a perfect description of this charming little cottage."

Bijou Gallery offers several amenities for customers including custom orders, shipping arrangements, all-occasion gift registry services, a layaway program and corporate gift sourcing.

"Our hours are 10:00am to 4:00pm daily," states Buckley, "but starting Memorial Day weekend, we will stay open until 5:00pm on Fridays and Saturdays. We also accept all major credit cards."

Prairie Lakes Conference At Arrowwood

Everything in the world is connected. A vibrant example of that connectivity is where prairie and lakes meet. A mutual admiration society, these two ecosystems affect each other and depend on each other in the Iowa Great Lakes area.

That is why conservation professionals from throughout the region have banded together to create the Prairie Lakes Conference Thursday-Friday, August 11-12, at the Arrowwood Resort & Conference Center in Okoboji.

General and concurrent sessions will address a variety of prairie lakes issues, from large to small. Minnesota Department of Natural Resources wetland ecologist Mark Hanson will discuss natural lake ecology; Sean McMahon, executive director of the Iowa Agriculture Water Alliance, will present on Iowa's Nutrient Reduction Strategy; Doug Peterson with the U.S. Department of Agriculture will address soil health issues; and Nicole Hansel-Welsh, shallow lakes program supervisor with the MN-DNR, will present on lake programs to our north.

A full schedule of speakers will be available at www.pciowa.com as they are confirmed. "The program committee has worked hard to put together a wide range of topics from professionals working in a variety of water-related fields," said Kiley Roth, community relations coordinator with the Dickinson County Conservation Board. "These are issues that are important to people working in conservation as well as area residents who have a vested interest in water quality issues."

The \$100 registration cost for the conference includes the two-day conference, meals and an evening social on August 11. Registration is open at www.pciowa.com.

The conference is a partnership between the Clean Water Alliance, Dickinson County Conservation Board, Dickinson County Soil & Water Conservation District, FYRA Engineering, the Iowa Department of Natural Resources, Iowa Lakeside Lab, Iowa Water Center and the Okoboji Protective Association with the help of other individuals and organizations.

"The Iowa Water Center was approached to help plan this conference because of our success with the Iowa Water Conference," said Melissa Miller,

program coordinator with the Iowa Water Center. "There is so much opportunity for natural resource education and collaboration in our state, and I am thrilled with the prospect of local, specialized conferences that complement the water conference."

The Prairie Lakes Conference is meeting a great need for a very unique and beautiful area of our state that isn't always addressed in other educational efforts. Catherine Bosley, a member of the planning committee from FYRA Engineering, has been a lifelong resident of the Midwest and a frequent visitor to the Iowa Great Lakes area, creating her interest in improving and protecting lake water quality.

"Lakes in the prairie region are unique and are a very valuable resource to our communities," she said. "I am excited about the conference because of all the educational opportunities for the participants. Attendees will learn about the science of how a lake works, common water quality problems and ways to restore and protect our lakes."

In addition to the conference, several other Clean Water Week events will be held. Register at www.pciowa.com for the Soil Health Field Day 5-7:30pm August 10 and enjoy a meal while listening to professionals advocating for soil health as well as local farmers testifying to what improved soil health has meant to their farming businesses.

The annual We Pedal Clean Water conservation bike ride will be held 8am-noon August 13. Registration will be held 8-9am at Ainsworth-Orleans Beach in Spirit Lake, and then ride around Big Spirit Lake and stop at five locations to learn about a variety of clean water practices and projects. Registration opens June 1 at www.dickinsoncountynaturecenter.com.

Following the bike ride, the Okoboji Blue Water Festival will take place at Preservation Plaza in Arnolds Park. Check out booths promoting water quality, take part in family-friendly activities and fishing clinics and enjoy live music by local artists in the afternoon and Boz Scaggs at 9pm.

For more information about the Prairie Lakes Conference, visit www.pciowa.com or e-mail info@pciowa.com.

Area High School Students Explore Aviation Careers At ILCC

Iowa Lakes Community College hosted area high school students interested in flight careers for the 2nd Annual Aviation Exploration Day on Thursday, May 5 at the Iowa Lakes Aviation facility at the Estherville Municipal Airport.

"The Sky's the Limit" theme gave 50 students from Estherville, Spirit Lake, North Union, Spencer, Algona, Emmetsburg, Okoboji, Sheldon, and his 1975 Cessna Ag Truck aircraft. Mason City the opportunity to explore several aviation related careers—many of which they had never before considered.

Every student experienced pre-flight preparation as well as airport components and their importance including beacon, taxi ways, run way lengths and lights before taking off for a 15 minute plane ride. After the flight over Estherville, students also learned about the post-flight inspection procedures.

"I have never been in a plane before so it was a great first experience," stated Spirit Lake freshman, Dayne Fisbeck, who was among the first group of students to take flight in the Iowa Lakes Cirrus SR20 aircraft, flown by Iowa Lakes flight instructor Kyle Maloney.

In another session, students learned about the importance of science, technology, engineering, and math (STEM) in aviation by completing hands-on activities to learn about the use of radars, weather patterns, flight plans, and weight and balance, while practicing their skills with the flight simulator.

"An event like this shows students how much diversity there is in the field of Aviation," stated Ron Duer, Chief Flight Instructor. "There is a place for people at various skill levels and with various interests. Not everyone wants, or needs to be, an airline pilot to be able to work in the world of aviation," he added.

Career presentations featured a multitude of options with industry partners discussing opportunities from flight to ground control maintenance. Professionals in the industry discussed fixed wing, rotor, and agricultural flight careers.

Area professionals also brought their aircraft for demonstration and use during presentations, one of which included Jim Kohlhaas of Algona Aero Service, Inc. with his 1975 Cessna Ag Truck aircraft used for crop-dusting.

Other individuals that helped make this event possible: Paul Slaughter, of Estherville Aviation, took time to speak with the students about his job maintaining the Iowa Lakes aircraft that the students rode that day; Iowa Lakes student Tristan Boehm showed students the Ag-aircraft that he will be flying this summer; and Keith Brandt, of Algona, was also present and discussed his experience as a fighter pilot in the Air Force with the students.

The event was co-sponsored by the Connect @ Iowa Lakes program, the STEM Hub, and the Aviation/Airport Management program. For more information, contact Molly Bates, Intermediary Connections Coordinator, at 712-362-0441, or Ron Duer, Chief Flight Instructor, at 712-362-7961.

Summer Learning Loss Prevention Program

Summer slide may sound like an exciting summer activity, but in reality it is no fun at all. The term refers to the learning loss many children experience over the summer. The summer learning loss phenomenon is especially harmful to children who end the school year behind their classmates—pushing them even farther behind their peers. Repeat this year after year, and you see major consequences. In fact, a recent study shows that one in six children who do not read proficiently by third grade fail to graduate high school on time—four times the rate for children with proficient third-grade reading skills.

The Y wants children to experience their best summer ever, so to combat summer slide, the Bedell Family YMCA, in partnership with the Okoboji School District, will offer a learning loss prevention program for approximately 32 first and second grade students from Okoboji Elementary School who are most at risk of falling behind in their reading skills over the summer. The Summer Learning Loss Prevention program, a national initiative with the Y, supports cognitive, physical and social-emotional growth while focusing on helping children read at grade level by the third grade.

"The summer is a time for play, but it's also important that children stay engaged and continue to learn even when they're not in school," said Andrew Fisher, Program Operations Director. "The Y's Summer Learning Loss Prevention program ensures children stay on track and start the school year strong, rather than playing catch up."

The Summer Learning Loss Prevention program is designed for children going into second and third grade currently reading at or below grade level. "This is just one more opportunity for the Okoboji Schools to partner with the YMCA to impact our students," says Justin Bouse, Okoboji Elementary Principal. "We are excited about this program, and look forward in seeing its impact the coming school year".

The Bedell Family YMCA will be working with teachers and principals from the school district to identify students who will benefit the most from the program. The program will be held for 7 hours four days a week for six weeks in the summer (June 6th – July 15th). This program is provided through the Y-Kids Summer Adventure Club and is dedicated to literacy work and enrichment activities that include art, music, science and physical activity.

Nationally, the Y worked with over 3,300 children who participated in the Summer Learning Loss Prevention program last summer. Initial results show strong gains in reading skills for all participants helping the students get on track for their grade level. In addition to this:

- Nearly all parents/caregivers (97 percent) reported that their child was "more excited to learn" and 94 percent reported their child showed "increased self-confidence."
- 96 percent of families believed the program would help their child do better in school;
- 95 percent reported that the program helped their family read more books; and
- 94 percent said it helped them get more engaged in their child's education.

The Y is committed to nurturing the potential of every child and teen and is addressing the academic achievement gap through pilot programs focused on afterschool, early learning readiness, STEM and summer learning loss prevention. The programs, which are underway in nearly 46 states across the country, are designed to not only increase success in school, but to also foster social-emotional development and physical health and well-being. As part of the Y's national scaling efforts to address the achievement gap, the Summer Learning Loss Prevention program is now offered in 32 states.

Arnolds Park Library News

Library Olympics at the Arnolds Park Library
We are excited to announce our new summer reading program entitled "On your mark, Get set, READ!". Library Olympics 2016. The program will kick off on Wednesday, June 1st, at 10:00am. Children of all ages are welcome and there is no cost to participate in the program.

June 1 at 10:00am - Ready, Set, Sign-up!
Stop by the library to get a sneak peak of our summer reading program. This is a great time to turn in your sign-up sheet (if you haven't already done so), and check out all the new books! Kids will get their summer reading program T-shirts and have a chance to add their own personal touches, as well as hang their reading medals in the hallway. Before leaving make sure to pick up your reading logs and supplies for next week's parachute experiment!

June 8 at 10:00am - Experiment, Exercise, And Eat- Everything We Need To Stay Healthy!
This program is all about keeping a healthy mind and body. We will be joined by Brittney Janicek from the YMCA; Grace Phelon, HyVee dietician; and Chris Yungbluth, Arnolds Park Fire Chief. Brittney will be teaching a "kid friendly" exercise class and showing the kids some fun exercises to do at home to stay active over the summer. Grace will be talking with the kids about the importance of eating healthy. We will learn some fun facts about nutrition and have a chance to put those skills to the test as they prepare some kid approved snacks. Chris Yungbluth will be helping the kids exercise their minds as they put the finishing touches on their Egg Parachutes. The kids will get to ride up in the ladder truck to test out their creations! The parachute supplies will be sent home the week prior and the kids can build their parachutes individually or as a group. If you are unable to stop on June 1, please come by any time before June 8 to get your supplies.

June 15 at 10:00am - Science Center of Iowa- Fantastic Forces!
Get ready for takeoff! Have you ever wondered what it takes to be a pilot or an astronaut? What makes it possible for airplanes to fly? This program will answer many questions about the mystery of flight. Join us as we take off on an out of this world journey to explore the forces that enable us to zoom through the air at staggering speeds. Using science demonstrations and audience participation we will rethink the marvel of flight and learn how physics is the ultimate ticket to new destinations. The kids will also learn how healthy and physically fit a pilot and astronaut needs to be to fly in the sky!

June 22 at 10:00am - Animal Athletes: The Zoo Is Back And Bigger Than Ever!
The Blank Park Zoo from Des Moines will be joining us once again for a fun new program. This program will explore some of the world's strongest, fastest, and largest animals. We always enjoy watching athletes compete in the Olympics, but what if animals had their own Olympics? Who would be the best at high jump, swimming, or gymnastics? Come and enjoy this wonderful program sponsored by the Arnolds Park Library Foundation and meet some of the greatest animal athletes!

June 29 at 10:00am - Library Olympics!
The fire department and police department will be joining us for a morning of "Olympic" fun! They will have obstacle courses set up for the kids to run through. These courses will be a "kid friendly" version of what our firemen and police officers do at training. There will also be bouncy houses, games, face painting, and fire truck rides! The firemen will have the grills going and lunch will be served around 11:00am. In addition to these wonderful programs we will be having our weekly reading program. The kids will keep track of the books they have read and bring their reading log into the library. Each week the kids will get to spin our "wheel of fortune" for a chance at an extra "superhero" prize as well as pick out a free book to take home as a reward for all their hard work! The reading program will run from June 1 through July 31.

To sign up for the program, or for more information, please stop by the library at 156 N Highway 71 (located in the City Hall building). We hope to see you this summer!

Cliff Hinderman To Speak

The United Methodist Women welcome Cliff Hinderman at the United Methodist Church on Wednesday, May 25. Join us to hear Cliff Hinderman speak at 1:30pm at the Fireside Room on first floor at the United Methodist Church main building at 1812 Gary Avenue-right off Highway 9 and 71 in Spirit Lake (one block from the courthouse). The public invited to attend.

Cliff spends 6 months every year in Oaxaca, Mexico, in the state of Oaxaca. He volunteers his time at the Oaxaca Street Children Grassroots Center he started many years ago. His quote is "Remember—giving a child a peso on the street only helps today, but investing in the child's education helps for a lifetime." He will have items to sell made in Oaxaca by his many artist friends in Oaxaca. He is a retired Spirit Lake High School Spanish teacher. They also have a wish list that we can all give to. They need vitamins, toothbrushes, erasers, pencil sharpeners, rulers, markers, notebooks, colored pencils (box of 12) colored paper and Spanish-English dictionaries. They also have 600 children who are sponsored every year. The center is at Centro de Esperanza Infantil Crespo No. 308 Col. Centro CP 6800 Oaxaca, Oaxaca, Mexico (coordinator@oaxacastreetchildrengrassroots.org). Send donation to: Oaxaca Street Children Grassroots, PO Box 2219 Benton, Arkansas 72015. They are on Facebook at Centro de Esperanza Infantil AC-Oaxaca Street Children Grassroots.

Knowing Cliff Hinderman is great. Colleen Lemkuil, program presenter will introduce Cliff. Colleen says, "I have so much respect for Cliff. We have been to Oaxaca with Senor Cliff and we have one of his students he sponsors, Don Beto Gonzales Cruz who is from Santiago Chile. He now lives in Juhatan, Oaxaca with his sister, husband and their two children." Gracias to all of you who assist Cliff and his program and come and chat with him, meet him if you are new, buy items, bring items to give to him to take to the center, and sign up to sponsor a child. He is known as Senor Cliff and he is like an angel helping the people.

Hostesses are Bonnie Hawes and Madge Voss and the Sarah Circle leader is Bonnie Hawes. Light refreshments will be served and a free will offering will be taken. Hear the presentation and then stay for the meeting where we will plan who is making cakes for seniors, etc.

Summer classes are quite popular and range from a variety of face-to-face and online options. Students from Iowa Lakes, or from four-year colleges and universities, can pick up an extra class to lighten their credit load during the year and possibly save some tuition at the same time. Summer classes are also an opportunity to reach the goal of graduating early or use as an opportunity to 'catch up.' Visit the Iowa Lakes website at www.iowalakes.edu to view courses and schedules available.

The first face-to-face summer session classes run from May 23 through June 23. Second session runs from June 28 through July 29. Some courses are offered over both sessions. Hybrid classes such as Music Appreciation and Speech are available over a shorter period of time. Online courses are also available and have a variety of start dates, May 31, June 13 and July 11.

Classes are available at all five campuses: Algona, Emmetsburg, Estherville, Spencer and Spirit Lake. Options for people on the go this summer are the Fast Track and online courses which are offered, as well. For more information, contact Barb Grandstaff, Registrar, at 712-362-7923.

Napa Valley Trained Chef Joins Okoboji Commons Hotel

Jeremy Nepl attended the Culinary Institute of America in New York. Following graduation, he moved to Napa Valley, California. Emmy Award winning chef Michael Chiarello, partner at the famous Tra Vigne restaurant, recognized his talents immediately, and Nepl worked his way to a sous chef position under Chiarello's guidance.

Nepl continued his love of creating extraordinary cuisine in finer restaurants in Chicago and Philadelphia before returning home to the Lakes Region. Nepl's talents led to positions as Executive Chef at Minerva's, La Chiesa and Restaurant 1856, and he took first place at the Iowa Pork Producers Taste of Elegance Competition in 2010.

"We are excited to bring Jeremy's talents to the heart of Okoboji," Misty Katzfey, owner and general manager of Okoboji Commons Hotel, said this week. "His culinary training is unmatched in our area, and his creative ability will bring a fresh, new flair to our catering and Okoboji Smack Shack."

"Our vision is to use our land to create an experience that is unsurpassed in product and service," added Kristi Leigh, owner and project manager of Okoboji Commons Hotel. "We want to create unique culinary hotspots at a few places on our property." Leigh is the creative vision behind the project.

The former East Oaks Mall, across Hwy. 71 from Arrowwood Resort, is being transformed into Okoboji Commons Hotel, a new urban metro hotel development, uniquely featuring all king-size beds.

Business partners Kristi Leigh and Misty Katzfey and investors are re-designing the first floor of both buildings into spacious guest rooms and meeting space, and have added a second floor to the north unit, overlooking East Lake Okoboji. Its completion is scheduled for June, 2016.

The Okoboji Commons Hotel will offer 71 distinctively Okoboji rooms - many with lake views - and meeting space, restaurant, courtyard, free Wi-Fi, games, fire pits, dock and a hammock beach on East Lake Okoboji. The most exciting new property in the Iowa Great Lakes area will appeal to www.okobojicommonshotel.com both corporate and leisure guests.

Katzfey and Leigh are known for turning Vintage Block Inn and Suites into the number one rated Okoboji hotel on TripAdvisor (www.tripadvisor.com).

The Okoboji Commons Hotel website is www.okobojicommonshotel.com, and its reservations team can be reached at 712-332-2222.

- Maximum Contaminant Level Goal (MCLG) - The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- ppb - parts per billion.
- ppm - parts per million.
- N/A - Not applicable
- ND - Not detected

GENERAL INFORMATION

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants or potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Spirit Lake and Orleans are responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

Lende Recognized By Governor Branstad For Academic Excellence

Brittany Lende, a student at Spirit Lake, was recognized by Governor Terry Branstad and Lieutenant Governor Kim Reynolds for outstanding academic achievement at the Fourteenth Annual Governor's Scholar Recognition Ceremony May 1, at Hy-Vee Hall in Des Moines.

The statewide program, sponsored by the Iowa Governor's Office, Iowa High School Athletic Association (IHSAA) and its title sponsor the Iowa Farm Bureau Federation (IFBF), honored 432 high school seniors from across Iowa.

"Iowa Farm Bureau members believe that by investing in our youth and communities, we're investing in the future of Iowa," said IFBF President Craig Hill. "We are so proud to honor such exceptional students and proud to be a leading contributor to educational programs and annual scholarships for our youth."

Each high school was invited to select their senior student or students with the highest academic ranking, based on a grade point average for their first seven semesters. Students selected for the award also had the opportunity to recognize their favorite/most influential teacher and will receive a photo plaque of their meeting with Governor Branstad and Lieutenant Governor Reynolds.

"The principles learned through academic success, like those learned from participation in education-based activities, help develop outstanding leaders and citizens," said IHSAA Executive Director Alan Beste. "The partnership between the IHSAA and the Iowa Farm Bureau, along with the great cooperation of the Governor's Office has made this prestigious event possible for many years."

Ninety-nine percent of those recognized also participate in extra-curricular school activities, with more than 80 percent participating in at least one interscholastic sport. More than 60 percent of the group plan to continue their education in Iowa.

LRH To Celebrate Emergency Medical Services Week

Ambulance staff to host open house, educational opportunities, drawings in recognition of National Emergency Medical Services (EMS) Week. Lakes Regional Healthcare's (LRH) Mobile Intensive Care Services Department will be hosting an open house on Friday, May 20. EMS providers, including LRH Paramedic-Specialists and Dickinson County EMS volunteers, will be present and available to speak with the public and have informational pamphlets to hand out. Equipment used during emergencies will also be present for tours and demonstrations.

All ages are encouraged to attend the open house. LRH MICS Supervisor Chris Yungbluth said, "We'll be demonstrating the Stair Chair, giving tours of the ambulance and showing the tools we use to secure the airways of severely ill patients. There will be something for everyone. We'll even have a Fire Safety Bouncy House for the kids to jump in and bicycle helmet giveaways. Drawings for other prizes will also be held."

Another demonstration will be LRH's recently purchased LUCAS CPR machines. "We're thankful for the outpouring of support for the machines we've been able to purchase. Gifts from community members and a generous gift from Dickinson County Endowment Fund made the purchases possible, making a real difference in the lives of our residents. It delivers uninterrupted compressions at a consistent rate and depth and can be used while paramedics provide other valuable care to the patient," said Yungbluth. "It's a critically important piece of equipment to have in the event of a heart attack or stroke - patients who receive care from this equipment are twice as likely to have their pulse regained and walk out of the hospital and return home."

Yungbluth added, "We hope to have a great turnout at our open house. We have a great EMS system in Dickinson County and want people to not only know about it, but also feel comfortable about our EMS providers, equipment, and services."

The open house will be held on Friday, May 20, from 6:00pm until 8:00pm at LRH's ambulance garage, located on the southwest side of the hospital by the main entrance.

On Your Mark, Get Set, Go to the Spirit Lake Library for Summer Fun!

Stop 'Summer Slide' in your child's reading achievement. It's as easy as putting books in their hands. It's free and it's fun at the Spirit Lake Public Library. Research shows that reading as few as four to six books during the summer is enough to keep kids from summer learning loss. Summer is a perfect time for children to choose reading material based on their own interests. Access to books and having the freedom to choose what they want to read are essential factors in reading motivation for children.

Storytimes, books, entertainment and spinning the prize wheel are all part of the summer reading program fun waiting for your child at the library from May 31 through July 9.

"On Your Mark, Get Set, Read!" is our summer reading program theme this year for children through 8th grade. This is a nationwide theme encouraging whole body wellness which seems especially appropriate for our Iowa Blue Zone community.

"On Your Mark, Get Set, Read!" kicks off on Tuesday, May 31, with a Registration Fair from 10:00am to 12:00pm. Bedell Family YMCA, Dickinson County Conservation, Iowa Lakeside Labs, the Lutheran Lakeside Camp and possibly more will be joining in our kickoff. These local providers of youth programming will have representatives and/or information booths to share their summer program opportunities. Come get signed up for the library and walk away with other fun learning activity plans in the Lakes area. If the Registration Fair time doesn't work with your schedule, no worries, you can register to participate in the library program anytime from May 31 through July 8.

For more information stop in, check our website, slpublib@weebly.com, call us at 712-336-2667 or look us up on Facebook. Hope to see you at the library!

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji and Iowa History

This is a wonderful early picture of Main Street, Linn Grove, taken September 12, 1908. In 1909, Linn Grove had two banks, three stores, two hardware and implement stores, a drugstore, a brick and tile plant, a millinery and other businesses. Linn Grove was incorporated as a town in 1910. At that time it had a new sewer system, water works and electric light system. This made Linn Grove a splendid place to live along with a good school system, fine churches, and attractive natural scenery.

Starting this season, the Clark Museum visitors can view over 5,000 pictures and stories from the largest historic collection of Iowa Great Lakes and surrounding areas, representing many towns and over 99 counties. We have unique items of all types and sizes including over 20,000 original memorabilia and business advertisements. Visitors can be seated as they view photos of their county, the lakes area and the amusement park in organized books. This is a great addition. The museum is located 1 mile west and 1/2 mile north of the Catholic church in Milford. Call 712-338-2147 or email ijclark1@msn.com for any information.

Heikens Recognized By Governor Branstad For Academic Excellence

Grace Heikens, a student at Harris-Lake Park, was recognized by Governor Terry Branstad and Lieutenant Governor Kim Reynolds for outstanding academic achievement at the Fourteenth Annual Governor's Scholar Recognition Ceremony May 1, at Hy-Vee Hall in Des Moines.

The statewide program, sponsored by the Iowa Governor's Office, Iowa High School Athletic Association (IHSAA) and its title sponsor the Iowa Farm Bureau Federation (IFBF), honored 432 high school seniors from across Iowa.

"Iowa Farm Bureau members believe that by investing in our youth and communities, we're investing in the future of Iowa," said IFBF President Craig Hill. "We are so proud to honor such exceptional students and proud to be a leading contributor to educational programs and annual scholarships for our youth."

Each high school was invited to select their senior student or students with the highest academic ranking, based on a grade point average for their first seven semesters. Students selected for the award also had the opportunity to recognize their favorite/most influential teacher and will receive a photo plaque of their meeting with Governor Branstad and Lieutenant Governor Reynolds.

"The principles learned through academic success, like those learned from participation in education-based activities, help develop outstanding leaders and citizens," said IHSAA Executive Director Alan Beste. "The partnership between the IHSAA and the Iowa Farm Bureau, along with the great cooperation of the Governor's Office has made this prestigious event possible for many years."

Ninety-nine percent of those recognized also participate in extracurricular school activities, with more than 80 percent participating in at least one interscholastic sport. More than 60 percent of the group plan to continue their education in Iowa.

Playground Possibilities Completes Project

Spirit Lake Elementary Partners in Education (P.I.E.) is pleased to announce the conclusion of the Playground Possibilities project. A total of \$41,626.09 has been raised through community donations and fundraisers to support adding several new items to the playground at Spirit Lake Elementary School.

Efforts began in early 2015 to raise funds to bring new innovative and inclusive playground equipment to Spirit Lake Elementary School. Existing equipment was found to lack many key components necessary for quality play experiences for youth, including options for climbing, spinning, side to side movement and challenge.

Movement, challenge and exploration are at the core of the innovative rope play equipment now installed and available for student use. The selected equipment, including a large climbing net structure, hammock and several low ropes challenges, provides endless opportunities for balance, discovery, problem solving, power play and agility.

Also added to the playground were two comet spinners, two kid force spinners and several step pods. With these additions, the playground now includes adequate amounts of all five key points of play...climbing, spinning, brachiating (side to side movement), sliding and swinging with the added bonus of stretching the imagination.

"Our students are loving this new equipment," said

Spirit Lake Elementary Principal Terry Butler. "It's been a great addition for our kids, and a wonderful collaboration by so many supporters to make this project happen. We are all very grateful, and invite community members to take time to come check out the changes to our south playground."

In November, maintenance staff from the Spirit Lake Community School District completed both the installation of new equipment and several smaller projects to repair or replace needed items on existing equipment. Soon after the last bolt was tightened, children in the elementary school were allowed access to the equipment and have been playing on it ever since.

Project supporters were: *Diamond Sponsor* - Spirit Lake Elementary P.I.E.; *Platinum Sponsors* - Dickinson County Endowment Fund, Polaris Industries, Inc.; *Gold Sponsors* - Spirit Lake Noon Kiwanis; *Silver Sponsors* - Central Bank, Comfertec, Julie Jensen Wollesen Memorial, Nebraska-Iowa Kiwanis District Foundation, Spirit Lake SCRP, Northwest Bank; *Bronze Sponsors* - Anonymous Donor, Bank Midwest, Liberty National Bank, Pokey and Colin Jensen Foundation, Spirit Lake Elementary Staff, Hey, Good Cookies!, TriState Litho; *Brass Sponsors* - Dixon Family Chiropractic, Godfather's Pizza, Overhead Door Sales and Service, Rembrandt Enterprises, Inc., Gloria Currell, The State Bank.

Dickinson County Conservation's Hike the Wild

The Little Sioux Savanna doesn't draw awe-inspired gasps from the parking lot, but walk a few hundred feet onto the property and the landscape opens up to smile-inducing beauty.
Each month Dickinson County Conservation's Hike the Wild program takes people to little-traversed public gems throughout the county, like the Little Sioux Savanna, where the May 24, Hike the Wild program will be held.
On the fourth Tuesday of each month, come to the Dickinson County Nature Center at 9:30am and then caravan to a hiking site for an approximately one-hour program. Naturalists Mary Petersen and Charles Vigdal are excited to take people to Little Sioux Savanna for the May program.
"The thing I want to do is get people out there," Vigdal said. "A lot of people haven't seen it."
The hike will take people through an oak savanna to search for different plant species, including a variety of shade-tolerant species not seen in prairie areas, such as columbine, blue-eyed grass, hoary puccoon and New Jersey tea.
The June 28 event will take participants to Gull Point State Park to walk the Barney Peterson Memorial Trail.
"It's a really popular hiking trail," Vigdal said. "We will look at some of the landforms there --- like the man-made canal that runs through. There usually are a lot of animals there, too."
Vigdal will also point out the wild edibles along the trail, including wild grapes, staghorn sumac and cattails.
On July 26, take a trip to Westport Park with Hike the Wild, and after a short jaunt around the property, try your hand at fishing the 10-acre county gravel pit. Bring your own poles or borrow one of the conservation board's. Children who fished during last year's event caught bluegills and green sunfish.
"Kids loved it," Vigdal said.
Westport Park also has picnic tables for those who would like to bring along a picnic lunch to enjoy following the program.
Caravan to Arnolds Park on Aug. 23 for a tour of the Abbie Gardner Cabin as well as a hike along Pillsbury Point. Exhibits in the cabin tell the story of the Spirit Lake Massacre and Abbie Gardner's time as prisoner with the Dakota Indians as well as her life afterward. Then participants will head outside to walk along the shore of West Lake Okoboji to explore this lesser known trail with a beautiful view.
Petersen said she is excited to explore all these properties and to allow people "to see some of the beauty in places they don't know."
Hike the Wild is held year-round. Mark your calendar for these fall and winter program dates as well:
9:30am, September 27: Fort Defiance State Park --- Fall Colors
9:30am, October 25: Diamond Lake --- Shallow Lakes
3:00pm, November 23: Kenue Park --- Turkey Trot
3:00pm, December 22: Kenue Park --- Winter Solstice
For more information on Hike the Wild and other Dickinson County Conservation Board programming, call 712-336-6352 or visit www.dickinsoncountyconservationboard.com. You can also keep up with the latest happenings on Facebook, Instagram and Twitter.

GREAT DAY OF FISHING - John Gallagher, of Arlington, South Dakota, with Perch caught in East Okoboji Lake on May 7, 2016. The largest one measured 13 inches long.

Iowa Farm Bureau Names Congressman Steve King Friend Of Agriculture

The Iowa Farm Bureau Political Action Committee (PAC) has designated Congressman Steve King as a 'Friend of Agriculture' for the 2016 primary in Iowa's fourth district. Guided by grassroots input, Congressman King was selected based on his support of Farm Bureau policies, voting record, and support of Iowa's farm families and rural communities.

"Congressman King has a proven pro-agriculture voting record over his 14 years in Congress," said Audubon County farmer and IFBF PAC Chair, Randy Dreher. "He has consistently voted for key Farm Bureau priorities such as expanded trade and favorable tax policies, and is a dependable vote in support of many renewable fuels initiatives including a robust Renewable Fuels Standard and biofuels tax incentives which are critical to expanding Iowa's economy."

Bike To Work Day Offers Chance To Make Healthy And Environmentally Friendly Habit

The average Iowan spends about 40 minutes commuting to work every day. That's time spent sitting - a habit we keep hearing is bad for our health. Walking or bicycling is an easy way to build physical activity into your daily routine. Active transportation can positively affect your well-being. It can enhance your creativity, strengthen your ability to concentrate, and boost your mood. One study even found that people who walked, biked, or used public transportation weighed about six pounds less than their peers. Not only is this good for you, it's good for the environment, too.

May 16-20 is Bike to Work Week and May 20 is Bike to Work Day. The weather is warmer. Dickinson County has trails that cover most of our communities, and biking is good for your health and the environment, which adds up to a perfect reason to start a habit of biking to work this week. There are also several bike racks throughout the community to keep bikes safe when not in use.

Before you hit the road, Lakes Regional Healthcare (LRH) suggests you consider a few things.

- Plan your route and the time your natural movement will take.
- Put safety first and always wear a helmet when riding your bike.
- Prepare for the weather. You might need sunscreen or an umbrella.
- Don't forget to hydrate!

LRH will be giving away new bicycle helmets at an Emergency Medical Services open house on Friday, May 20, from 6:00pm until 8:00pm at their ambulance garage, located on the southwest side of the hospital by the main entrance off of Highway 71 in Spirit Lake.

USDA Offers New Loans For Portable Farm Storage and Handling Equipment

Portable Equipment Can Help Producers, including Small-Scale and Local Farmers, Get Products to Market Quickly

The U.S. Department of Agriculture (USDA) will provide a new financing option to help farmers purchase portable storage and handling equipment. Farm Service Agency (FSA) Administrator Val Dolcini and Agricultural Marketing Service (AMS) Administrator Elanor Starmer announced changes to the Farm Storage Facility Loan (FSFL) program recently during a local and regional food roundtable in Columbus, Ohio. The loans, which now include a smaller microloan option with lower down payments, are designed to help producers, including new, small and mid-sized producers, grow their businesses and markets.

"As more communities reconnect with agriculture, consumer demand is increasing for food produced locally or regionally," said Dolcini. "Portable handling and storage equipment is vital to helping farmers get their products to market more quickly and better maintain product quality, bringing them greater returns. That's why we've added this type of equipment as a new category for our Farm Storage Facility Loan program."

The program also offers a new "microloan" option, which allows applicants seeking less than \$50,000 to qualify for a reduced down payment of five percent and no requirement to provide three years of production history. Farms and ranches of all sizes are eligible. The microloan option is expected to be of particular benefit to smaller farms and ranches, and specialty crop producers who may not have access to commercial storage or on-farm storage after harvest. These producers can invest in equipment like conveyers, scales or refrigeration units and trucks that can store commodities before delivering them to markets. Producers do not need to demonstrate the lack of commercial credit availability to apply.

"Growing high-value crops for local and regional markets is a common entry point for new farmers," said Starmer. "Since they often rent land and have to transport perishable commodities, a loan that can cover mobile coolers or even refrigerated trucks fills an important gap. These producers in turn supply the growing number of food hubs, farmers markets or stores and restaurants interested in sourcing local food."

Earlier this year, FSA significantly expanded the list of commodities eligible for Farm Storage Facility Loan. Eligible commodities now include aquaculture; floriculture; fruits (including nuts) and vegetables; corn, grain sorghum, rice, oilseeds, oats, wheat, triticale, spelt, buckwheat, lentils, chickpeas, dry peas, peanuts, barley, rye, hay, honey, hops, maple sap, unprocessed meat and poultry, eggs, milk, cheese, butter, yogurt and renewable biomass. FSFL microloans can also be used to finance wash and pack equipment used post-harvest, before a commodity is placed in cold storage.

AMS helps thousands of agricultural food producers and businesses enhance their marketing efforts through a combination of research, technical services and grants. The agency works to improve marketing opportunities for U.S. growers and producers, including those involved in specialty crop production and in the local and regional food systems. Visit www.ams.usda.gov to learn more about AMS services.

Today's announcement will further advance the efforts of USDA's Know Your Farmer, Know Your Food initiative, which coordinates the Department's work to develop local and regional food systems. USDA is committed to helping farmers, ranchers, and businesses access the growing market for local and regional foods, which was valued at \$12 billion in 2014 according to industry estimates. Under this Administration, USDA has invested more than \$1 billion in more than 40,000 local and regional food businesses and infrastructure projects. More information on how USDA investments are connecting producers with consumers and expanding rural economic opportunities is available in Chapter IV of USDA Results on Medium.

To learn more about Farm Storage Facility Loans, visit www.fsa.usda.gov/pricesupport or contact a local FSA county office. To find your local FSA county office, visit <http://offices.usda.gov>.

Tales Of Tails

How do you save the lives of 100s of homeless kittens? It's simple. You just spay one female cat! One unsprayed female cat and her mate and all of their offspring, producing 2 litters per year, with 2.8 surviving kittens per litter can produce in:

- * 1 year: 12 kittens
- * 2 years: 67 kittens
- * 3 years: 376 kittens
- * 4 years: 2,107 kittens
- * 5 years: 11,801 kittens
- * 6 years: 66,088 kittens
- * 7 years: 370,092 kittens
- * 8 years: 2,072,514 kittens
- * 9 years: 11,606,077 kittens

And you always thought rabbits were noted for their fertility!

This is why the Humane Society of Northwest Iowa neuters all its cats and neuters any captured feral cats and then releases them.

Spring brings many kittens to shelters all around the country. In a kill shelter this means death for the adult cats that haven't been adopted for a long time.

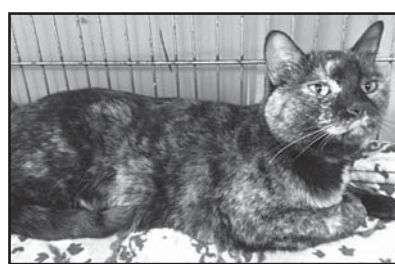

At the Humane Society of Northwest Iowa, which is a no-kill shelter, it means crowded conditions and a great choice of kittens and cats ready for adoption. All will have been neutered thanks to local veterinarians and to the vet students at Iowa State University.

One of the friendliest adult cats waiting to be adopted at the local shelter is Sarah. She is four years old, basically black with orange mottling. Her front claws have been removed making her a good choice for an indoor cat. Sarah is sweet and quiet but loves affection and greatly enjoys play time. She was surrendered because of family allergies. Her friendliness and playfulness have won her a place as a "greeter" here at the shelter.

Sarah and many of her adult "feline friends" are incredibly lucky to be at a no-kill shelter, but all would love forever homes of their own.

Remember... "In a perfect world every animal would have a home, and every home would have a pet."

Call the Northwest Iowa Humane Society at 712-338-2738 or come see the animals at 607 28th Street, just north of Milford. They are open Thursday through Sunday, noon to 6:00pm.
