Small Achievements Mean So Much

With both my parents working at the Village, it only seemed natural for me to consider working here. I have been a part of the Village family since I was 16 years old. The relationships I have been able to develop with the individuals served is what keeps me here. In my role as a direct support professional, I help individuals learn the skills needed to lead a more fulfilled and independent life. There are no cookie cutter solutions at the Village. Each individual is treated as just that, an individual. They depend on me. Crazy thing is... I depend on them too. I get as much joy from their accomplishments as they do - particularly when they do something for themselves that they were previously told they wouldn't be able to do.

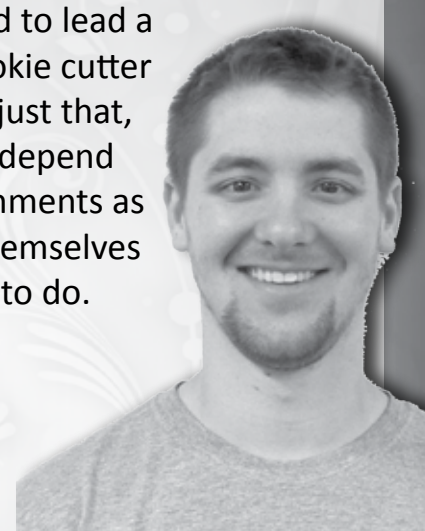

They depend on me. . . I depend on them too.

Apply today and find your purpose.

bring on summer
 You've cleaned up the grill, sharpened the lawn mower blades, and put air in the bike tires. You're ready for summer!
 But what about your air conditioner? Dirty coils, improper refrigerant levels, and poorly adjusted components will increase your energy costs and reduce the life of your equipment. Have a contractor tune up your air conditioner or heat pump to increase efficiency and comfort, and prevent future problems.
Schedule your tune up now, and take advantage of our \$30 rebate.*
orange city color your life vibrant
 *Customers can receive tune-up rebate every other year for residential-size cooling systems. Other restrictions apply. See www.brightenergysolutions.com for details.
