Avery Arrowood Participates In All Iowa Honor Band

Okoboji 8th grader Avery Arrowood participated in the 28th Annual Iowa Bandmasters All Iowa 8th Grade Honor Band in Des Moines on Thursday, May 12. She participated in the band along with other top 8th grade performers in Iowa. Students were chosen through auditions at the district level last fall. The band rehearsed Thursday morning and presented a concert under the direction of Mr. Randall Standridge at the Marriott in downtown Des Moines in the afternoon.

Avery is the daughter of Jerod and Lisa Arrowood. The Okoboji 7th and 8th grade band director is Jody Ingwersen.

Area Couple Launches New Lake Service

Mark and Cheri Petersen have decided to take the plunge, both literally and figuratively. With the launch of their new business, Underwater Solutions LLC, in 2013 and their most recent endeavor, The Gas Boat, they hope to bring a new level of service to area lakeshore residents.

While Underwater Solutions builds off Mark and Cheri's passion for diving and underwater exploration, The Gas Boat will allow the couple to spend more time near home, and on the resources they love, while providing a unique service to lakeshore residents.

As the couple quickly expanded their Underwater Solutions in 2015, it became evident that lakeshore owners wanted more. This summer, the couple is introducing The Gas Boat, a fuel boat that provides full service boat fueling at your dock. Signing up for service is simple and a flag notification system on your hoist will let The Gas Boat know your boat needs a fill up. Mark and Cheri will run regular routes along the lakeshore to keep the boats they service full and ready for uninterrupted summer fun. They intend to provide fuel for boats on the Okoboji Chain and Big Spirit Lake.

Mark and Cheri's passion for the lakes and diving is evident in their service to the community. As the Dive Team Captain for the Arnolds Park/Okoboji Underwater Search and Rescue Team, Mark brings a wealth of knowledge and unique skills to their business. Cheri is also a seasoned SCUBA diver and grew up in the lakes area volunteering as an EMT and Dive Team member for many years. Using these skills and their knowledge of the lakes, Underwater Solutions specializes in anything water related. From underwater mechanical work and salvage to aquatic plant removal and shoreline maintenance, they do it all.

In developing plans for both businesses, Mark and Cheri have taken great care to make sure both operations are safe and environmentally friendly. Mark and Cheri invite anyone interested in the services offered by either of their new endeavors to head to their newly designed websites at www.underwatersolutionsllc.com and www.thegasboat.com for more information.

Kallyn Stumbo Wins History Award

Okoboji Middle School Student Kallyn Stumbo is the winner of the 2016 Daughters of the American Revolution (DAR) History Award. The Ladies of the Lake Chapter of the DAR annually presents this recognition to a student who has shown outstanding work in the field of history. Kallyn is the daughter of Brett and Danelle Stumbo of Milford. The DAR Chapter serves all of northwest Iowa.

Mary Thunhorst, Okoboji Middle School Social Studies Teacher and incoming regent of the Ladies of the Lake DAR Chapter, presented the award along with 8th Grade History Teacher Sue Hillsbeck.

Mrs. Hillsbeck, right, noted that Kallyn has been an active participant in this year's classroom discussions and consistently strives for academic excellence.

"She takes responsibility for her learning by questioning and clarifying information to ensure that she fully understands concepts. Kallyn best summarizes what she feels is the importance of American History Education with this quote from her essay. She writes:

"There are so many valuable lessons to be learned from American History. We have to understand both the successes and failures of our past. We need to know where our country has been in order to figure out where it is going. Countless Americans have already built an outstanding foundation for our country, and it is our duty to remember that and build off their hard work."

Area residents are welcome to attend the upcoming meeting of the Ladies of the Lake Chapter of the DAR on June 14 at 1:00pm in City Hall, Arnolds Park, when Mrs. Thunhorst will be installed as Regent.

Mediacom Awards \$1,000 Scholarship To Shaelyn Adam

Mediacom Communications presented Shaelyn Adams, a 2016 graduate of Okoboji High School, with a \$1,000 scholarship as part of the company's World Class Scholarship Program. The award recognizes the Arnolds Park resident for outstanding leadership and academic accomplishments.

Mediacom annually gives \$1,000 scholarships to 55 graduating seniors to provide support for the students' post-secondary education. Mediacom's local MC22 production manager, Jason White, presented the scholarship to Ms. Adams during the high school's recognition program held Sunday evening.

"As a technology company, Mediacom understands how important it is to invest in future leaders like Shaelyn Adams," White said. "I'm proud that my company supports talented local students with scholarship support, and we congratulate Shaelyn on her accomplishments."

This year marks the 15th consecutive year Mediacom has funded World Class Scholarships for students who live in areas served by the cable and broadband company. On average, approximately 1,200 students apply for the scholarships each year. Recipients must attend an accredited two-year or four-year college, university or technical school within the United States.

Mediacom plans to continue funding its World Class Scholarships in all areas where it provides digital cable and broadband services. High school administrators will be notified in the fall of 2016 when scholarship applications become available online for students in the Class of 2017.

Summer Bible Study

All women of the area are invited to a non-denominational Bible Study beginning Monday, June 13, at 1:00pm at the Okoboji Bible Conference Center. The study is called "One in a Million" by Priscilla Shirer. Dani Utz of Tucson, Arizona, is the leader.

Call Bonnie Neisess for information at 712-337-3731. Reservations are not needed. Books will be available at the first meeting for \$16.

The Iowa Great Lakes Area Chamber of Commerce presented checks totaling \$10,000 to representatives of four lakes area protective associations on May 24, with each association receiving \$2,500. The money is a cut of the proceeds from this year's Walleye Weekend.

Birthday Announcement

Elsie Mollenhour, a long-time resident of Spirit Lake now residing in Florida, celebrated her 80th birthday on Saturday, May 28, 2016. Please help continue her celebration with cards and greetings sent to her at 6 New Smyrna Beach, FL 32168.

50th Anniversary Of The IGL Recording Company

The lakes region will be rocking and rolling during the celebration of the 50th anniversary of the Iowa Great Lakes Recording Company and the band Dee Jay & the Runaways. A day and evening of events, including a book signing for the newly released IGL Recording Studio History, are scheduled for Saturday, July 16, in the Roof Garden at Arnolds Park. The IGL Recording Company studios were located in Milford on the corner of 9th Street and Highway 71. The building now houses Mill Creek Lounge and Restaurant. The studio welcomed hundreds of musicians between 1965 and 1980. A total of 170 singles and 67 LPs were recorded in that studio; one of only two in Iowa at that time.

The owners of the studio through those years were: Co-Founders, Cliff Plagman and Roger Blunt of Milford, John Senn of Spirit Lake, along with Dennis Kintzi of Milford, Dave Peterson of Arnolds Park, Jerry Wolford of Spirit Lake, Lynn Wee of Spencer, Dee Swenson of Ocheyedan, Rose Otto of Everly.

Cliff Plagman, Roger Blunt, Dee Swenson and Jerry Wolford are now deceased.

"We are asking those who recorded at IGL to join us for the celebration," Senn explained. "We have also invited those people who have collected IGL memorabilia over these many years to set up in the Roof Garden and display their fabulous collections."

IGL recording artists who spent time in the studio included such notables as Tom T. Hall, Billy Grammer, The Trashmen, The Velaires, the Seven Sons, Gas Company and many more.

In addition to the booths and displays, the public will enjoy music provided by many area artists.

In the evening a concert will take place featuring the 50th reunion of Dee Jay & the Runaways who recorded the national top charting hit "Peter Rabbit" and all their other singles at the IGL Studio.

The Runaways toured the United States and Canada following the release of their IGL recordings. They also appeared on Dick Clark's "Where the Action Is" television show on ABC in 1966. The band filmed their appearance aboard the aircraft carrier USS Forrestal docked in Virginia.

"There is so much history in the studio and with the band," Senn (the Jay of Dee Jay) said. "We are inviting everyone to reminisce with us over the past 50 years and enjoy the roots of some of the great music to come out of Iowa."

Recording artists as well as the studio owners will be present to sign autographs throughout the day in addition to playing some of the public's favorite rock and roll music from the past for all in attendance to enjoy.

Finalized plans and time frames will be announced soon. Mark your calendars for a full day and night of fun, memories and socializing with musicians from near and far. They all came to Milford and the Iowa Great Lakes Region to make their music many years ago and look forward to returning to do it again.

Symphony Comes To Lake Park

For the second year in a row the All Strings Attached Orchestra Studio brings their music to the Harris-Lake Park Middle School/High School Auditorium on June 12, 2016, at 7:30pm. The evening starts with selections from the ASA Big Band Sound that amazed audiences last year with their warm and lively interruptions of the great big band and jazz sounds from today and years past.

The Carroll Area Symphony Orchestra then presents their "Season 15 in Review" with selections from The Gladiator, Rocky Broadway, music from Apollo 13, The Sound of Music and Highlights from Jurassic Park. You will be amazed by the quality of the music and how they will transport you to places portrayed in the music.

The All Strings Attached Orchestra Studio is a group of volunteers and students from all over the western side of Iowa. The volunteers help mentor the students in playing the music, but also how to be professional players of quality music. They present three shows a year in the Carroll Recreation Center Auditorium, with smaller groups and the true beginners performing as well during each concert. Then once a year the volunteers take their show on the road to spread their love of music to others.

So come join us on Saturday night June 12, to see and hear some amazing music in the MS/HS Auditorium at 905 S. Market St., Lake Park. There will be a free will donation to help offset the performers expenses for the tour.

Okoboji Night Live Saturday at PLAC

We can't have been the only one to question a local connection when Bob Kirschbaum was named last week as the new executive director at the Pearson Lakes Art Center.

As it turns out there were once three Bob Kirschbaums in the area — including the new exec's uncle Bob Kirschbaum, the watch repairman; and his cousin, the watch repairman's son and auto mechanic extraordinaire.

The new director grew up in Defiance; worked for several years at Farmland Foods in Denison before attending Morningside College as a nontraditional student, and later earned his master's degree at Drake University.

He taught and coached, or was a school principal in Dunlap, Spencer, and Sheldon for 32 years before joining the Red Cross in Sioux City, then Dubuque. (A little-known secret here is that the art center's Bob also worked at the *Denison Bulletin & Review* in the mid-70s, shortly after the Old Professor emptied his desk there to move north.

Kirschbaum and his wife Sharon have four grown children — a physician's assistant, two dentists, and a performer — along with a couple grandchildren to keep them both busy away from their careers.

The new director says his new job here will be, "to help a strong staff be the best they can be, and work cooperatively with the board," noting that his "very unique background" will also allow him to work in a positive and cooperative way with the public.

We wish Bob well in his new endeavor...

Kirschbaum is jumping right in the deep part of the lake, Saturday night -- less than two weeks after his start date -- when the PLAC will be hosting *Okoboji Night Live*, a FUNdraiser featuring an unforgettable night with *Bob Dorr & the Blue Band*, good food, and much more, in celebration of the arts in Okoboji. Contact the PLAC for details...

Between now and Saturday, in addition to the *Dick Bauman Big Band's* first outing of the season at the Pearson Lakes Art Center on Monday night; and the *Jazzed Up Big Band of Okoboji's* first outing at the Majestic Pavilion on Tuesday night (both at 7:00), Wednesday night will see Terry Klein at Table 316 in Arnolds Park, from 7 - 9:00...

Thursday night will see the *South 71 Trio* on stage in the barn at the Little Swan Lake Winery, just north of Superior from 6 - 8:00, where *Sly James and the New City Council* will perform Sunday, from 4 - 6:00...

The *Itty Bitty Boji Band* has a busy week, too, playing Friday night, in the lounge at The Inn from 6 - 8:00, before heading to The Barefoot Bar at Parks Marina for two shows Saturday (2:30 and 6:30 p.m.) and two more on Sunday (2:00 and 6:00 p.m.).

Bill Carpenter told us the Friday night show at The Inn will feature sentimental favorites along with some crowd pleasers, while the Barefoot performances will be geared to fun in the sun for everyone...

Also Friday night, Richie Lee and his fabulous fifties band will return to Boji Bay's all new outdoor park, the Okoboji Harley Davidson Music Stage. Showtime is 7:00...

In the Mea Culpa department, we can only apologize for jumping the gun in last week's column on the opening of Glenn Henriksen's home concerts. Glenn's Tuesday and Wednesday night shows begin tonight (May 31) and tomorrow night (June 1) at his place across from the former Presbyterian church on Highways 9 & 71, in Spirit Lake.

We also missed our chance to note that Glenn would be the featured entertainment twice last week at The Inn — first at Wednesday's open house, then for a sing-along on Friday night. That said, Stan the Stagerat let us know we missed Glenn getting Scott Pyle, The Inn's new general manager, to sing the Oscar Mayer wiener song for the crowd at the open house. Anyone who has video of that ought to be able to make a quick buck or two with it.

For the record: Glenn's next sing-along at The Inn will be July 22, and two later dates. He will also be doing a show in the Lakeview Room on June 29 and one later date.

On the flip side: Glenn will also be performing at the Discovery House, in Spirit Lake, Monday night, June 6, beginning shortly after 6:30. Bring your own lawn chair or blanket to enjoy the fun — and the free hot dogs and soft drinks served from 6:00...

Since we were writing about the arts here, we should note that Spencer's Arts on Grand will be hosting its annual *Backyard Bach and Blues Festival* on Saturday night, August 13, featuring the music of *John Senn and Friends*. Mark the date now...

Research director RD has come up with a very unusual pair of birthdays for June 1: Marilyn Monroe (1926) and Pat Boone (1934).

What makes this birthday pairing strange to us is that Boone, a conservative Christian, declined certain songs and movie roles that he felt might compromise his beliefs. In the early sixties he even turned down a movie role with the sex symbol with whom he shared his natal day!

RD also explains that Friday is a day meant to make law enforcement officers happy. *Doughnut Day* brings to mind the Mills Brothers' tune *A Donut and a Dream*, also from the sixties...

Enjoy — a doughnut and the music, perhaps on YouTube.com

Fun And Service Events At St. Alban's

On Sunday, June 5, at Indian Hills Golf Course, St Alban's will hold its second annual golf tournament. The tournament will start at 11:45am, following the day's Eucharist service. There will be prizes for the closest to the pin plus low net and low gross score. In addition, there will be a separate putting contest, with the proceeds going towards the St Alban's Youth Projects. Following the golf, there will be a "pot luck" in the clubhouse. Indian Hills Golf Course is located at 2159 Highway 9, Spirit Lake.

On Thursday, June 9, members of St Alban's will be providing the meal at the Community Table. This will be at the Okoboji Bible Conference Ministries campus Community Center at 45 S. Highway 71 in Arnolds Park from 5:30 – 7:00pm. Community Table is a dinner, provided by churches of the Dickinson County Ministerial Association in partnership with Upper Des Moines Opportunity and the Bedell Family YMCA. Community Table is a point of connection for anyone in the community who would enjoy a no-cost, nutritious meal. Though administered by churches, there are no religious strings attached. The purpose is to connect the lonely and feed the hungry, offering a gift of love to all who come. Community Table is held at the Community Center on the second and fourth Thursday of each month and at the Bedell Family YMCA at 1900 41st Street in Spirit Lake the third Thursday monthly.

St. Alban's Episcopal Church is located at 23rd and Zenith just east of Lakes Regional Hospital. Iowa Lakes Choir To Be On IPTV

The Iowa Lakes Community College Chamber Choir will be featured along with seven other choirs on Iowa Public Television on Monday, June 6, at 8:00pm for the broadcast of Beethoven's 9th Symphony with the Sioux City Symphony Orchestra. For the 100th Year Celebration, the Sioux City Symphony invited the Iowa Lakes Choir along with the choirs of Briar Cliff University, Morningside College, Northwestern College, University of South Dakota, Western Iowa Tech Community College, the Sioux County Oratorio, and the Siouxland Master Chorale to perform in a mass choir.

The television broadcast will include performances of Copland's "Fanfare for the Common Man" and "Lincoln Portrait," along with Beethoven's 9th. Composed in 1824, Beethoven's 9th Symphony is considered one of Beethoven's greatest works and is known as one of the best-known works in classical music. This recorded performance took place on April 16, at the historic Orpheum Theatre in Sioux City. With the combined ensembles, the choir consisted of over 400 singers under the direction of Ryan Haskins. Please tune in to watch this celebration of 100 years of the Sioux City Symphony.

Tales Of Tails

This week's "tail" belongs to a "royal" cat - Princess Butterfly. Her title was only conferred upon her after her arrival at the Humane Society of Northwest Iowa, but like any royalty she loves attention and thrives on performing for her "public."

Princess Butterfly is a tortoisie kitty cat who is one of those amazing strays who, despite being unloved and evidently unwanted, still seeks human attention and returns it two-fold. One side of her nose is orange with polka dots like freckles and, when given a chance, she loves to give nose bumps or kisses to those she appreciates. Her habits are those of a house-broken cat consistently using a litter box. She is good with other cats and even with dogs as well as enjoying the attention of children who come to visit The Cattery at the shelter.

Playful is perhaps the best word to describe Princess Butterfly's personality. She loves to totally relax and watch the birds from the cats' playroom and has tried to catch the second hand on the cattery's wall clock. If one is looking for a lap cat, she is one to consider for she likes to be held and has never scratched or bitten anyone no matter how she might have been picked up or mishandled. Overall she is a calm and totally affectionate kitty cat looking for a forever home with owners who will play with her and appreciate her loving nature.

Remember... "In a perfect world every animal would have a home, and every home would have a pet."

Call the Northwest Iowa Humane Society at 712-338-2738 or come see the animals at 607 28th Street, just north of Milford - open Thursday through Sunday, noon to 6:00pm.

Game Design Summer Camp

Summer can be a great time to sharpen new skills in interests other than what happens in day-to-day classrooms. The summer Game Design Camp, at the Spirit Lake campus of Iowa Lakes Community College, can give high school and soon-to-be high school students a chance to design their own video games.

During this camp, students will learn the basics of computer programming, graphic design, math, and physics necessary to bring ideas to life. No prior experience necessary. Coursework follows a nationally recognized STEM Fuse: GAME:IT curriculum. Curriculum is suggested for students in grades 9-12.

Camp will be held from June 20 - 23, from 9:00am to 3:30pm daily. Cost per participant is \$295. Students will also be competing for a grand prize on the last day of class.

Last year's winners were Spirit Lake High School student Nick Sandison, walking away with a first place prize of a PlayStation 4, for his mash-up of Flappy Bird and Space Invaders. Second place winner, of a Nintendo 3DSXL, was Steven Toothman, from Hoover High School in Des Moines, based on his game on MegaMan, which also happens to be his favorite game.

"I would definitely recommend the camp," Toothman said. "I worked on it a lot at home and did a lot of glitch fixing."

Kevin Grems, Assistant Professor for Game Design & Development said, "It's amazing what can be done in the short time of four days."

He added, "The best part is that they take home their projects and can play them on any PC-based computer."

For more information, contact Nancy Ramos, Continuing Education Coordinator, at 712-362-7965. To register for the Summer Camp, call 800-252-5664 or visit www.iowalakes.edu/continuing_education.

Okoboji Graduates Honored By Arnolds Park Alumni Association

Every year the Arnolds Park Alumni Association grants several scholarships to members from or formerly in the Arnolds Park consolidated school district to further their education following high school graduation. In remembrance of the education received while attending the Arnolds Park Consolidated School System, alumni members have contributed to funds set aside to help offset the cost of higher education for students of today.

Two scholarships of \$1,000 each are provided to assist in funding a traditional 4-year college/university education. Joseph Schmidt and Mallory Gibson were the recipients of these amounts in 2016. A \$1,000 amount was provided for a student attending a vocational/technical school. Brady Dean Jones is the 2016 recipient. The Arnolds Park Class of 1961 provides an additional \$1,000 to a deserving student. Breann Seastrand receives this honor in 2016.

The Tom Smith family created a foundation in honor of their parents. The Art Smith Scholarship of \$2,500 per year is given annually to an outstanding student from the former Arnolds Park Consolidated school district and may be renewed for an additional 3 years. Blake Lineweaver is the 2016 recipient of this prestigious honor.

Just a reminder of the things going on at the Lake Park Public Library starting June 1! Our Summer Reading Program, "On Your Mark, Get Set... Read!" will be starting. There is one change, and that is the location of the Hanson Family Performance on Wednesday, June 8th at 6:00. It will be held at the *Elementary School Gym* in Lake Park, not the high school Auditorium as previously stated. Also some of the fun skill toys used during their show will be available for purchase after the show if you choose. So, once again, here is a list of the programs offered free of charge at the library during the month of June.

Wednesday, June 1, 1:00 – Ready, Set, Explore Nature...Lakeside Lab
Wednesday, June 8, 6:00 – Juggling & Unicycle – Hanson Family... they hold 3 Guinness World Book of Records. (*held at the Elementary School Gym*)

Wednesday, June 16, 3:00 – Dan Wardell – IPTV

Wednesday, June 22, 1:00 – Great Plains Zoo

Wednesday, June 29, 1:00 – Pockets Full of Fun – Lisa Laird

And please don't forget to put June 10 on your calendar. Author Joan Becker who wrote, "Sentenced to Life", will share her story about her son's mental illness that led to the death of coach Ed Thomas. It will be held in the Lake Park Community Center. All are welcome.

DAR To Install Mary Thunhorst

Mary Thunhorst, Spirit Lake, retiring Social Studies Teacher, at Okoboji Middle School, and active community leader, will be installed as the new Regent of the Ladies of the Lake Chapter of the DAR on June 14 at 1:00 p.m. at the Arnolds Park City Hall, Okoboji Grove Road, Arnolds Park. Retiring Regent Colleen Lemkuil, Spirit Lake, will be honored for her seven years of dedicated service to the chapter.

Program speakers will be Kris Johnson on the Okoboji School Dog Program and Mrs. Thunhorst on her search for her patriot in New Hampshire and Vermont.

The business and program meeting will be preceded by a luncheon at Los Pueblos on Highway 71, Arnolds Park, and followed by a tour of the fish hatchery in Orleans and the DAR marker at Marble Beach.

All area residents especially friends of the speakers and honorees, are invited to join the Ladies of the Lake at the luncheon, program and business meeting. For information, contact standcolleen37@gmail.com, 515- 229-4619.

Westport Schoolhouse And Pollinator Paradise Opening Soon

Country school teachers in the early 1900s lived a strict life. An actual set of rules for a country school teacher in 1915 included these parameters: You are not to keep company with men; you must be home between the hours of 8:00pm and 6:00am, unless at a school function; you may not loiter in any of the ice cream stores.

Learn more about the life of teachers and students in country schools by visiting the Westport Schoolhouse when it opens Tuesday, June 14, in Kenue Park in Okoboji.

"Westport Schoolhouse features many items original to the building, including an Edison record player, a piano and a library table," said Kiley Roth, Dickinson County Conservation Board community relations coordinator. "Other items inside were typically seen in one-room schools, like the dipper and water pail, the pot-bellied stove and the disciplinary paddle. Visitors can also write on a slate and ring the school bell in the bell tower."

Opening the same day in Kenue Park is Pollinator Paradise, just south of the Dickinson County Nature Center.

The indoor space at Pollinator Paradise features exhibits on butterflies, bees and planting for pollinators as well as a kids area and monarch enclosure where monarch caterpillars are raised throughout the summer. Dickinson County Conservation staff and visitors will bring in monarch eggs and caterpillars to safely raise until they hatch into butterflies, and then those butterflies are released into the wild.

Outside in Pollinator Paradise, walk through native gardens to see how you can utilize native plant species in your own landscaping. Take a look at examples of square-foot vegetable gardens, play a game of giant trivia Jenga or relax beneath the new pergola. You can also borrow a field guide from the indoor area and take it outside to see if you can identify different species of butterflies, bees and plants.

"Pollinator Paradise is such a neat experience," Roth said. "Many people are learning about the decreasing populations of monarch butterflies and honeybees, and this area teaches people there are ways that we can help bring them back, for instance, by planting habitat and food sources in your own yard. Plus, seeing the different life stages of a monarch, from egg to caterpillar to chrysalis to adult, is really exciting for all ages."

Both the Westport Schoolhouse and Pollinator Paradise are open 10:00am-2:00pm, Tuesday-Saturday, June 14-September 1.

If you are interested in volunteering at either location, please contact Roth at 712-336-6352.

Diabetic Support Group Meeting

The Spirit Lake area Diabetic Support Group will meet Monday, June 6, at 7:00pm.

Chelsi Jahn, LMSW with NW Iowa Council Season Center, Spirit Lake office, will present “Diabetes, Emotions, and Eating. Diabetes is a chronic disease that takes self-discipline a non-diabetic doesn’t understand. Dealing with a chronic disease is an emotional, physical, and social adjustment. Chelsi Jahn will address these aspects of change of living with diabetes for the diabetic, for the family, and friends.

Diabetes is a controllable disease with education being an important tool in management of diabetes. Knowledge is power that motivates steps taken to a healthier attitude and care of the body. With the power of knowledge, diabetes care can be focused on inspiring, encouraging, and making life better while “taking over the management of the pancreas”.

The local diabetic support group meeting, led by local patient facilitator, Marcia Young, is open to anyone dealing with diabetes, spouse, family members, or friend.

The presentation will be held Monday, June 6, at 7:00pm in the Big Spirit Room at Lakes Regional Healthcare’s Education Center, on the hospital’s lower level. Admission is free.

Pottery By Mel Myers And Artwork By AOG Gallery Shop Artists

The next exhibit at Arts on Grand, “Pots and Pictures”, will find the gallery filled with a variety of artworks including pottery, photographs, watercolors, mixed media, crochet, encaustic, and oils. The subject matter of this exhibit varies from finely hand-carved pottery vessels, from landscapes to florals, from abstracts to detailed realism.

“Pots and Pictures” is an exhibit featuring Mel Myers Pottery and the work of Gallery Shop Artists: Avis Davis, Marvel Houge, Karen Ruddy, Mary Mello-Nee, Bruce Morrison, Anita Baedke Plucker, Barb McGee, Judy Thompson, Tim Arand-McIlrath, Mike Houge, Judy Hemphill, and Mary Mello-Nee. Many of these artists have had their work for sale at Arts on Grand for over 15 years, and have also been featured in gallery shows as individual artists or as part of the Artisans Road Trip Exhibit, which will be on display from September 13 to October 29 this fall.

Mel Myers is a member of the Spencer High School class of 1961 and a long time art teacher at Spencer High. Over the years he has influenced many students, who have gone on to pursue careers in art or art related fields. Since his retirement a few years ago, Mel has been working at his studio at 717 11th Ave. East in Spencer. He has produced many one-of-a-kind ceramic pieces, some of which won prizes at various art shows. His special skill is in drawing and cutting inlay designs on his pots before the final glazing. Mel creates his own glazes and is known for his delicate blues, deep greens and golds.

The public will have the chance to visit with artists at a gallery reception on the evening of June 2, 2016 from 5:00 pm to 7:00 pm. Refreshments will be served. Everyone is welcome. If you do not have the time to come for the reception, you can stop in at 408 Grand Avenue to look at the exhibit from May 24 to June 25, 2016. Arts on Grand is open Tuesday through Friday from 10:00 am to 5:00 PM and from 10:00 am to 3:00 pm on Saturdays. “Pots and Pictures” exhibit will be up during Flagfest this year and during that weekend the Clay County Garden Club will display their artistic floral talents by creating arrangements to copy or compliment the artwork.

Labyrinth Talk And Walk

Labyrinths are ancient tools for meditation and prayer used through the ages by many cultures. These circular pathways gently guide walkers toward a center and out again while engaging body, mind and spirit.

Wildwood Nature Preserve is home to a Cretan labyrinth created on a hillside within a lush oak savannah overlooking a small lake. Wildlife and flora are abundant in this area, and add to the experience of walking the labyrinth.

Mary Dreir, certified labyrinth facilitator and builder, will lead a time of exploration and learning about labyrinths beginning at 2:00pm Sunday, June 5, at Wildwood Nature Preserve. Wildwood is located at 11175 240th Avenue, Spirit Lake, just north of Marble Beach. All participants will then be invited to experience the beautiful Wildwood labyrinth.

Beneficial Insect To Be Released To Help Manage Emerald Ash Borer

by Dustin Vande Hoef, Kevin Baskins, Laura Sternweis

Beneficial insects that will help battle the emerald ash borer, a highly destructive pest of ash trees, will be released in Jefferson County. Over the next few weeks several thousand stingless, parasitic wasps will be released at Whitham Woods near Fairfield, Iowa. This is the first release of the natural enemies of EAB in Iowa.

When EAB was accidentally introduced into North America from Asia, its natural enemies, unfortunately, did not accompany the borer. This effort is being made to reunite pest and natural enemies to help suppress EAB populations. Following rigorous testing and research one or more parasitic wasp species, native to Asia, have been released in 23 of the 25 states where EAB has been detected. The parasitoids were produced and supplied by the USDA EAB Parasitoid Rearing Facility in Brighton, Michigan.

"Due to the current situation of EAB in and around Fairfield, bio-control seems justified at this point in time, said Mike Kintner, Iowa Department of Agriculture and Land Stewardship EAB and gypsy moth coordinator. "The use of biocontrol will not be a 'silver bullet' for the problems we face with EAB, but the natural enemies will serve as a long-term management strategy to lessen the impact of EAB."

The two species of parasitic wasps available by USDA Animal Plant Inspection Service target the larval and egg stages of EAB. Tetrastichus planipennis female wasps, which are about the size of a grain of rice, lay eggs inside EAB larvae, terminating their development into adult beetles. Oobius agrili female wasps, which are the size of a gnat, lay eggs inside EAB eggs, parasitizing them before given the opportunity to hatch. Both species are harmless to people.

According to the USDA Forest Service, Iowa has an estimated 52 million rural ash trees and approximately 3.1 million more ash trees in urban areas. Additional suitable sites will be approved and utilized for biological control releases.

Diane Parks Of Edward Jones Receives The 30 Year Service Award

Diane Parks, the senior branch office administrator, BOA, of the Spencer Edward Jones office, recently received the 30 year service award. Diane works with Edward Jones financial advisor William Murphy and Mark Wilkinson.

Diane said she is honored by the recognition. "I enjoy my work helping Bill and Mark help people in this community plan for their financial futures, but it gives me an extra boost to receive special recognition for my work."

"I can't believe it's been 30 years," Diane said. "When I joined this firm, I knew it was a good decision. I truly have enjoyed working with the people in this community, and I look forward to my next few years."

The financial services firm Edward Jones is built upon the idea that financial advisors should live in the communities in which they work. To do that, the firm has opened nearly 11,000 branch offices across the nation and through its affiliate in Canada. Most of the financial advisors work alone in these offices, supported by their BOA. That is why the BOA position is so valued by the firm and its financial advisors.

"Diane is my right arm," Bill said, "and is not only responsible for the daily operation of our branch, but she also works closely with my clients, helping me provide them with top-notch service."

Edward Jones, a Fortune 500 company, provides financial services for individual investors in the United States and, through its affiliate, in Canada. Every aspect of the firm's business, from the types of investment options offered to the location of branch offices, is designed to cater to individual investors in the communities in which they live and work. The firm's 14,000-plus financial advisors work directly with nearly 7 million clients. Edward Jones, which ranked No. 10 on FORTUNE magazine's 100 Best Companies to Work For in 2016, is headquartered in St. Louis. The Edward Jones website is located at www.edwardjones.com, and its recruiting website is www.careers.edwardjones.com. Member SIPC.

Seasons Receives \$5,000 For Therapeutic Playground

Seasons Center for Behavioral Health received \$5,000 from the Clay County Community Foundation to help fund a therapeutic playground at Autumn's Center.

The therapeutic playground will be specially designed with playground equipment for outdoor play therapy at Autumn's Center, opening in Spencer in September. The playground, designed and contracted by Landscape Structures, Inc. of Delano, Minnesota, will serve as an outdoor enhancement to a child's therapy plan. The purpose of the therapeutic playground is to strengthen developmental skills in children, including sensory, motor, cognitive, and social-emotional.

"Sometimes children have a difficult time processing their feelings and experiences in an office setting," said Natalie Sandbulte, Director of Clinical Psychology at Seasons Center. "The therapeutic playground will allow children to move about if they need to, thereby facilitating the therapeutic process and the child's ability to learn. The playground will be a wonderful opportunity for children to learn new skills in a natural and familiar environment."

The funding provided by the Clay County Community Foundation will assist in building Phase 1 of the playground project, designed for 5-12 year olds. The playground will include an integrated play area called "PlayBooster" and a freestanding play area.

"We are appreciative of the continued support from the Clay County Community Foundation in serving children in our community," said Kim Scorza, Executive Director at Seasons Center. "It takes everyone to help children heal from life's hurts and this grant award is reflective of this belief."

Autumn's Center is expected to open on September 1, 2016 and the therapeutic playground will be completed in the fall.

Autumn's Center, the first of its kind regional children's center, will house rooms and offices designated to care for children's behavioral health, including areas for psychiatric services, outpatient therapy, psychological testing, behavioral health intervention services, substance abuse counseling, parent education, and care coordination services. The center will offer a child friendly and healing environment throughout the building.

Founded in 1959, Seasons Center for Behavioral Health continues to be a leading, comprehensive behavioral health center in the northwest region of Iowa. Offering a broad range of behavioral health services, Seasons recognizes that investing in behavioral health is investing in a community's economic, education, health and human services systems. Seasons strives to empower individuals so they might become active, contributing members of their communities. For more information on Seasons' services, please visit www.seasonscenter.org or call 1-800-242-5101.

Seasons Center Receives \$1,500 Grant from Alliant Energy

Seasons Center for Behavioral Health has received a \$1,500 grant from Alliant Energy to implement Active Parenting classes in the Spirit Lake and Okoboji area.

Funding from this grant will be used to purchase the Active Parenting curriculum. Active Parenting is recognized as an evidence based program by the Substance Abuse and Mental Health Services Administration (SAMHSA). The program teaches parents how to raise a child using encouragement, building the child's self-esteem, and creating a relationship with the child based upon active listening, effective communication, and problem solving.

"Seasons is pleased to receive this funding from Alliant to expand our services to parents and children within the lakes area," says Kim Scorza Executive Director.

Seasons is a non-profit organization and has been providing a broad range of psychiatric and behavioral health services to people and communities in northwest Iowa since 1959. Seasons strives to provide exceptional care to children, families, and adults through skilled, dedicated, and passionate employees who use evidence-based treatment practices and innovative treatment techniques.

Iowa Lakes Alum Lives By Lessons Learned From ILCC

Hands-on learning was always appreciated by Iowa Lakes Alum Dan Goebel. He remembers learning from textbooks but also having the opportunity to apply what was learned to real life scenarios. Though there wasn't an instructor that Goebel didn't like, Mrs. Denise Reimer and her classroom left the biggest impression on him.

"I really enjoyed how Denise taught in a practical, yet creative manner," stated Goebel. "One of the quotes I remember hanging in our classroom, and Denise referred to from time to time, was 'Good enough never is!' and I have tried to live and work as if I can always give or do better," added Goebel.

Goebel graduated from Iowa Lakes in 1998 after completing the Sales and Marketing Management program. Being a part of the Student Council was one of his favorite activities to participate in, as well as intramural sports and even playing cards in the dorm rooms during his free time.

Goebel is currently the Development, Marketing and Enrollment Director for Spalding Catholic Schools in Granville as well as a Deacon for their cluster of parishes.

LETTER TO THE EDITOR

Dear Editor,

When we have presidential campaigns lasting three years, eleven months and 22 days as we've had the past few decades, you are bound to receive letters such as the one by Bonnie Ewoldt in the Dickinson County News on January 13, 2016.

Until the last five presidential elections, the President and Vice President were selected by the Republican and Democratic Conventions held in July or August, preceding the November elections. Maybe the Conventions held every four years were better able to select a candidate from the state conventions, than the minority of primary and caucus voters today. The conventions are more aware of possible scandals that could surface. We generally had scandal-free candidates by that method.

The DCN letter writer has coined words not yet in Webster's Dictionary and must be left to the imagination to grasp. Hopefully we won't need to add the word "Hillarynomics" in November 2016.

English As A Second Language Classes

The Adult Education & Literacy Program at Iowa Lakes Community College is offering classes for non-native English speakers on both the Spencer and Estherville Campuses. These classes are of no charge to students and are designed to offer a comfortable learning environment to help adult students improve their English for the workplace or for future academic study.

The English as a Second Language classes (ESL) are for any adult learner in the Iowa Lakes' five county area trying to improve their English speaking, listening, reading and writing skills.

Through a collaboration with Northwest Iowa RSVP, students in this year's morning class in Spencer had the opportunity to practice their English speaking skills with "conversation partner" volunteers. Volunteers spent one hour each week with the class to interact with the students, which provided the opportunity for students to interact with native English speakers, by covering a variety of topics.

The next scheduled class will be held in July at both the Spencer and Estherville campuses, meeting four mornings per week. To find out more class times and dates, please visit www.iowalakes.edu.

For more information regarding the Adult Education & Literacy ESL programs, please contact Ann Aalgaard at 712-580-8646; Nancy Ramos at 712-362-7965; or Joseph May at 712-362-8351.

Stepping Back in Time by Jerry and Irene Clark of the Clark Museum of Okoboji and Iowa History

This is a 1934 advertisement from the Chaplin Barber Shops in Arnolds Park, Iowa. Notice shop number one which was in the town of Arnolds Park and shop number two was located in the arcade in Benits Park. The second chair "Buster" Gilmore was a Milford barber for many years and his shop was located where Stan's Barber Shop is presently located. On the back of this advertisement was the Arnolds Park baseball schedule for 1934-5. Many of these schools are now past history. People that have lived around these schools would appreciate this advertisement.

Starting this season, the Clark Museum visitors can view over 5,000 pictures and stories from the largest historic collection of Iowa Great Lakes and surrounding areas, representing many towns and over 99 counties. We have unique items of all types and sizes including over 20,000 original memorabilia and business advertisements. Visitors can be seated as they view photos of their county, the lakes area and the amusement park in organized books. This is a great addition. The museum is located 1 mile west and 1/2 mile north of the Catholic church in Milford. Call 712-338-2147 or email ijklark1@msn.com for any information.

Brownmed Acquires Joslin Orthopedic Gear

Joslin Orthopedic Gear, inventor of the Ultimate Arm Sling®, is the originator of the ergonomically designed stretch-to-fit arm slings.

Brownmed, a leading manufacturer of products aimed at improving the quality of life for patients, announced today that it has acquired Joslin Orthopedic Gear and its line of stretch-to-fit arm slings, all of which are designed to provide maximum patient comfort.

"The acquisition of Joslin Orthopedic Gear reflects Brownmed's continued commitment to innovative, patient-focused medical devices," said Dr. Ivan Brown, president and CEO of Brownmed, Inc. "Joslin Slings® are already the preferred choice in the marketplace. We will quickly expand adoption through introduction of the product to our broad distribution network. Furthermore, bringing Joslin Slings into our product mix will enhance our ability to provide customers with a multitude of products designed to improve the lives of patients."

Unlike traditional cloth slings, the patented Joslin Slings stretch for a custom fit. The flagship product in this line, the Ultimate Arm Sling®, was designed especially to relieve painful pressure points while providing maximum support and stability for both short and long term use.

Since their introduction in 2000, Joslin Slings, including the cotton spandex Ultimate Arm Sling and the stretch, disposal Joslin ER Sling® have received rave reviews from patients, healthcare professionals, elite athletes and celebrities alike. Products were developed and introduced by Mandy Joslin, President of Joslin Orthopedic Gear, in response to a lack of comfortable options available to hospitals and consumers. The line has steadily grown and set an industry standard for thoughtful, patient oriented products under Ms. Joslin's leadership.

"I look forward to working with Brownmed to dramatically expand the reach of Joslin Orthopedic Gear products both nationally and internationally. My product line provides a wonderful complement to existing Brownmed products which are patient oriented and comfort based. Our business philosophy blends easily and I believe we will be very successful together."

As part of the acquisition, Mandy Joslin will provide consulting services to Brownmed over the coming months to share her expertise on the product line.

With more than 50 years of operation as a family-owned business, Brownmed manufactures and markets more than 100 products for the global marketplace. Learn more at www.brownmed.com.

USDA To Soon Begin County FSA Committee Nomination Process

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to all farmers and land owners, whether they be a beginning or longtime producer, or whether they have a large or small operation. Every eligible agricultural producer whether they own or operate a farm, should participate in the FSA Committee election process because FSA county committees are a link between the local agricultural community and the U.S. Department of Agriculture (USDA). Farmers who serve on FSA county committees apply their judgment and knowledge to help with the decisions necessary to administer FSA programs in their counties, ensuring the needs of local producers are met. FSA county committees operate within official federal regulations so that local input is provided on federal programs such as:

- Income safety-net loans and payments
- Conservation programs
- Incentive, indemnity and disaster payments for some commodities
- Emergency programs
- Payment eligibility

According to Dickinson and Dickinson County Executive Director Larry Lago, "The Dickinson County Farm Service Agency will soon begin the initial stage of the nomination and election process in which the farmers and land owners of Dickinson County from the townships of Silver Lake, Excelsior, Diamond Lake and Lakeville townships, will elect an individual to serve a three year term on the local Farm Service Agency County Committee, (COC)." These townships constitute Local Administrative Area #3 (LAA) for Dickinson County farm owners and farm operators. Current FSA Committee member Vince Elser has served on the Dickinson County FSA Committee for the last six years and is eligible for re-election. Lago adds, "The COC nomination period begins June 15th, 2016 and runs through August 1st, 2016 for any qualifying individual from those townships who would be interested to run for the County FSA Committee position."

Agricultural producers who participate or cooperate in an FSA program may be nominated for candidacy to the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing underserved (minority and women) farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee election at the office that administers a producer's farm records. To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve for a three year term if elected. This form is available at the FSA county office and online at www.fsa.usda.gov/elections. Nomination forms for the 2016 election must be postmarked or received in the local FSA county office by close of business on August 1st, 2016.

To be nominated to be on the election ballot as a potential FSA county committee member, a person must meet each of the basic eligibility requirements:

- Participate or cooperate in a program administered by FSA.
- Be of legal voting age & eligible to vote.
- Reside in the FSA LAA in which the person is a candidate.
- A person must not have been removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony or dishonorably discharged from any branch of the armed services.

People uncertain about their eligibility to vote in the FSA county committee election should contact their local FSA office. Affirmation of eligibility to serve and vote must be determined in order for a nomination to be considered in an election.

USDA relies on the local leadership of farmers that are elected to the Farm Service Agency's County Committee system. Farmers know their communities best, and the Farm Service Agency draws from their local knowledge to make national farm programs work here at the county level. FSA County Committees operate within official regulations designed to carry out federal laws. County Committee members apply their judgment and knowledge to make decisions at the county level.

For anyone who would like to learn more about the FSA County Committee system, please visit www.fsa.usda.gov/elections or contact Larry Lago, County Executive Director at the Dickinson County FSA Office located at 3302 18th St., Spirit Lake, Iowa 51360 or 712-336-3782 extension 2.

Boji Bay Open House Announcement

The Boji Bay Legacy Park Concert Grounds is opening. You have seen it from a distance as you drove by on US Highway 71 and State Highway 86. And you have heard people talking about it. Now you are invited to have a peek for yourself ahead of time.

Tom Golden, CEO says, "We invite the public to come out and see Boji Bay Legacy Park at our Open House." Mark your calendar for Wednesday, June 1, from 4:00pm – 8:00pm, so you will be one of the first to see the newest entertainment venue in the Iowa Great Lakes area. Free t-shirts will be given to the first 50 people entering the ticket gate.

This venue has one of the largest outdoor stages in a 5 state area. They are proud to say everything is state of the art. Come hear music from the new stage for this fun Open House. While you are here, you may want to take this onetime chance to see for yourself the Green Room where performers prepare to go on stage. You will see the massive size of the front dance area. Bigger and better!

There are new walkways leading all over the grounds toward the inviting new concession stand and the meticulous new restroom facilities. They are doing all they can to let the freshly laid sod have the best start, therefore they ask you to help with that for a few weeks.

Boji Bay is giving away a free koozie with every beer purchase at the new concession stand. Burgers and brats will be for sale at this pre-opening. Tell everyone you know about the big things happening here.

June is the month when it all starts. See the first time ever concert from the new Boji Bay Legacy Park stage on Friday, June 3, 2016, starting at 7:00pm. Richie Lee and the Fabulous Fifties will be performing in this family friendly concert. Northwest Iowa, this is your concert grounds. Hope to see you both evenings.

CAASA Advocate, Misty Wolf, pictured with students and numerous donated cell phones at the Emmetsburg campus.

ILCC Students Participate In Sexual Assault Awareness Month Activities

This month, students at Iowa Lakes Community College had the opportunity to participate in a variety of activities on campus in recognition of Sexual Assault Awareness Month. Educational Counselors and the Student Senate partnered with Centers Against Abuse and Sexual Assault (CAASA) in order to provide different activity tables with the goal of providing more education on Sexual Assault awareness and prevention.

Representatives from CAASA hosted a booth to discuss their services for victims of sexual assault. Those services include: a 24 hour crisis line, crisis counseling and advocacy for adults and children, support groups for adults and children, shelter, medical and legal advocacy, school outreach and violence prevention programs, community education and information programs, and professional education.

The Student Senate and the Educational Counselors sponsored an "It's On Us" pledge drive. Students signed pledges to make a personal commitment to help keep women and men safe from sexual assault. The pledge also ensures that the student will not be a bystander but will be a solution to the problem of sexual assault. They also sponsored "The Clothesline Project" where students were able to design and decorate T-shirts to represent or describe their experiences with sexual assault, domestic violence, stalking, dating violence, or childhood abuse. Students also designed T-shirts to show their support for victims of violence.

"I think the 'Clothesline Project' is important because of the awareness it raises," stated Emily Murphy, Educational Counselor for Iowa Lakes. "The purpose of the project is to allow survivors of abuse to design a T-shirt that represents or describes their experience, so in a way it is a therapeutic experience for that person," Murphy added.

Murphy went on to say, "The 'It's On Us' is a nationwide initiative that asks students to pledge to prevent sexual assault by bystander intervention. Students pledge to intervene if they see questionable behavior."

Iowa Lakes Emmetsburg student senate has also been involved in an ongoing project. For the last 6 to 7 years, students have been collecting cell phones and chargers which they then donate to CAASA. In turn, they are then given to clients of CAASA so they can be used to call emergency services if and when needed.

In connection to Sexual Assault Awareness Month, Iowa Lakes campuses are also participating in Denim Day on April 27. Community members, elected officials, businesses, and students can make a social statement by wearing jeans on this day as a visible means of protest against the harmful misconceptions that surround sexual assault. Employees and staff members of Iowa Lakes will pay \$5 to wear jeans. All the money raised will go to CAASA to assist local victims of sexual assault and the families of victims. To learn more about Denim Day, and the history behind it, visit www.denimdayinfo.org.

CAASA is a private non-profit agency providing services for victims of sexual violence. All services are confidential and free of charge to anyone regardless of race, religion, sex, or capability.
