## At The Corral Gate

Summer is officially here! Memorial day is over, school is out and June has arrived! It's time to wear white, change to your straw hat, and make some plans for summer fun! Send me some photos of places you go during Summer 2016, and I'll share them! That's enolagay.mathews@gmail.com.

The last of the Hopkins County area schools to graduate include Sulphur Bluff on Friday, June 3, at 6:30 pm in the new Bears Gym, and Sulphur Springs High School on Friday, June 3, at 8 pm in the Hopkins County Civic Center. (outdoor ceremonies were changed due to a rain forecast). Two more schools graduate on Saturday, June 4...North Hopkins at 3 pm in the new Panthers Gym, and Yantis ISD at Shannon Oaks Baptist Church. Congratulations to all the seniors...and we wish you a safe and fun summer!

Sulphur Bluff Graduating Class

We waved the Red, White and Blue on Memorial Day in front of the Veterans Memorial on Celebration Plaza in downtown Sulphur Springs. A nice lady from Greenville with a soft place in her heart for Veterans came to our town and organized a solemn but joyous event for the public. The rainy forecast didn't keep a good number of citizens from attending. Thanks Darlene Stanford for your compassionate service in the memory of those who made the ultimate sacrifice.

A unique Texas/Western event is coming up in October and I want you to save the date! It's the second annual NetBio Cattleman's Classic "Ribeye Roundup" planned for October 7, 2016 on Celebration Plaza, in downtown Sulphur Springs. ENJOY a delicious hand-prepared ribeye meal for a \$25 ticket PLUS hear amazing local talent while you dine AND THEN stay for an 8pm Country Music/ Western Swing concert by the popular Texas dance band Jake Hooker and the Outsiders. The concert will also feature special guest artist Jack Phillips, a young fiddler who is making a mark for himself in the Western Swing world. So, plan to dine OR ENTER the cooking competition for prizes! In any case, wear your boots and jeans and be ready to tap your toes or grab your partner and dance! The event celebrates the place that beef has on the tables and plates of true Texans!

Entertainment Committee finalizing concert plans...Matt Dunn, Enola Gay, Rodney Lennon, Missy McClure.

Life has been very busy lately! With Dairy Festival coming up, it's likely to get busier! Sometime this summer, I'm gonna spend more time on the home range and closer to the corral gate! Honk when you go by!

Friday & Saturday 4-9pm

THE IDLE AMERICAN

**Wheels on the Bus...**

Commentary by Dr. Don Newbury

One dipper quickly dunked into the research bucket reveals much about the impact of wheels on our lives. Irrespective of gender, wheels enter our lives musically. Early on, lyrics of "The Wheels on the Bus" hammer into our psyche the elementary message of bus wheels--like life--going "round and round."

Surely wheels were big news on that first day of "roundness." Long before the Flintstones--and whenever life first "went better with Coke"--wheels absolutely "gained traction," pun intended.

Even today, "the way we roll" is a common expression to describe what's going on in our world....

\*\*\*\*\*

Wheels dominate life's chapters. When infants struggle to take on life upright, parents eagerly provide the first in a long line of wheels. Tricycles--small to accommo-

date young riders-- foretell a lengthy list of coveted conveyances that roll.

Young parents soon learn that many errant tricycles' turns take nicks from furniture--as well as from knees. Their sympathetic grimaces bear close resemblance to first nicks on new cars. They are to be endured--these important lessons in life.

**SCHOOL BUSES FOR SALE OR RENT**

**Tumbleweed Smith**

**Tumbleweed Smith**

Every time I went to southeast Texas I kept noticing acres of school buses on a large business lot on Interstate 10 near Winnie. I thought it was a school bus graveyard. Boy, was I wrong.

Earlier this year on my way to Beaumont I passed it again and decided to check it out. I turned around, went back there, and met the friendly office manager, Greg Simon. He told me all about the business, which is owned by Carl Smith of Baytown.

About that time Carl walked in with his two small dogs. He buys, sells and rents school buses. "Twenty-five years ago I bought two buses and took them down to Laredo and sold them into Mexico. And ever since then I've been in the bus business."

He has bought ten thousand buses and sold them. "My first big deal I bought 72 buses from Cypress Fairbanks School District in Houston and sold them all." He did lots of business during hurricane Katrina. "I sold about seventy-five buses to churches. People were coming from everywhere wanting to go to New Orleans to pick up people down there."

His company is Interstate Bus Sales and Rentals. Greg told me the business has 325 buses on hand located on five acres of land. "We rent buses to the construction industry and they use them to transport their workers from a parking lot to the building site. We just sent a bunch of buses to near McCamey where they're building a large solar field. We just made a deal to export seventy-five buses to West Africa. We're in the process of getting those buses ready to put on a ship to take them on a thirty-day journey across the ocean."

They just bought twenty-six buses from Philadelphia. "We flew thirteen people up there, got the buses all checked out and drove them 1,600 miles from there to here. Then they got back on a plane, got thirteen more buses and drove them down here."

Some buses come from auctions. "Schools only keep buses maybe ten years, then they replace them and put their old buses up for auction."

Some people buy a bus and customize it. Greg says some people turn them into motor homes. One professional wildlife photographer bought a bus and had the rear half of the body removed. He turned the remaining front part into living quarters and hauls his four-wheeler on the back.

Lots of people think they get a bus for a thousand dollars or so, but that's not the case. "These are good buses," says Greg. "All these buses that you see on this lot are dependable. I can put a battery in one and wouldn't hesitate about driving it to California. Everybody thinks the buses are junk. They're not. And they're not cheap. That white bus I'm looking at right now sells for thirty thousand dollars."

Carl says he has a shop to repair buses that might have problems.
