HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

**Strange BUT TRUE**  
 By Samantha Weaver

• It was award-winning Canadian novelist, poet and literary critic Margaret Atwood who made the following sage observation: "War is what happens when language fails."  
 • Many people don't realize that the parachute was invented before the airplane. The first person to use a parachute and survive was Louis-Sebastien Lenormand, who jumped off the tower of the Montpelier Observatory in 1783.  
 • You've doubtless heard of Edgar Allan Poe's poem "The Raven" — or at least the famous line "Quoth the Raven, nevermore." When the poem was published in 1845, it immediately became wildly popular, catapulting the previously obscure poet to national celebrity. Future president Abraham Lincoln liked it so much that he reportedly committed the lengthy verse to memory. Despite criticism from such literary lights as William Butler Yeats (who called the poem "insincere and vulgar ... its execution a rhythmic trick") and Ralph Waldo Emerson (who said, "I see nothing in it"), the popularity of "The Raven" continued unabated, inspiring a plethora of parodies, including "The Gazelle," "The Turkey" and "The Pole-Cat." Popularity didn't translate into financial success, however; Poe died in 1849, shortly after being found a penniless wanderer on the streets of Baltimore. His death has been blamed on consumption, alcohol poisoning or an opium overdose, but the true cause remains a mystery.  
 • If you're planning to take a cruise this summer, try to remember to use your right foot when you take your first step aboard; it's considered bad luck to step aboard with your left foot.  
 • You might be surprised to learn that in Russia, there are laws that prohibit the production, import or sale of lace panties.

**Prayer to the BLESSED VIRGIN**  
 (Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times.) Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you. Grateful Thanks.

**Home Energy Savings**

**Five Tips To Help You Save Year-Round**

(NAPS)—Making a few simple DIY changes to your home can help you decrease monthly costs and reduce the need for upkeep. Check out these five tips that can help you increase energy efficiency and save on home expenses year-round.

- 1. Seal windows and doorways.** Your windows and doorways should be barriers to hot, humid heat in summer and chilly temperatures in winter. Sealing windows and doorways will help keep cold air in and hot air out, lowering energy bills. Make sure to use the appropriate binding component: caulk for more stationary applications and weather strips for movable parts.
- 2. Install shades.** When temperatures rise, energy bills needn't follow. You can stabilize temperatures in your house by raising and lowering your shades, so the sun keeps its heat to itself in warmer months and provides heating gratis when it's cold out. Pay special attention to south- and east-facing windows, as they tend to get the majority of sunlight.
- 3. Swap to cost-effective, energy-saving LEDs.** Swap out traditional incandescent lightbulbs with LEDs. This simple update will save on your electric bill and is better for the environment. For example, the inexpensive SYLVANIA 10-Year LED portfolio offers high-quality lighting for all around your home, inside and out. Compared to similar LED products, these can save you around 50 to 70

percent and they last up to 10 years, so you won't have to replace them frequently as with old-fashioned bulbs. You can find the portfolio at major retailers nationwide and online.

- 4. Unplug household appliances and electronics when not in use.** Some household appliances and electronics use energy even when they're turned off or in standby mode. According to Energy.gov, unplugging unused electronics can save you as much as 10 percent on your electricity bill.
- 5. Turn off the lights.** Create a personal habit of turning lights off when you leave a room. This contributes to savings in energy and costs over time. LIGHTIFY smart connected lighting from OSRAM SYLVANIA can be turned off wherever you are, via your mobile device, if you forget to do it at home.

**Learn More**  
 To learn more tips on energy-efficient lighting, visit [www.sylvania.com](http://www.sylvania.com).

Seeing the light about saving energy at home can help you have more comfort at less cost.

**COVENTRY SENIOR HARMONICA BAND NEEDS MUSICIANS**

Revive the old talent, dust off the instrument, enrich your life. If you are over 55 and play harmonica, banjo, or guitar, we need you! Senior band plays gigs at Senior Centers, Nursing Homes, anniversaries, etc. Call Zandy (days) 732-7870, Ext. 107 or Roger (nights) 397-5157.

**IGA RECEIPTS FOR LIBRARIES OF FOSTER**

The Libraries of Foster are still collecting IGA grocery receipts. They are able to put them to good use.

**Hummel Plate**

**Q.** I have a M.I. Hummel plate. It is "Hear Ye, Hear Ye," which I received as a Christmas gift in about 1973. What is it worth? — Tom, Nashville, Tennessee

**A.** I found your plate referenced in "M.I. Hummel Figurines, Plates, Miniatures and More" by Robert L. Miller and published by Portfolio Books. According to Miller, your plate was issued in 1972. Its original purchase price was \$30, and it is currently valued in the \$50 to \$75 range. Collector plates have become difficult to sell in recent years, so Miller's estimate might be on the high side. Prices on eBay ranged from \$20-\$60.

**Q.** I have a rather large comic book collection. Even though I know which ones are valuable, I am having a difficult time grading them in a professional manner. Any suggestions? — Robert, Nashville, Tennessee

**A.** The Official Overstreet Comic Book Grading Guide by Robert M. Overstreet and Dr. Arnold T. Blumberg is an excellent source that should be helpful. It has exhaustive descriptions of primary and split grades that make grading fast, easy and accurate. There are full-color photographs of major defects so you'll know exactly what flaws to look for, and tips for evaluating comics, from the earliest publications to current ones.

is available both new and used from a number of online sellers, including Abebooks.com, Amazon.com and Barnesandnoble.com.

**Q.** I am enclosing a drawing of a small porcelain horse that I have. It was made in occupied Japan, and I think it is probably worth a great deal of money. — Dorothy, Pahokee, Florida

**A.** I found a figurine similar to the one that you have referenced in Occupied Japan Collectibles: Identification and Value Guide, by Gene Florence. According to Florence, your small porcelain horse is worth about \$15.

**Q.** Where can I find out more about the possible value of a Hammacher Schlemmer workbench with wooden vice? — Jo, via e-mail

**A.** I suggest you contact the company at www.hammacher.com. Click on customer service/contact us. After filling out an online questionnaire, someone from the company will answer your question, if possible.

Write to Larry Cox in care of KFWF, 628 Virginia Drive, Orlando, FL 32803, or send e-mail to questionsforcox@aol.com. Due to the large volume of mail he receives, Mr. Cox cannot personally answer all reader questions, nor does he do appraisals. Do not send any materials requiring return mail.

### Don't Go to Rio

Like all great stories, here's one that starts with a girl and ends with a heart attack. And, like many misapplied missives, let's try and apply it to the upcoming Olympic Games at Rio De Janeiro, Brazil.

The year is 1996, and the place is Atlanta's Centennial Olympic Park, the "commons area" for that year's games. Located just outside the Athletes Village at Georgia Tech and the dorms at Georgia State, and forced into a small, once-barren urban parcel between the Georgia Dome and CNN headquarters, Olympic Park was a place to grab a beer at the spacious Anheuser-Busch tent, listen to a slate of live bands and queue up for a taxi ride home or shuttle to your car. This was where I spent much of my time, working for a large tech company inside the Athletes Village.

It was a magical Olympics: Ali lit the torch. Kerri Strug landed a vault on a broken leg. The Dream Team was regulating. And on July 27, after a shift, I decided to celebrate at the Olympic Park and listen to a few bands. At that point, I ran into a girl from days gone by, and consumed with nostalgia, we decided to leave the park to visit with one another. After all, the next band was "Jack Mack and the Heart Attack," and who the heck were they? I had just seen Run DMC play the Olympic

Athletes Laundromat and spent the afternoon chilling with Ziggy Marley underneath a tree ... I was good.

I also was lucky. Twenty minutes later, a bomb went off in the park, killing two people and injuring more than 100. Had we stayed, we would have been within 50 yards of the blast, and almost certainly taken a nail or two from the insidious bomb. I went back to work the next day and joined the chorus of volunteers and amateurs who wanted to see the games go on.

That was then; this is now.

It may come as a surprise to you to learn that the mosquito is the most deadly animal on the planet. Each year, the little female of the species bites, drinks from and in so doing infects, millions of people and animals around the world, killing more than even we humans do.

This year's Olympics are to be held in Brazil. They are not ready, nor are they prepared to deal with the ramifications of the Zika virus, a virus we are just beginning to understand, a virus that deforms babies and can be transmitted sexually.

That last part has me the most worried: Athletes are proud of their bodies. They actually made the hookup app Tinder a household name due to its handiness in the last Athletes Village.

The World Health Organization is calling for a delay. Rio is in disarray. We should heed its advice. This is how outbreaks occur, and for what? We can still play the Games, but we can't be stupid. Zika is for real, and figuring out how to handle this threat is as serious as any Jack Mack and the Heart Attack.

- Use Velcro or a bungee cord to attach kids' bubble containers to a porch post. Or bury them halfway into a flowerpot filled with sand. The kids can dip the bubble wands to their heart's content, but are less likely to spill the container of bubble juice.

- PVC pipe is so easy to work with for many creations beyond piping. For instance, you can look up free instructions to construct a drying rack for your towels to go poolside. Simply go to your internet search engine and enter "PVC towel rack DIY."

- "An old dish-drying rack can be used to organize the lids to your plastic storage containers." — *T.C. in Montana*

- "Here's a neat trick to keep your bathroom smelling sweet with little effort: Add a few drops of a pleasant essential oil to the cardboard tube of your toilet paper. Every time the roll 'rolls,' it'll give off the scent. And it's easily refreshed with each new roll." — *R.D. in New Mexico*

- Use a zip-up delicates bag to clean small toys in the washing machine. This is especially good for Lego blocks or other building bricks.

- When playing dice games with small children, put the dice into a small see-through container. The kids shake and roll the container and read the dice inside. This makes for a safer game, and you're less likely to see a die go flying!

## HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Now it can be told why "Castle" veered off course by separating Castle (Nathan Fillion) and Becket (Stana Katic) — whose chemistry was so dynamic — and why Fillion received a contract for season 9 and Katic didn't. Here's the scoop: After six years of working together, they didn't like each other. But the ratings were high, and so the producers separated them and limited their scenes together. For the finale of season eight, two endings were filmed: 1) Becket is killed off, and the series gets extended for 10 more shows; 2) They're both shot by their arch-enemy, recover and 10 years later are the parents of three children. Their well-hidden disdain for each other was a testament to their acting skills.

At "NCIS," we were duped by Michael Weatherly, who was quoted in every interview as saying he left "NCIS" because he "wanted to spend more time with his family and his production company." Actually he'd been given his own series by CBS, "Bull," in which he plays Dr. Bull, a trial consultant. The show is based on the early days of Dr. Phil (McGraw) when he was adviser to Oprah Winfrey in her lawsuit against the Texas Cattleman. She won, thanks to his advice, and was so grateful she launched his TV career.

CBS will be bringing back old favorites in new series. Among them, "MacGyver," with Lucas Till and George Eads ("CSI"); "Training Day," with Bill Paxton; "Doubt," starring Katherine Heigl ("Grey's Anatomy") as a smart, chic defense lawyer; Joel McHale ("Community") as an adventure reporter in "The Great Indoors"; and Kevin James ("King of Queens") in a series playing a newly retired police officer.

NBC has renewed "The Carmichael Show" and also will give us "Marlon," starring Marlon Wayans, as a loving father; Vanessa Hudgens in "Powerless"; John Lithgow and

ABC/Bob D'Amico  
Stana Katic

Sherri Shepherd in "Trial and Error," a comedy about a big city lawyer and his defense team; and the "Blackout" spin-off with Ryan Eggold.

At ABC, the most talked about show is "Designated Survivor," starring Kiefer Sutherland as a cabinet minister.

Fox is rebooting "24" as "24: Legacy" with Corey Hawkins (soon in "Shull Island") and late of "The Walking Dead"), Jimmy Smits ("Sons of Anarchy") and Dan Bucatinsky ("Scandal"), and the return of "Prison Break" with Wentworth Miller, Dominic Purcell and Mark Feuerstein. Plus, "Shots Fired," with Helen Hunt and Richard Dreyfuss, and "Star," about three girls who form a rock band, starring Benjamin Bratt and Queen Latifah.

And Mark Harmon is moonlighting from "NCIS" in the film "Last Full Measure," with Morgan Freeman, Scott Eastwood and Laurence Fishburne.

It's time to break out the classic song, "Everything Old Is New Again!"

**SEWING PROJECT TO HELP FOSTER KIDS IN RI**

Organizers of The Sewing Project to Help Foster Kids are looking for volunteers to sew kid-friendly pillowcase bags for foster children. When a child is taken from a home that has been deemed unsafe by DCYF (Dept. of Children, Youth & Families), the child may take only a small amount of toys, clothes, and personal belongings. Many times, DCYF workers just don't have enough suitcases to use, so when a child arrives at a Crisis Center, Group Home or Foster Home, many times they arrive with literally 1 or 2 large black trash bags full of personal items. Let's change that! This is an ongoing project. Work at your own pace. For more information, contact Hollie at 385-9876 or [holliegal@verizon.net](mailto:holliegal@verizon.net)

"Group 1" clematis flower in spring, on growth from the previous year. Prune these vines after blooming ends in spring. New stems will then have enough time to make buds for next year.

"Group 2" clematis are repeat bloomers. Prune the plant back by half every other year.

"Group 3" are summer or fall bloomers. Just before the season's growth begins, or as it is beginning, lop all stems back to strong buds within a foot or so of the ground.

**ARIES** (March 21 to April 19) Family and friends rally around as you confront an unexpected challenge. Some plans will have to be changed until all the fuss and fluster settle down.

**TAURUS** (April 20 to May 20) Your creative gifts find new outlets for expression this week. Someone (a Libra, perhaps) has ideas that you might find surprisingly appealing. Pay attention.

**GEMINI** (May 21 to June 20) You'll soon be able to restart those delayed travel plans. A financial matter you thought was closed could suddenly reopen. Be prepared to take swift, decisive action.

**CANCER** (June 21 to July 22) A romantic relationship takes an unexpected turn. You might be confused about how to react. It's best not to be rushed into a decision that you're not ready to make.

**LEO** (July 23 to August 22) Don't let your pride stand in the way of resolving an emotionally painful situation. This is a good time to deal with it and let the healing finally begin.

**VIRGO** (August 23 to September 22) A workplace problem that you've been handling so well suddenly spins out of control. Don't panic. You can rely on your good sense to help you restore order.

**LIBRA** (September 23 to October 22) Wearing rose-colored glasses won't solve a thorny personal situation. You need to take a hard look at what's happening and then act according to the facts.

**SCORPIO** (October 23 to November 21) Weigh all your options carefully before making any decisions you've been putting off. Then go ahead and plan a weekend of family fun.

**SAGITTARIUS** (November 22 to December 21) While personal and financial situations continue to improve, some setbacks might occur. But they're only temporary, so hang in there.

**CAPRICORN** (December 22 to January 19) Family matters dominate the week. Health problems raise concern, but soon prove to be less serious than you had feared. Things start easing up by the weekend.

**AQUARIUS** (January 20 to February 18) Most situations are calmer now, both at home and on the job. But there's still a chance that a co-worker will set off another round of unpleasantness.

**PISCES** (February 19 to March 20) There's no need to fish for compliments from an admirer who can't say enough nice things about you. The upcoming holiday bodes well for family gatherings.

**BORN THIS WEEK:** You love to compete, both on a personal and a sporting level, and you hate to settle for anything less than excellence.
