Winchester Every Mailbox, Every Wednesday June 22, 2016 : Vol. XXXVII : #25 2016 Copyright Exchange, Inc. **Are You Suffering Whiplash Neck Pain** from Severe Neck, **Lower Back or Bulged Disc** Herniated Disc **Arm/Leg Pain?** Sciatica Pinched Nerves Stenosis Have You Been Diagnosed

With a Bulging, Herniated or **Degenerative Disc?**

Sciatica and herniated discs are often misunderstood.

They can cause pain and numbness in the back, neck, legs, and feet. This pain affects everything that you do, from work to play, and ultimately your quality of life. We are here to tell you that there is hope. We have the technology and experience to help you find relief from sciatica and back pain. At Disc Centers of America, we have helped thousands of pain sufferers just like you. We offer only the most advanced non-surgical treatments.

Is Surgery the Answer?

It is true that surgery may be the answer for certain types of back injuries. When considering your options, ask yourself this question... If there is a solution to back pain that doesn't require surgery, is it worth exploring?

Before you consider surgery consider these points

- Back surgery can cost \$50,000 to \$100,000 or more
- Recovery can be very painful and can take months or years
- Surgery may or may not relieve your pain
- Dependence on prescription drugs may occur after surgery
- Missed work can amount to ^{\$1000s in lost wages}
- Outcomes may be uncertain, and surgery is not reversible

The Solution: The DISC Centers Method

Did you know

that 30 million Americans suffer from back and neck pain every day?

Who is a Candidate for The DISC Centers Method

Our spinal decompression system has been found to relieve the pain associated with disc degeneration, herniated and bulging discs, facet syndrome, and sciatica. Spinal decompression is a great option because back surgery is so risky.

Why DISC Centers of America

Dr. Joseph Kanan, DC and his team have vast experience in treating patients suffering from moderate to severe disc disease. Dr. Joseph Kanan, DC is certified by and is also part of the Disc Centers of America Team who are a national group of doctors that have gone through extensive training that follow the protocols set up by The International Medical Advisory Board on Spinal Decompression, and follow the protocols set forward by Dr. Norman Shealy the Honorary Chairman, former Harvard professor, and probably the most published doctor in the world on spinal decompression therapy.

The DISC Centers Method is a proven, comprehensive treatment program which includes computerized true disc decompression, cold laser therapy, and exercise rehabilitation

to promote long term spinal health. Spinal decompression is considered by many doctors to be the most advanced and successful noninvasive treatment of serious back, neck, leg or arm pain. The DISC Centers Method allows for a much higher success rate by increasing hydration and restoring health to your discs. This results in a more effective and lasting solution to your pain. There are no side effects and no recovery time is required. This gentle and relaxing treatment has proven to be effective ... even when drugs, epidurals, traditional chiropractic, physical therapy and surgery have failed... The DISC Centers Method has shown dramatic results.

Get Your Life Back Today!

"If you suffer from sciatica, severe back or neck pain, you can find relief!
