## ACCESSORIZE IT

If your home decor seems stuck in a rut, updating accessories can bring more spice to your living space. When accessorizing your home follow some simple tips and tricks. Highlight a few favorite accessories at one time. It's fun to collect different styles of pillows, artwork and collectibles but displaying them all at one time can be overwhelming. Try showing 20 percent of your prized accessories at a given

time and change them regularly throughout the year.

Pick a focal point and showcase that area. Select an accessory that will make it stand out. Do this in several areas of your home. Pinterest and [houzz.com](http://houzz.com) have wonderful ideas. This will help you in the staging process and make your home look bright and alive again.
