IWCODIRECTTM
Machine Operators & Equipment Technicians

IWCO Direct provides direct marketing campaigns for some of the most recognizable companies in the country, and we are currently seeking motivated, energetic, and team-oriented individuals to join our production team.

Machine Operators & Equipment Technicians work 12 hours per day, 7 a.m. to 7 p.m. or 7 p.m. to 7 a.m., on a rotating schedule that includes weekends. This provides the opportunity to work full time by working only 15 days per month. 12-hour weekend positions are also available.

The starting rate for inexperienced machine operators is \$10.00 per hour, with increases at 90 days and a year to \$11.50 per hour. Higher starting rates are considered for candidates who have strong work histories and previous manufacturing or industry specific experience. We offer an additional \$1.00 per hour differential on the night shift.

The minimum starting rate for Equipment Technicians is \$14.00 per hour. Higher starting rates are available and are based on equivalent work experience.

Benefits include paid vacation, personal days and holidays, choice of 2 BC medical plans with FSA or HSA, dental, vision, 401K plan, short-term & long-term disability, company paid and voluntary life insurance programs. Interested candidates should apply online at iwco.com/careers or in person at:

Provide Guests With Added Comfort At Your Wedding

Weddings are special days in couples' lives. No wedding would be complete without the witnesses, including the happy friends and family members who are anxious to celebrate the special day. While weddings are largely about the couple tying the knot, it's important the couples do not overlook the comfort of all of the well-wishers at the ceremony and reception. Every effort should be made to ensure guests are comfortable and feel welcomed at the event.

- Plan for inclement weather. The weather is unpredictable, so establish a backup plan should the weather not cooperate on

your big day. Outdoor weddings in warm, sunny locations can get hot quickly, so make sure there is shade available. Ask ushers to hand out sunscreen so guests don't burn in the sun. If there's a chance for rain, have umbrellas or a tent available to keep guests dry.

- Choose a venue that can support your guest list. Guest comfort can be compromised if everyone is packed into a reception room that is much too small. Everyone should be able to sit and move around freely. This notion also applies to the dance floor. Be certain guests can dance comfortably and have a good time.

- Verify basic needs can be met. When selecting venues or ceremony sites, investigate whether guests will have an easy time getting to and from the room. Are paths easily accessible for those with mobility issues? Are restrooms located close enough to seating areas so elderly guests won't have to walk far to use the bathroom? Put yourself in your guests' shoes and figure out solutions to any potential obstacles that might affect your guests.
 - Offer welcome drinks and snacks. A cocktail hour might be on the horizon, but guests may arrive with an appetite. Make a few light refreshments available, such as crackers, chips, pretzels, and some soft drinks. Ice-cold water or lemonade can make an outdoor ceremony more comfortable in the heat. Conversely, hot chocolate or coffee warms up a body in chilly weather.
 - Provide a program of events. Clue guests into what will happen and when. This way they can adjust their schedules around the wedding. If photos of the bridal party will take place immediately following the ceremony, mention it on the program. Guests will appreciate knowing what to expect and when to expect it.
 - Provide other creature comforts. Stock extra toiletries in the restrooms, and consider making inexpensive sandals available for guests with sore dancing feet, although generally they know to bring their own.
- Weddings may focus on the couple tying the knot, but guests play a key role in the festivities as well. Keeping them happy and comfortable is a benefit to all. Couples can treat wedding guests special by increasing their level of comfort throughout the day.

BRIDGESTONE ECOPIA™ EP422 Plus
All-Season Touring

The Ecopia EP422 Plus featuring T-speed rated sizes is one of Bridgestone's ecologically oriented Standard Touring All-Season tires developed for the drivers of coupes, sedans, minivans and small crossover vehicles looking to combine year-round traction, handling and comfort with reduced environmental impact. Ecopia EP422 tires are designed to enhance vehicle fuel economy by reducing tire rolling resistance along with the vehicle's carbon dioxide (CO2) emissions while delivering year-round, all-season traction, even in light snow.

The Ecopia EP422 uses an all-season tread compound featuring Bridgestone's unique NanoPro-Tech (Nanostructure-Oriented Properties Control Technology) to reduce rolling resistance and energy loss while maintaining dry, wet and wintertime traction. This compound is molded into a symmetric tread design that combines notched shoulders and intermediate ribs with independent center blocks for dry road tracking and traction. Four circumferential grooves are designed to help water flow from under the footprint to resist hydroplaning and enhance wet traction while notches and sipes increase the edges that bite into light snow. The tire sidewalls feature Bridgestone's Fuel Saver compound to further increase efficiency. The tire's internal structure includes twin steel belts reinforced by spirally wrapped nylon on top of a polyester casing to blend ride comfort and durability.

READER'S Recipe

CRAB MANGO & AVOCADO SALAD

For The Sauce: 1 Tsp. Freshly Squeezed Lemon Juice, Salt & Freshly Ground Pepper To Taste

For The Salad: 1 Lb. Of Fresh Lump Crabmeat, Picked Through To Remove The Small Pieces Of Shell Or Cartilage, 1-1/2 Tbsp. Freshly Squeezed Lime Juice, 3 Tbsp. Extra Virgin Olive Oil, 1 Tbsp. Cilantro Leaves, Finely Chopped, 2 Tsp. Mint Leaves, Finely Chopped, 1 Tbsp. Minced Shallot or Purple Onion, 1 Medium Sized Mango, Peeled, Pitted & Diced, 1 Firm But Ripe Avocado, Pitted, Peeled & Diced, Tabasco Sauce, Salt & Freshly Ground Pepper To Taste, Optional: Ruby Red Grapefruit Sections, Peeled

Method - Sauce Directions: Heat olive oil in a small pan over medium heat. Add the mango, season with salt & pepper. Cook, stirring for about 3 minutes until the fruit is very tender. Add water, bring to a boil & remove from heat. Stir in lemon juice. Pour the mixture into a blender & purée until smooth. Chill. (If you are pressed for time, put all of the sauce ingredients into a blender & purée).

Crab Salad Directions: 1. In a bowl add the crabmeat, 2 tsp. of the cilantro, 1 tsp. of the mint, the chopped shallot, a Tbsp. of lime juice, 2 Tbsp. of olive oil, 10 drops of Tabasco sauce and salt & pepper to taste. Mix carefully with a fork, to avoid breaking up the larger lumps of crabmeat. Set aside. 2. In a separate bowl add the mango, avocado, 1 Tbsp. olive oil, 1/2 Tbsp. of lime juice, the remaining cilantro & mint leaves, 10 drop of Tabasco, and salt & pepper to taste. Mix gently with a spoon, taking care not to mush the avocado pieces. 3. Spoon some mango avocado mixture on to a chilled plate, gently mound some crab mixture over it. Garnish with cilantro leaves. for a tasty added touch if you have them, arrange peeled sections of sweet ruby red grapefruit around the salads. The grapefruit provides a flavorful complement to the crab salad. (Alternatively you can use small tureens or dessert bowls for individual molds, line the mold with plastic wrap, then layer the crab mixture and the mango avocado mixture. Chill in the refrigerator for 1 to 2 hours. When you are ready to serve, gently remove the salads from the molds onto individual plates. Serve the sauce on the side).
