# community BRIEFS

**Salvation Army conducts Coats for Kids program:** The Salvation Army Women's Auxiliary is conducting its annual Coats for Kids program through Monday, Oct. 13. The auxiliary is collecting children's and adult-size winter coats, snow pants, hats, mittens, gloves and boots for children in need. Collection sites include: Dan's Creston Park Laundromat, 1603 Randolph Road; East Side Sentry, 2822 E. Milwaukee St.; Shopko, Old Humes Road; Hedberg Public Library, 316 S. Main St.; Kmart, U.S. Highway 14; Commercial Bank, 1400 Black Bridge Drive; Choice Cleaners, 610 E. Memorial Drive, 1926 E. Milwaukee St. and 2919 N. Lexington Drive; Schnuck's Supermarket, 1501 Creston Park Drive; Sentry West, 2501 W. Court St.; Pick & Save, 1717 Center Ave.; Woodman's, 2819 N. Lexington Drive; Piggly Wiggly, 1211 N. Main St.; Edgerton; Piggly Wiggly, 727 S. Janesville St., Milton; Walgreens, 1717 Milton Ave., 1740 Center Ave., West Court Street and 2519 Kettering Drive. The following schools will have collection barrels: Janesville public schools, Orfordville junior and high schools, Milton Middle School and Footville Elementary School. Items will be distributed from 9 a.m. to 5:30 p.m. Saturday, Oct. 25, at Salvation Army Community Center, 514 Sutherland Ave. in Janesville. Proof of residency is required and children must be present during time of distribution.

**Members needed for skate park committee:** The Janesville Parks Division is looking for eight to 10 members to serve on the Skate Park Steering Committee. The committee will assist with developing ideas for a design and determining rules for the skate park. Meetings are expected to begin in mid-October. For more information, call 608-373-3406 or email [slapack@ci.janesville.wi.us](mailto:slapack@ci.janesville.wi.us).

**Firefighters raise money for MDA:** Janesville Firefighters Local 580/JFFC participated in the Muscular Dystrophy Association's Fill the Boot campaign in September and raised \$5,890 for the MDA. The money will allow three children with muscular dystrophy to attend MDA summer camp in 2015.

**Candidate forum scheduled:** The Rock County Prevention Network will host a candidate forum from 6 p.m. to 7:30 p.m. Wednesday, Oct. 1, at Hedberg Public Library, 316 S. Main St. in Janesville. Candidates for state Senate and state Assembly will discuss issues related to tobacco, alcohol and heroin.

**Automotive**

**Autofile**

Hatchback

**Hyundai Accent: 2006-'11**

**HISTORY**

The Accent was and is the smallest and most affordable car in Hyundai's lineup. The sub-compact was introduced in early 1995 as a replacement for the Excel. It was completely redesigned for the 2000 model year and received a minor facelift for 2003 at which point it was given a 105-horsepower engine. An all-new sedan arrived for the 2006 model year, while a two-door hatchback arrived the following season. At that time, the four-cylinder's output was increased to 110 horsepower. This, the third-generation Accent, remained virtually unchanged for its six-year run before being replaced by a sleek new model for the 2012

**Variations**

Sedan

2012 redesign

**THE GOOD STUFF**

The 2006-'11 Accent's chief claims to fame was its affordability combined with excellent fuel efficiency. These cars were among the least expensive available, yet still managed to look and feel up-to-date. The hatchback's rear seat folded flat to give it added load-carrying versatility. The sedan offered reasonable access and comfort for rear-seat passengers, especially adults, who benefited from an enlarged cabin. The 1.6-liter engine propelled the 2,420-pound Accent with a bit more authority, particularly when matched with the five-speed manual gearbox. Overall build quality was considered better than average.

Dash layout

**HEADS UP!**

For all of its virtues, the 2006-'11 Accent was one of the smallest cars on the road and might not provide all the room necessary for accommodating you and your family. If you didn't need to transport more than one or two people on a regular basis, the two-door hatchback was the most practical Accent you could have bought. The four-door version worked well for carrying kids or adults for short runs. Automatic-transmission-equipped models, while relatively smooth-shifting, delivered less lively performance than those with the manual gearbox. Hatchback versions provided a much stiffer ride than their sedan counter-

**OVERALL**

If you need something affordable, yet durable for your first set of wheels, or require a reliable addition to your family's car pool, the 2006-'11 Accent will serve the purpose well. Many come with extras such as alloy wheels, deluxe interior trim and other dress-up items that make them look like more than just bare-bones entry-level cars. Others to consider include the Kia Rio, Toyota Yaris, Chevrolet Aveo, Nissan Versa and Honda Fit.

**VITALS**

**Engine:** 1.6-liter DOHC four-cylinder (110 hp).  
**Transmissions:** Five-speed manual; four-speed automatic (opt). **Layout:** Front-engine, front-wheel-drive.  
**Body:** Two-door hatchback, four-door sedan.

# AUTO ALMANAC

**DRAWING BOARD**

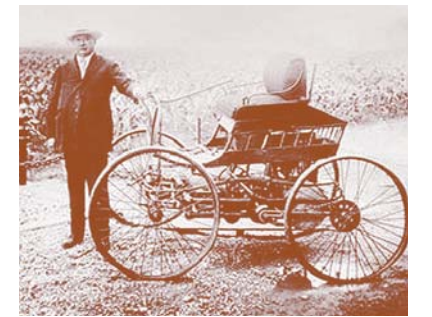

**2015 Range Rover Sport SVR:** This creation of Land Rover's Special Vehicle Operations unit has a supercharged 542-horsepower 5.0-liter V8 and an eight-speed automatic transmission. Land Rover claims the SVR can hit 60 mph from rest in 4.5 seconds and top out at 162 mph. It arrives this fall with a starting price of \$111,400.

**WHAT'S UP, AUTO DOC?**

Just as an example of how some automotive systems are tied together, the Auto Doc was summoned to inspect an older Nissan Pathfinder whose automatic transmission was acting up. Draining its fluid, the Doc was surprised to see water pouring out. The automatic transmission is a closed system, so how did it become contaminated with so much water? Well, as it turns out, the radiator was replaced a few weeks before due to a leak. In fact the transmission cooler is located within the radiator and — whatever the cause — the fluids became cross contaminated inside. There was transmission fluid in the radiator and water/coolant in the transmission. So, what began as a seemingly isolated radiator issue quickly escalated to a complete transmission overhaul. In case you're wondering, many vehicles are built with the transmission

cooler located within the radiator. Make sure the coolant fluid is changed out at the recommended intervals to prevent internal corrosion that can cause such problems.

**AUTO TRIVIA**

- The French-built 1909 Henriod required drivers to master the use of seven foot pedals.
- Elwood Haynes, who manufactured automobiles under his own name from 1894-1902, is perhaps better known for inventing stainless steel.

**WHO AM I?**

- To guess his secret identity, read the following clues!
- 1) He could have been described as a modern-day blacksmith.
  - 2) From 1981-'96, his designs won the coveted America's Most Beautiful Roadster trophy six times.
  - 3) He has been compared to George Barris, Gene Winfield and Ed Roth, all custom-car legends.
  - 4) In 1980, he opened what would be his first shop, Hot Rods by Boyd and created his own line of wheels.
  - 5) He also starred in his own reality-TV show, but died in February of 2008.

**STILL STUMPED?**

Before Boyd Coddington was well known for his automotive creations, he also worked as a machinist at Disneyland. His designs are often credited with making rollercoasting more popular.

**MOTORCYCLES**

2002 SUZUKI INTRUDER 1500 cc, windshield, tach, leather bags. Comes with both passenger seat and solo seat rail. 11K miles always garaged, \$3,500 262-903-3316
