## Help children get into a routine for back to school

ROCK COUNTY — As the final days of summer vacation approach, the return to school is on the minds of many. Before children head back to books, peers, and new teachers, here are some steps that will prepare them.

Establish the school routine:

• Set a school sleep routine. A few weeks before school, establish a consistent "school" bedtime schedule. According to the National Sleep Foundation, children ages 5 to 12 need between 10 and 12 hours of sleep. WebMd suggests children ages 12 to 18 need between eight and nine hours of sleep a night.

It is important to teach children about healthy sleep habits and stick with the same bedtime routine.

Keep the computer, TV and video games out of the bedroom and have children avoid caffeine. The bedroom should be dark, cool, and quiet. Children who get their Z's will be less prone to illness and drowsiness and will be able to concentrate better at school.

· Encourage reading. Read aloud to a child or have them read books independently for at least 20 minutes a day. Reading activates and "exercises" many areas of the brain and improves the brain's network of knowledge. Reading will help a child in all areas of school. Find a time to read when a child is not too tired and has limited distractions.

• Eat healthy food. Make sure your child eats well-balanced meals throughout the day.

Children should eat a variety of fruits and vegetables, whole

## THANK YOU!

 "Thank you, Dr. Smith, for bringing back the many sounds (especially of my grandkids and nature) that
I really didn't know I was missing!" Russell Pickering, South Beloit, IL
Services Offered: • Hearing Aids • Hearing Tests Wax Removal • Custom Molds • Repair

ALISON CHOINARD Rock County Health Department

grains, lean protein, dairy and small amounts of healthy oils. Go to ChooseMyPlate.gov for more information on eating a balanced diet.

Eating breakfast is important. Studies show that a child who eats breakfast has more energy, does better in school and eats healthier throughout the day. Many schools in Rock County offer the free School Breakfast Program. Children can eat

breakfast, before the start of school, at no charge. Call your child's school to see if this service is offered. • Talk to your child about their emotions. Each day spend quality time talking with your child. Find out if your child has any concerns with starting the new school year. Concerns can include going to a new school, meeting new teachers and being around peers. Throughout the school year continue to talk to and listen to your child. Look for any signs of stress. Get help from school counselors. The time you spend with your children will never be wasted and it will help them get through many changes.

Alison Chouinard is the health educator for the Rock County Health Department. To ask Alison a health-related question to be answered in a future column, e-mail her at chouinar@co.rock.wi.us.

We are also looking for silent auction donations & sponsors!

## **DRAWING BOARD**

2016 Smart ForTwo and ForFour:

The next-generation Smarts will arrive in North America in about a year. The slightly larger two-door ForTwo will be joined by an extended-length (by 32.4 inches) four-door partner called the ForFour. The standard engine for both is expected to be a 90-horsepower three-cylinder engine that's connected to either a five-speed manual transmission or optional six-speed automated manual.
