## Senior program snags transportation grant

ROCK COUNTY — The Retired Senior Volunteer Program's Seniors Volunteering for Seniors Program recently received a \$1,500 grant from the Alliant Energy Foundation.

The grant will be used to help support the organization's assisted transportation program. The SVS program provides assisted transportation, phone assurance, friendly visitation, and respite relief to seniors and their families. The SVS program has more than 60 volunteers serving nearly 600 seniors in Rock County.

The Retired and Senior Volunteer Program was founded in 1973 and offers volunteer opportunities to people who are 55 and older, through meaningful service opportunities that match their life skills and interests to community needs. The volunteers can serve in any of the following areas: community referrals, in-home and groups, intergenerational and Seniors Volunteering for Seniors.

## Lighten UP your life! Enjoy the Journey!

Be part of a pilot study!  
If you are 60 or over, or 18-59 with a physical disability and a resident of Rock county, this free pilot study, in conjunction with U.W. Madison, looks at ways to help you:

- Savor happy experiences
- Identify barriers to feeling happy
- Use new tools to increase well-being
- Delight in a new group of people
- Enjoy life's journey

**What to expect?**

- 8 weekly, 90-minute sessions
- A group of 10-15 adults
- Keep a personal journal or notes in between classes.

**Three Opportunities**

August 25 to October 20	Beloit Senior Center, Beloit
September 4 to October 23	Council on Aging Office, Janesville
September 12 to October 31	Central Lutheran Church, Edgerton

**Plant Maintenance Technician**  
Offering \$1,000.00 Sign-On Bonus!

BlueScope Buildings North America, the world's leading supplier of pre-engineered metal buildings and components, has immediate need for experienced Maintenance Technicians at our Evansville, WI facility. These positions are on second and third shifts. We are paying a \$1,000.00 sign-on bonus for new Maintenance Technicians, payable after completing 90 calendar days of employment.

The qualified candidates should have 3 years experience in industrial maintenance and have a working knowledge of: 115-460 VAC electrical systems, PLC and controls hardware, AC/DC drives, pneumatics, hydraulics and have the ability to perform mechanical and electrical troubleshooting. Must be able to read and work with schematics. Other related skills include automotive maintenance and troubleshooting, including electrical, transmission, engine repair and hydraulics as related to all forms of industrial mobile equipment. A working knowledge of OSHA regulations relating to guarding and mobile equipment is desired. Must be able to lift up to 50 pounds when required.

Technicians will be responsible for completing Safety Work Orders, performing and developing preventative maintenance tasks on the facility's production equipment. A degree in Industrial Maintenance or Electro-Mechanical Technology or a four-year apprenticeship program certificate is preferred. New technical school grads with maintenance degrees are also encouraged to apply.

We offer competitive wages and full range of benefits including: medical, dental and vision insurance, 401(k) with a generous Company match, education assistance and more.

Please email your resume to: [Wlhumanresources@vp.com](mailto:Wlhumanresources@vp.com)

**XJR Portfolio**

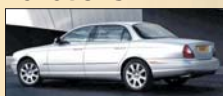

## Jaguar XJ-series: 2005-'09

### HISTORY

Jaguar's flagship sedan has been in service since 1969 and has received regular styling updates every few years since then. For 1998, the vehicle's inline six-cylinder engine was replaced by a 290-horsepower 4.0-liter V8 that was installed inside a heavily revised platform and body. The XJ was available in regular- and extended-length models plus the premium Vanden Plas (extended length) and high-performance regular-length XJR. A new and more powerful seventh-generation XJ line was introduced for 2004 with naturally aspirated and supercharged V8 engines, the latter in the XJR. The stretched-by-five-inches Vanden Plas and Super versions arrived a year later, followed by the top-level Portfolio. Jaguar continued to introduce special XJ editions each year until an all-new platform was launched for the 2010 model year.

### Variations

**Long wheelbase**

**Interior layout**

**2010 redesign**

### THE GOOD STUFF

XJs were attractive, comfortable and exceptionally well-equipped luxury sedans with interiors covered in leather hides and genuine walnut or maple wood trim. Their attractive coachwork featured styling that was evolutionary rather than revolutionary, and maintained a familial connection to the original 1969 design. With power aplenty, especially the supercharged versions, XJs had little trouble keeping up with traffic. Likewise, the car's well-tuned suspension provided superior ride control and cornering agility, making it an excellent performer on freeways and rural roads. Intrusive cabin noise was minimal.

### HEADS UP!

Jaguar's top cat might be big on the outside, but a narrow interior hampered back-seat comfort. There was, however, plenty of rear-seat legroom and headroom to be found inside extended-length versions. Both the standard-issue and supercharged V8s consumed plenty of premium fuel and required frequent trips to the gas pumps, especially in city driving. Parts and service on an XJ tends to be a more expensive proposition than most modestly priced sedans, and service records for out-of-warranty vehicles should be carefully examined before purchasing.

### PRICES AT A GLANCE

A low-miles Jaguar in good shape is a reasonable proposition considering original retail prices that ranged from \$65,000-\$100,000. XJR, Vanden Plas, Super and Portfolio editions command higher prices.

Year range	Approx. price range	The higher end of a given price range represents vehicles with more options and fewer miles
2005	\$5,500-\$8,000	
2006	\$9,500-\$12,000	
2007	\$13,500-\$23,500	
2008	\$18,500-\$29,000	
2009	\$25,500-\$38,500	

### OVERALL

Driving, or riding in an XJ is a treat for the senses, with the tantalizing smell of leather and wood invading your nostrils and the instant-on power available with a twitch of your right foot (especially the XJR). Although it competes in the same league as a Mercedes-Benz, BMW or Lexus, the Jag has an aesthetically warmer look and feel that comes from years of pampering its owners with the finest of content.

### VITALS

**Engines:** 4.2-liter DOHC V8 (290-300 hp); 4.2-liter DOHC supercharged V8 (400 hp).  
**Transmission:** Six-speed automatic.

**Layout:** Front-engine, rear-wheel-drive. **Body:** Four-door sedan.
