 Modern and detailed interior with shapely seats, more like other Mazda models.

2009: CONVENIENCE OVERRIDES PURITY WITH THE "PRHT" MODEL
 Word on the street is a 130-horsepower four-cylinder to start.

2016 MAZDA MX-5
 Curved fenders for a wider look.

Black window frame puts focus on body lines.

Manual transmission in the show car.

Current Mazda design language (resembles other Mazda models).

Single exhaust, dual tips.

Steep hood just clears the engine. Still meets Euro pedestrian-impact standards.

Show vehicle has a manual soft top. Will there be a power hard top?

In Japan, the MX-5 is right-hand drive and is called the "Roadster."

The lighter and more rigid platform is actually shared with Fiat.

Approximate engine location.

Four lugs, like before.

The 2016 car has the front and rear wheels set farther apart.

Your choice of 16- or 17-inch wheels, dark, just like this.

DRAWING BOARD

2016 Jaguar XE: Not since the X-Type departed after the 2008 model year has Jaguar offered a compact model. That will change when the XE arrives in North America in early 2016 to challenge in the luxury-compact class. A turbocharged 240-horsepower 2.0-liter four-cylinder engine will be the base powerplant, with a supercharged 340-horsepower V6 standard in the XE S versions. All-wheel-drive will also be optional.

AUTO TRIVIA

• Although many TV viewers believed that **Tom Selleck's** detective character in *Magnum, P.I.* owned a Ferrari, the car actually belonged to Magnum's benefactor, the unseen **Robin Masters**.
 • In 2002, an Australian insurance company study of astrology claimed that **Geminis** were the most likely to be involved in car crashes. Careful **Capricorns** were the least likely.

WHO AM I?

To guess his secret identity, read the following clues!

- 1) He is forever part of NASCAR's long bloodline of racing families.
- 2) He got his nickname "Coo Coo," because, at age 4, that's how he pronounced his name: Clifford.
- 3) He would enter his first "big-time" race in 1950 with a Hudson Hornet.
- 4) He never won a Daytona 500 (he came close in 1970) although his son won twice in the 1990s.
- 5) He died in 2005 at age 73.

STILL STUMPED?

Today, **Coo Coo** Martin might not be as well known as his son Sterling, but has been no less influential on NASCAR.
