### MEMORIALS

#### IN MEMORY OF Shirley M. Labonne 1937-2002

12 years ago on July 14, 2002, Shirley passed away. To those who knew her, they all still miss her very much. All her friends & family and most of all Me. May she rest in peace, for I know she is with all of her friends, all who ever knew her still have many happy memories of Shirley.

Daniel R. LaBonne

## ESTATE/MOVING SALE

**841 Racine St., Delavan, WI 53115**  
**Fri., July 11 10-3; Sat., July 12 9-4; Sun., July 13 9-3**  
 Due to health reasons, these longtime local collectors must now pass their treasures and hobbies on to the next lucky person. Because there is an enormous amount of items to disperse, we will sell the collections in two sales. The following items will be offered at this sale: an authentic carousel horse (outside row jumper), a reproduction full size carousel horse, British royal commemoratives, Pillsbury dough boy items and advertising, WWII Nazi dagger, lots of Worlds Fair and Exposition items ranging from the US Centennial onward with many rare items and many pieces of Fair flatware, books, sheet music, souvenirs and goodies. There is an old dental cabinet and old dental chair, a really nice church pew, loads of Fostoria American pieces, Coin glass, books galore, lighters, pens and a bunch of new old stock Parker supplies packed away for years. A vintage Hobart coffee grinder, some old Motor Trend magazines, super collar and cuff box, hard to find Schmoos items, Elsie the cow mugs, awesome teapots, a maple finish kitchen island and a small trailer. There will be many interesting and unusual items at this sale (still finding treasures) and loads of great bargains. There will not be any tools or clothing for sale. Please check out our ad next week for a listing of new items in the next sale as we make room for more fabulous things. There is no parking on Racine St. (HWY 11) but side streets are available so plan for a short walk.  
 Another fine sale from Appraisals & Conducted Sales 184943

**Fork Truck Repair Technician**  
Full-Time, 2nd Shift (Monday-Friday, 2:00 pm to 12:30 am)  
Responsible for performing many diverse functions; in general we are seeking a responsible employee to apply proper engine technical skills in inspection, diagnosis, failure analysis, disassembly and assembly, and operating performance tests. Identify the problem and cause of failure through logical troubleshooting steps, determine corrective action through inspection. Repair and troubleshoot engines such as Cummins, Detroit Diesel, John Deere and Perkins. Repair and maintain mobile manipulators. Service and repair all makes and models of diesel generator sets. Inspect, start up, repair, service and load bank test per requirements on equipment. Troubleshoot equipment and generator components including alternators, wiring harnesses, safety devices, battery systems, generator controls, electronic engine controls, etc. Work on continuous improvement efforts within the Fork Truck Repair Department. The ability to lift weights up to 65 lbs. and operator heavy equipment safely are essential job functions.

**QUALIFICATIONS:**

- Must have the ability to work independently and as part of a team, analyze situations and conditions, implement solutions and work under deadline pressure.
- Must have effective interpersonal skills and the ability to communicate with all personnel.
- Ability to read and follow complex specifications on work orders and procedures, perform arithmetic calculations and follow verbal instructions.
- Two Year Technical Diploma in an accredited Diesel & Heavy Equipment Technician program or equivalent from technical school; or minimum five years related experience; or equivalent combination of education and experience.

Seeking an energetic person to perform the role of **Heat Treat Operator**. Summary of job tasks: interpret production schedules and work orders to determine processing sequences, furnace temperatures, and heat cycle requirements for parts to be heat-treated. Review furnace load sheet from previous shift to determine current furnace load status and monitor throughout shift. Prepare heat treat furnace, ensure orientation of load and remove shims. Record times and temperatures of parts removed from furnaces to document that parts have attained required temperatures for specified times. Determine heat cycles and temperatures needed to attain specified part hardness, toughness, and ductility, using heat-treating charts and knowledge of methods, equipment and metals. Load and unload parts into furnaces according to established load sheet instructions, keeping in mind support and furnace uniformity. Remove parts from furnaces after specified times, cool, air dry or quench parts as needed. Perform quench tank operations according to the established guidelines and experience. Light furnaces, adjust furnace controls to maintain temperatures and heating times, using thermal instruments and charts, dials and gauges of furnaces, monitor and record temperature readings. Perform safety check and preventative maintenance on forklifts and stamping equipment. Communicate production and equipment problems to appropriate personnel. Work on continuous improvements efforts within the Heat Treat Department.

Review of applications will begin immediately and continue until the position is filled.
