Recipe

CUCUMBER LIME MINT AGUA FRESCA

- 1 Lb. of Cucumbers (about 2 good-sized cucumbers), ends trimmed, but peel still on, coarsely chopped
- 1/2 Cup Lime Juice From Fresh Limes (from about 1 pound of limes, or 5 to 10 limes, depending on how juicy they are)
- 1-1/4 Cup Packed (Spearmint) Mint Leaves (about a large handful), woody stems removed
- 1/2 Cup Sugar
- Approximately 1-1/4 Cup of Water

1. Put ingredients in blender, add enough water to fill 3/4 of blender. Hold the lid on the blender and puree until smooth. Place a fine mesh sieve over a bowl and pour the puree through it, pressing against the sieve with a rubber spatula or the back of a spoon to extract as much liquid out as possible.
2. Fill a large pitcher halfway with ice cubes. Add the juice. Serve with sprigs of mint and slices of lime.

Andali's Family Restaurant is now under new ownership.

After almost 27 years, Mario and Bonita Carannante have made the decision to sell the restaurant. With gratitude and much emotion, we want to thank all our family, friends, employees and customers for your loyalty, support and understanding. We have built many wonderful memories and friendships throughout the years that we will cherish and hold dear to our hearts.

We hope you will continue to patronize and support the new owners, Vincenzo and Chyenne, so they may continue a successful business. The delicious food and recipes that our customers have loved and complimented us on will stay the same, with new ideas to come!

Again... we thank you from the bottom of our hearts for your loyalty and patronage and most importantly your friendship throughout the years!
