Propane Prices Got You Down? Yank the Tank!

Natural Gas will save you money!

- **Dependability:** Since the vast majority of the natural gas system is underground, it is not typically affected by inclement weather or other transportation problems. Always there when you need it.
- **Monthly billing:** No more large bills due when the tank is filled, you will receive a monthly bill.
- **More economical:** Operating cost for Natural gas equipment is substantially less than propane. Consider this:
 - If you used 800 gallons of propane last year at \$1.50 per gallon, you spent \$1200 for fuel alone.
 - Using natural gas, your fuel cost for the same amount of energy would have been approximately \$519 on our heat only rate or only \$445 for year round use.

For more information on the availability of clean efficient NATURAL Gas please call or drop by today!
