CALMING THE SUBCONCIOUS MIND TO HELP IMPROVE TEST SCORES

For some students, the stress and anxiety of school and academics can become overwhelming. The pressure comes from themselves, parents, teachers, and friends causing a lot of stress for students. Stress affects students in many different ways. For some students, their grades start to suffer. Others become so overwhelmed by stress that they drop out of school. Hypnosis can be very useful tool in helping struggling students who are seeking help in reducing their stress. A study performed in 1990 took a look at the role hypnosis played on helping college students with test anxiety. The participants in the study were randomly divided into two groups. One group served as the control group and received no form of treatment. The other group received cognitive-behavioral hypnosis. The researcher evaluated the effects of hypnosis in improving academic performance and decreasing test anxiety.

Both groups were enrolled in a demanding psychology course. All students were evaluated based on their midterm grade and anxiety levels. The hypnosis group reported a significant reduction in test anxiety and improvement in academic achievement. Both groups were evaluated 6 weeks after the end of the course and the hypnosis group was found to have maintained their hypnosis treatment gains in achievement and reduction in anxiety. Cognitive behavioral hypnosis is a highly effective form of treatment that helps students improve performance and reduce anxiety. The self-hypnosis that was taught to students, which included relaxation techniques and the usage of imagery, was able to help the college freshman cope with stress and the pressures of college. Hypnosis is a very effective in helping to reduce stress and anxiety in college students and also

students of all grades. Having the ability to better manage stress not only improves their academic performance, but will continue to help them cope with stress in other situations throughout their lives. As their stress and anxiety lessens their confidence grows. Remember, hypnosis is helpful for the whole family. Parents of a stressed student are usually stressed themselves and benefit greatly from hypnosis too. Curious about hypnosis?? Lori will be speaking about hypnosis and "Past Life Regression for Weightloss" on Sunday, August 7 at 11:30 am at Angel Days Holistic Faire held at the Leesport Farmers Market in Leesport. For more information, please feel free to contact Lori Kleinsmith, R.M. & Certified Hypnotist, Pinnacle Hypnosis & Therapies, 610-823-4160. www.pinnaclehypnosis.com.
