The so called Christian ways are changed times and laws (Dan 7:25) in the name of Jesus (Jn 5:41-43). Worship of the sun was brought into church worship, as Sun-day the 1st solar day of the week, replacing the 7th lunar day of the week (apostasy). Christ's birthday is unknown! Aurelian Augustus built a house in 274 CE, for his sun god and held a feast on Dec 17th to 25th. Amen replaced The Hebrew's So Be It; yet, Amen, Amon or Amon-Re, was chief of gods (sun gods) of the ancient Egyptians. Christians means a set apart holy people, yet today used by many unrighteous people (antonym)! So Be It! Ron & Jeri

BLUE TAG SPECIALS:
 We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
 Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

Life is always full of surprises, twists, turns and new opportunities!

My name is David Below D.C. I served my community for over 40 years in the chiropractic industry and decided a couple of years ago to retire from the profession. I value the many years that I spent with my wonderful patients and still have the same motivation as I did during my chiropractic career, to help people.

My patients trusted me for many years with their overall health and well-being. I asked myself "how can I continue to serve my community during my retirement?" Well, the old saying that "retirement only means that it is time for a new adventure," became true for me at that point. My passion to bring the classics back was the beginning of my new adventure.

I had a beloved patient from my practice that talked about his 47 Plymouth every time he came for an adjustment. I had a great interest in this car. Finally, after many conversations, he decided to sell me this car. I began this restoration and haven't slowed down since! In the past year my restoration business has expanded to mechanical repair, collision repair & towing. I am now an active member of the Alabama Towing and Recovery Association. I am devoted to serving and protecting the best interests of the industry and of my community. I've just been nominated into the Alabama Automotive Repair Industry Society of Excellence.

I would like to invite all of my former patients to trust me with the maintenance and repair of your vehicles. I do not take this responsibility lightly as I know that you carry very precious cargo!! I was privileged to treat generations of families in this community. Some I began adjusting as an infant, and was blessed to watch them grow into mature adults that now have families of their own. I remember when many of you got your driver's license and your very first car! It would be my honor to service and repair your automobiles.

My shop is located in Vinemont just before you get to the big red and white water tower, on the left. We give free estimates and want you to think of us first when you have been in a car accident. We know that being involved in a car accident can be a traumatic and stressful time in your life. It's a time consuming process that knocks you out of your routine and disrupts your day to day life. The goal of all our staff is to provide you the highest level of customer service, so we can remove a lot of the stress from your collision repair and get you back to normal life as quickly and as efficiently as possible. Also, our towing department offers 24-hour assistance. Do not hesitate to call us when in need of a tow. We will safely store your vehicle on our secure lot and if you choose, will efficiently repair your damage. Thank you for allowing me to serve this community for years and I look forward to seeing you and continuing to do business with you.

David Below, D.C.

MAYOR of CULLMAN

Please Vote On Tuesday, August 23

I'm Ready to Take Cullman to New Heights!

Woody

WOODYJACOBS.COM
Paid for by Woody Jacobs for Mayor · 1624 Douglas Street SE, Cullman, 35055

ATTENTION CULLMAN COUNTY CITIZENS

The Mayor & Council of the Town of Holly Pond cordially invite you to an open tax discussion about how your taxes are used and distributed on a fair and equal basis. All elected officials and community leaders are invited to attend. Both State Representatives Randall Shedd and Corey Harbison, along with County Commissioner Garry Marchman, have pledged to attend and answer your questions. After the elected officials, school officials and certain community service representatives will speak. Each speaker will have five minutes to discuss their ideas and remark about the current tax system & how it should be divided among the service systems in Cullman County that use taxes from Cullman County citizens.

TIME: Saturday, August 13, 2016 1:00 - 4:00 pm
PLACE: Fairview High School Auditorium

We will have open question & answer session after the speakers speak. We support having any changes made to the current tax system be voted on by voters of Cullman County.

We, the Town of Holly Pond, are proud to be a co-sponsor of this tax discussion event and urge all our community citizens to attend.

Linda Pope, Town Clerk

While early antibiotic use has been associated with a number of rare long-term health consequences, new research links antibiotics to one of the most important and growing public health problems world wide-obesity. A study published online in Gastroenterology, the official journal of the American Gastroenterological Association, found that administration of three or more courses of antibiotics before children reach an age of 2 years is associated with an increased risk of early childhood obesity.

Familial adenomatous polyposis (FAP) is an inherited disorder, and patients with FAP are at markedly increased risk for duodenal (part of the small intestine) polyps and cancer. Surgical and endoscopic management of duodenal neoplasia is difficult and chemoprevention has not been successful. According to a study appearing in JAMA, researchers found that sulindac in combination with erlotinib effectively reduced the total duodenal polyp burden and polyp number in participants with FAP compared with placebo. This effect was significant after 6 months of therapy.

A two-year clinical trial that compared three drugs for diabetic macular edema (DME) found that gains in vision were greater for participants receiving the drug Eylea (aflibercept) than for those receiving Avastin (bevacizumab), but only among participants starting treatment with 20/50 or worse vision. Gains after two years were about the same for Eylea and Lucentis (ranibizumab), contrary to year-one results from the study, which showed Eylea with a clear advantage. The three drugs yielded similar gains in vision for patients with 20/32 or 20/40 vision at the start of treatment.

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
