REMEMBERING RICHARD PETTI

1973-2012

It has been 4 long years since you asked us to take you to our local hospital with chest pains. You were told it was just acid reflux. Four days later you were found lifeless by your children. Only after your death at age 39, were you correctly diagnosed in autopsy with a genetic heart condition (John Ritters disease) - a connective tissue disorder that was never properly diagnosed. We are left here to bring awareness to others who may have this condition and who may be incorrectly diagnosed by their local doctors. We take comfort in the fact that one day we will all be together again in Heaven.

*LOVE - Mom and Dad, and your children

Mount Morris Fire Department

MMFD - 417

Members are your neighbors, relatives and friends who live and work beside you every day. Some of their members have celebrated 50 years or more of service to the community. While they aid to prevent fires and other incidents in order to help you stay safe, they are always there to suppress, contain, control and secure any fire or incident that may occur. They are men and women who have families, mortgages, taxes and concerns, just like anyone else and they have chosen to support and serve their community as firefighters.

The Mount Morris Fire Department is located at 119 Main Street in Mount Morris. The Fire Department consists of three individual companies. They are the Living Stream Hose Company, formed in 1852; the Active Hose Company, formed in 1873 and the Seymour Chemical Company, formed in 1914. Together, they are the all-volunteer MMFD.

Seymour Chemical Co.

Active Hose Co.

Livingston Stream Hose Co.

The MMFD will be there to help when you call, and please don't hesitate to call. They would much rather be on hand to help than have you attempt to manage an incident yourself and lose precious time.

They also assist your neighbors in surrounding towns when help is needed and they (neighbors) in turn, help us as well. The MMFD is proud and honored to serve this community. While they hope to never meet you under adverse circumstances, they would still love to meet you. Please stop by the fire hall and say hello.

Deaths by suicide result in tragic losses

- psychological, social and economic each year. Did you know that the suicide rate for Livingston County has more than doubled between 2009 and 2013? According to the New York State Department of Health, Livingston County has one of the highest suicide rates in New York State. In 2013, Livingston County had an average of 15 suicides per 100,000 people while the state average was 8. Adding to these numbers are the numerous family members and close friends that are forever affected.

The theme of this year's World Suicide Prevention Day is 'Connect, communicate, care'. These three words are at the heart of suicide prevention. It has been said that humans need a sense of belonging and connectedness in order to survive. Social connectedness reduces the risk of suicide while Communication reduces the stigma that may allow individuals to seek out help without the risk of shame or judgment. Finally all the connecting and communicating will have no effect without the final ingredient – care – care for others AND care for ourselves.

Join the Livingston County Suicide Prevention Task Force on Thursday, September 8, at 7:00 pm for the 2nd annual Candlelight Vigil at the Livingston County Mental Health Services at 4600 Millennium Drive in Geneseo. Connect with those affected by suicide, attend to communicate the importance of reducing stigma allowing for dialog, and finally, attend to show your commitment in identifying this as a priority to be addressed in our community.

Please help us in our effort to reduce the risk of suicide. For more information regarding the Suicide Prevention Task Force, please visit www.gvhp.org, or like us on Facebook. If you or someone you know needs immediate assistance, please contact the National Suicide Prevention Hotline at 1-800-273-8255 or 2-1-1.

EXCELLENCE IN SURGICAL CARE

Our friendly office personnel will make you feel comfortable and help to make your visit as positive as possible.

We expect our own doctors to provide us with comforts, a friendly and attentive staff, and a high level of professionalism, and it wouldn't make sense if we didn't do the same for you.

We work with several insurances. Please call to learn more.

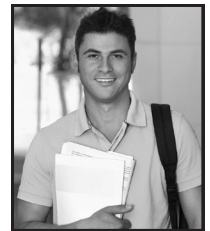

Thinking about dental implants?

Did you know that dental implants are frequently the best treatment option for replacing missing teeth? Rather than resting on the gum line like removable dentures, or using adjacent teeth as anchors like fixed bridges, dental implants are long-term replacements.

Home from College? Need your wisdom teeth out?

Wisdom Teeth Extractions, Gum Treatment or Surgery

Dr. Andrew M. Steinhilber is both a board certified Oral & Maxillofacial Surgeon and a Periodontist (gum surgeon). He is licensed and certified in the delivery of general and IV anesthesia, making your surgical experience as comfortable as possible. His team has the skills required to provide the quality surgical care you deserve. They also provide IV anesthesia for patients who are anxious about routine dental treatment by their dentist.

Anxious About Having Surgery? Go No Further!

Dr. Andrew M. Steinhilber is a board certified Oral & Maxillofacial Surgeon with 6 years of surgical residency training and over 20 years of surgical practice. He has extensive training in extractions of all types, including wisdom teeth and Dental Implants. He is a Professor at the University of Rochester Medical Center and is very active in teaching surgical residents. We are the place to seek treatment! We have extensive training in IV and General Anesthesia, providing patients with the most comfortable environment for surgery!

Oral & Maxillofacial Surgeons are the only specialists properly qualified and trained in Oral, IV and General Anesthesia. No weekend learner courses here! He will be very happy to educate you about your treatment and his staff is also nationally certified and will make you feel more than comfortable.
