Kenneth Richardson and Family would like to give a very heartfelt thank you for all the prayers and support. We feel we are very blessed to be from a small community of some of the most caring and compassionate people. The support we've seen from friends, neighbors, and small local buisness was very overwhelming and makes us very proud to be part of small, rural, Davis County.

## QLF Quality Liquid Feeds

- Where Quality Comes First -

Supplementation of pasture and stored forage is vital to production and profitability of your cattle. Forage alone doesn't provide all the needed nutrition. QLF can help with a quality liquid supplement in lick tanks or for bale treatment! QLF liquid supplements provide supplemental protein, vitamins, and trace minerals in an energy-rich Louisiana cane molasses base. Supplementing forages with a QLF supplement improves forage digestibility and intake; thus boosting animal performance and profitability.

- Provides supplemental protein and energy
- Enhances rumen function
- Increases forage digestibility
- Improves body condition
- Convenient lick tank feeding
