low It Works: puzzles are formatted as a 9x9 grid, broken down into nine es. To solve a sudoku, the numbers 1 through 9 must fill v, column and box. Each number can appear only once in v, column and box. You can figure out the order in which the will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve

Fun By The

Numbers

Like puzzles?

Then you'll love

sudoku. This

mind-bending

puzzle will have

you hooked from

the moment

you square off,

so sharpen your

pencil and put

your sudoku

savvy to the test!
