LOCAL BUSINESS

Greshville Antiques voted Best Antiques Store for third consecutive year!

For Greshville Antiques and Fine Art, 2016 marks the 35th year of business buying, selling and appraising antiques and fine art. As part of their 35th anniversary year celebration, the gallery will be featuring an outstanding Berks County Art Show opening on Sunday, Oct. 2, with additional events to follow through the end of the year.

Nestled in the hills of Berks County, Greshville Antiques and Fine Art is housed in a renovated Pennsylvania German 18th century stone barn. Renovation on the barn began in 1980 and the gallery opened in 1981 with a small collection of rediscovered antique paintings by the local artists of Berks County. Owned by Valerie and Kurt Malmberg, Greshville Antiques and Fine Art has become the source for paintings by renowned Berks County artists,

including Ben Austrian, C.H. Shearer, Frederick Spang, E.L. Poole and others.

Greshville Antiques and Fine Art handles other 19th-20th century American art, including other Pennsylvania regional art, Pennsylvania Academy art, Western art and Hudson River art.

The gallery is also nationally known for its quality selection of American and European clocks. American clocks, including Pennsylvania tall case clocks, are a specialty at this gallery.

American furniture rounds out the stately displays at Greshville Antiques and Fine Art. There is a selection for most everyone — from country to formal, dating from the 1780s through the 1920s.

With a growing population of Baby Boomers retiring, the

gallery offers an outlet for those who are downsizing and looking to sell their antique items. Greshville Antiques and Fine Art gives personalized confidential friendly attention to the needs of the senior citizen and his/her family. Whether having to deal with liquidating an estate or the lifestyle changes of a move to smaller quarters, Greshville Antiques and Fine Art can help eliminate some of the hassles with prompt courteous service and competitive prices for your antiques.

Greshville Antiques and Fine Art is located on Route 562, 1.8 miles west of the Center Square of Boyertown, within easy access of Reading, Allentown, Philadelphia and New York. Regular hours are Wednesday through Saturday 10 a.m. to 4 p.m. or by appointment.

LOCAL BUSINESS**Pottstown Dance Theatre celebrates 51 years**

The Pottstown Dance Theatre celebrated 51 years of quality dance education last year and celebrated with various memorable experiences. Former Martha Graham dancer Janine Bryant, now the author of groundbreaking dance medicine work, gave a free Master Graham class (major technique of Modern/Contemporary Dance) to intermediate and advanced dancers. Alassane Wat, a world famous choreographer from Paris, France travelled to set a piece on advanced modern and jazz students and gave a free Funk Jazz class to various levels of teens and adults. The most impressive moment though came when performed at Carnegie Hall this past January, as part of the Educators' 10th Anniversary of presenting in world class venues.

Travelling is nothing new for Pottstown Dance Theatre. In 2004 director Michelle Jones Wurtz was invited to teach at the International Dance Festival

in Ladek Zdroj, Poland and she brought along five students to attend. Two have become professional dancers in their own right and have toured various other prestigious festivals throughout the country. Ms. Wurtz has returned to the festival annually and took her professional company, Melange Contemporary Dance, as a headlining group in 2010. In 2012, Pottstown Dance Theatre travelled to London, England during the Olympic Games to perform and received major acclaim. Later that year, Ms. Wurtz formed a student based company, the Pottstown Dance Theatre Repertory Ensemble, and by 2014, the Ensemble had performed at the world famous Lincoln Center in New York City.

The Pottstown Dance Theatre offers classes in Ballet & Pointe, Modern/Contemporary Dance, Jazz Dance, Tap, Hip-Hop, Breakdancing, Irish Dance, African Dance, Musical Theater Dance, and Pilates (mat

work and equipment work). Former Kirov Principal dancers Andrei Ustinov and Elena Martinson serve as ballet masters and have set classical works on the students including "The Nutcracker", "Sleeping Beauty", "Swan Lake", "Le Corsaire" and "La Bayadere". Director Michelle Jones Wurtz has studied major Modern/Contemporary techniques including Graham, Horton, and Limon and has danced professionally for over 25 years. Currently she also directs Melange Contemporary Dance and assistant directs ContempraDANCE Theatre. Other faculty members have degrees and have studied pedagogy methods at The Pennsylvania Academy of Ballet.

The school is currently accepting new students and have some spaces for students interested in performing with their seasoned dancers at Carnegie Hall. Auditions for the performance will take place at the school on August 22 and 29 (dancers need only attend one). Anyone interested in registering

DANCE » PAGE 8**LOCAL BUSINESS****5 reasons why hiring an intern is a win-win business solution**

Being a winning business is more than being the very best at what you do. At Kalejta Financial Management, we believe winning is about giving back to the community and people we serve. One of the ways we do this is by employing local college interns.

If you're a small business owner and you've considered hiring an intern but you have not made the decision to do so, we have some first-hand experience we'd like to share with you.

Let's start by taking a look at our most recent intern — a student from Ursinus College, Brendan Werner. We first met Brendan by participating in the 2016 Ursinus Career Fair. Like other interns we've em-

ployed, Brendan was hungry to receive hands-on training. Over the course of his 12-week program, each of our team members embraced Brendan by providing job training and shadowing. Once Brendan completed his basic training, he was able to assist our firm with the completion of several side projects. Our team really appreciated his extra set of hands.

Employing Brendan as our college intern truly was a win-win for him and our firm. If you're careful to select the right intern for your small business we think you'll agree.

Here are the five reasons why we believe hiring an intern is a win-win solution for small business

owners.

▪ First and most importantly, you're giving back. As we mentioned above, giving back is a top priority of our firm. And if you're a successful small business, we think you should always maintain an attitude of giving. By employing an intern, you are making a way for today's students to gain valuable experience, develop their skills and strengthen their resumes. There is a real sense of joy in helping students in their path to career development and success.

▪ Second, if you're a growing small business owner looking for an intern partnering with a local college or university

Noah's Pet Model is 'The Country Club for Dogs and Cats'

Since 1989, Noah's Pet Motel has been called "The Country Club for Dogs and Cats." We pride ourselves as being the safest and cleanest place to board your furry friends when you go on vacation.

Your dog will be pampered in our heated/air-conditioned rooms with 24-hour DVD players that feature pet friendly movies like "101 Dalmations," "Beverly Hills Chihuahua" and "Marmaduke." We can provide play time with a kennel tech, Frosty Paws Ice Cream treats, elevated Pet-Cots, couch potato time and senior care for older dogs. These services are not included in our boarding rate, but our prices are so reasonable, you probably won't hes-

itate to add on a few fun extras to make your pets stay more like home!

Our Cattery is in a separate building from the dogs so they can rest easy enjoying a window seat in their cozy condos. We allow each friendly cat to have individual roaming time outside of their condo to play with the toys, climb on the furniture or use the scratching posts.

We also offer Doggie Day-care Monday through Friday, where you can drop your dog off during our morning business hours for a fun, interactive day with other dogs. Then, when you pick up your pooped pooch during our evening business hours, they will come home tired and ready to relax at home with you!

This is our fifth year in a row winning the Mercury Readers' Choice Award for Best Boarding Facility. Each year since 2012, you have recognized Noah's Pet Motel for our quality and care of your pets, and we thank you! This year, 2016, we are also the proud recipient of the winner for Mercury Readers' Choice for Best Groomer! Heather has been our groomer for nine years and does an excellent job grooming dogs as well as cats.

Treat your pet to a vacation at Noah's Pet Motel, open seven days a week. We are located at 1661 S. Hannover St. (Route 100) Pottstown in North Coventry. Call us at 610-323-2206 or visit our website at www.noahspetmotel.net.

near you makes perfect sense. Career fairs offer greater exposure for your small business. In one way, your participation as a small business owner helps support the "think local" movement. After all, students with the top talent often go for big-name businesses; however, depending on their major a small or mid-size business may actually provide better learning experiences to them.

Third, depending on how long you've been in business you may be in need of new people who bring with them novel per-

spectives and fresh ideas — and college students are perfect for this! Their specialized strengths and skills, especially in technology, could bring new abilities to you and your current employees.

Fourth, employing an intern can help develop the leadership skills of your current employees. By involving everyone on your existing team with the opportunity to train and mentor, you create leadership opportunities for employees who may not naturally be leaders. Moreover, allowing each team member to talk about what they do best creates pride of ownership and develops confidence.

And finally, employing an intern allows you to take advantage of your interns' short-term support. It's highly likely that you and your staff will appreciate the extra set of hands to help your full-time employees

be more productive and also prevent them from becoming overburdened by side projects.

Even though students will soon be returning to school and summer internships are the most common, many students look for fall and spring internships especially if they have not met their internship requirements for graduation.

For all these reasons and more, we believe that hiring an intern any time of the year is a win-win solution for you and your small business.

LOCAL BUSINESS**Sanatoga Corp. going strong in its 91st year of business**

It's probably fair to say there are few people who've lived in the Pottstown area at one time or another that haven't purchased at least one appliance from Sanatoga Corp., one of the oldest and most enduring family businesses in the area, now in its third generation of family ownership.

In the era of big-box super stores, Sanatoga Corp, which is the largest independent appliance dealer in the area, and the only appliance parts dealer in the area, still operates out of its original location. It is operated by Bryan Wittenmyer and his sisters Connie and Karen.

"No one has as many in-stock appliances anywhere in this area" says Wittenmyer. "And that

includes the big-box and department stores". People are frequently surprised to find out how many home appliances on display throughout the store's two floors. We offer popular domestic and name-brand products including Frigidaire, G.E., Kitchenaid, Electrolux, Whirlpool, Maytag and Bosch, and some of the newer companies like Samsung and LG."

"A lot of people ask 'how do you compete with the big boxes'" says Wittenmyer.

He explains that being part of the biggest buying co-op on the East coast, one with over 500 members, permits stores such as this to buy as one and successfully compete with chain stores. Plus, this offers them the abil-

ity to order appliances that are not in stock and have them delivered to the store in 24 hours, something the "big-box" stores are rarely able to do.

The store sells most major home appliances including kitchen ranges, refrigerators, freezers, air conditioners, microwaves, dishwashers, washers and dryers. Recent additions to the product line are eco-friendly attachments for washing machines that permit users to clean and sanitize clothes without detergent.

Wittenmyer says Sanatoga Corp. has remained strong because of "the family's commitment to quality, affordable pricing and superior customer service. The staff

has years of product knowledge, which is frequently lacking in larger operations."

"We have a lot of returning customers, and we usually know them by name or by face. I believe we have a better relationship with our customers than the bigger stores do. We've seen a lot of stores come and go but we are still going strong."

Sanatoga Corp is located at 2783 E. High St. in Pottstown. They offer free delivery, and free removal of old appliances within certain distances, and free installation on most items. For questions or further information call 610-326-9800, visit their web site at www.sanatogacorp.com or email the staff at sanatogacorp@gmail.com.

McCormick Chiropractic – offering a personal approach to wellness

McCormick Chiropractic is proud to be the leading drug-free, surgery-free healthcare facility with offices in Elverson, Limerick and Pottstown. Their mission is to help as many people in their lifetime as possible especially children. Dr. Leo McCormick has been in practice over 28 years and is joined by Dr. Darryl Hajduczek and Dr. Leslie Freeman. They see patients in the Pottstown and Elverson office. Dr. William Keenan and Dr. Karen McCormick have been in practice over 23 years and are joined by Dr. Jill Slutak. They see patients in the Limerick office.

McCormick Chiropractic offers a personalized approach to overall wellness through spinal care, exer-

cise, good nutrition and stress management. While some seek help for pain-related issues, many seek help for improved overall physical health and performance. Athletes report better balance and faster reflexes. The doctors encourage and support you in taking a more active and responsible role in restoring and maintaining your own health.

McCormick Chiropractic has an on-site X-ray facility to allow for convenient and rapid diagnosis. The friendly staff makes sure your needs are met. They are as much an educational institute as a healing institute. Patients are taught the reason why their problem occurred and they learn

to develop strategies to prevent the problem from returning in the future.

The doctors at McCormick Chiropractic are experts in safety and injury prevention in the workplace. They are currently on various panels for businesses and corporations seeking to enhance their work environment. McCormick Chiropractic offers preventative and wellness workshops as part of their community outreach program.

Contact them at 610-286-7000 (83 West Main Street, Elverson), 610-495-0101 (553 West Ridge Pike, Limerick) or 610-705-0201 (92 Kemp Road, Pottstown) to schedule an appointment or a workplace wellness seminar.

POTTSTOWN MEMORIAL IS GRATEFUL TO HAVE EARNED YOUR TRUST AND YOUR VOTE AS “BEST HOSPITAL.”

Maybe it's because we've received four consecutive national cancer care awards, or that we've achieved "Top Performer" status for heart attack, heart failure, pneumonia and surgical care. Maybe it's because we've been designated a Primary Stroke Center. Or that our emergency room strives to have you seen faster, with less waiting. Whatever the reason, we are thankful for your trust, for your votes – and for the opportunity to serve this community every day.
