"I have been seen at quite a few hospitals, and I can tell you Davis County Hospital has the best care out of everywhere I've been".

- Herb Ogden

Herb Ogden &
Dr. Ron Graeff, Allergist and Pulmonologist

Herb recently came to Davis County Hospital to be seen by Dr. Ron Graeff, because he has had difficulty breathing and works outside. Dr. Graeff did a complete assessment, some testing, and they came up with a treatment plan. Herb said he hasn't felt this good in years. He has no breathing trouble and he "feels like he got his life back!"

Keep
safety
within
your
reach.

Today's farm machinery can easily reach above the height of power lines, potentially putting your safety at risk whenever you use or move any equipment.

Know the reach and height of your machinery, including radio antennas. And keep all parts of the equipment at least 10 feet away from power lines. Understanding the 10-foot rule will help keep you working safely.
