AUTHORIZED RETAILER

Important Terms and Conditions: Promotional Offers: Require activation of new qualifying DISH service. All prices, fees, charges, packages, programming, features, functionality and offers subject to change without notice. After 12-month promotional period, then-current monthly price applies and is subject to change. **ETF:** If you cancel service during first 24 months, early termination fee of \$20 for each month remaining applies. **Additional Requirements: Hopper:** Monthly fees: Hopper, \$12; Joey, \$7; Super Joey, \$10. With PrimeTime Anytime record ABC, CBS, FOX and NBC plus two channels. With addition of Super Joey record two additional channels. Commercial skip feature is available at varying times, starting the day after airing, for select primetime shows on ABC, CBS, FOX and NBC recorded with PrimeTime Anytime. Recording hours vary; 2000 hours based on SD programming. Equipment comparison based on equipment available from major TV providers as of 12/01/14. Watching live and recorded TV anywhere requires an Internet-connected, Sling-enabled DVR and compatible mobile device. **HD Free for Life:** Additional \$10/mo HD fee waived for life of current account; requires continuous enrollment in AutoPay with Paperless Billing. **Premium Channels:** Premium offer value is \$135; after 3 months, then-current monthly prices apply and are subject to change unless you call or go online to cancel prior to the end of 3 months. **Installation/Equipment Requirements:** Free Standard Professional Installation only. Leased equipment must be returned to DISH upon cancellation or unreturned equipment fees apply. Upfront and additional monthly fees may apply. **Miscellaneous:** Offers available for new and qualified former customers, and subject to terms of applicable Promotional and Residential Customer agreements. Taxes or reimbursement charges for state gross earnings taxes may apply. Additional restrictions and taxes may apply. **Offers end 10/30/15.** HBO®, Cinemax® and related channels and service marks are the property of Home Box Office, Inc. SHOWTIME is a registered trademark of Showtime Networks Inc., a CBS Company.

DAVIS COUNTY CITIZENS

I am writing this editorial as a prospective Davis County School Board Member representing District #6. The election is Tues., September 8th, the same day as the \$9.6 million bond proposal. Absentee ballots to be mailed must be requested in writing no later than 5 p.m. September 4th. Absentee request forms are available from the Davis County Auditor's Office or on the Auditor's web page at www.daviscountyiowa.org. The Davis County Auditor's Office will pay for the postage for all ballots returned by mail.

I am running for District #6 to contribute to upgrading facilities at a reasonable cost. I think there are other issues that need attention: transportation costs are over \$300,000 and we need to find a solution to lowering those costs. Maintenance has to be better, everyone I have spoken to has said, "Let's take better care of what we have." "To Be the Best We Can Be" doesn't just mean in the classroom.

There is no one that I have talked with that is against providing our students with adequate facilities and everyone realizes that some upgrades are necessary and will have to be dealt with. The plan being proposed is not just for this graduating class or the one in five years from now. It is a 20 year bond proposal that should be considered thoroughly. I know the group that worked on this present proposal has best intentions but I believe more needs to be done in order for the entire district to support any plan.

It doesn't seem reasonable to use estimated inflated figures and ask taxpayers to accept them. For example, the current proposal included line items of \$250,000 for a concession stand at the West Sports Complex and \$550,000 to prep the West Sports Complex for baseball and softball fields. I have asked dozer contractors to evaluate the projected costs and their general answers were that the projected costs are "preposterous". The proposed artificial turf for the football field has definite disadvantages and the price tag for us is expensive. That's the same issue with an 8 lane track, the cost can't be justified. The artificial turf surface seems to be more of a want rather than a need. Before the vote on Tues., September 8th, using artificial turf needs to be decided. Many constituents are asking, "Why are we trying to remodel the east side of the old high school if its so bad?"

I also understand the override costs have been figured in to this bond proposal which could be between 12 to 15 percent. This is approximately \$1,440,000. Does that make sense for our District? Again, I am NOT saying we don't have to make some serious decisions but we have local architects, engineers, and general contractors that would be invaluable to help get transparent costs and provide school officials with realistic construction figures.

It does concern me that many of our local people may not be involved in any work done for this plan. We're talking about possible spending 9.6 million dollars of tax payer's money and it would a great boost to our local economy to involve as many of our local contractors as we can.

I'm aware there are certain bonding requirements but to eliminate everyone that could do the work as well or better would be a disservice to our local business owners and limits the ability for our district to shop for the best competitive prices. For our contractor to have to have \$200,000 of liquid assets or belong to a "union" should not prohibit them either. Iowa has a "Right to Work Law" and in this case, I believe everything possible should be done to ensure we are properly evaluating contractors to do the work, local and otherwise.

There is a "trust" problem that has existed because the entire school district was not involved. Yes, I realize the past is the past, but why jump the gun again and not take a serious look at all of the possibilities for improvement of our school facilities not yet thought about. What would have been if the school officials would have asked the community what they wanted to do with the sales tax money that was spent on the new high school on the hill? While property taxes are not paying for the construction, the current building will not be paid for until 2029.

I firmly believe a better plan can be arrived at. For those enthusiasts who think the "sky is falling" if we don't act now, I would say over reacting is NOT a solution. We need to work together and FIND the solutions.

The most important action ALL of Davis County can take is to VOTE. That is how you can have a voice. Disagreeing and questioning is part of the process of compromise and is how a true Democracy works.

As Henry Ford said, "Coming together is a beginning; Keeping together is a progress; Working together is success."

If elected to the school board, I will work with you to ensure we can provide the best facilities we can for generations to come. I look forward to your support on Sept. 8th.

Thank you,
Jim Kuberski
