BLUE TAG SPECIALS:

We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:

Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

PHARMACY TOPICS

 Hospital Discount CENTRAL

 Pictured L-R: Vanessa Patton, Becky Cook, Becky Burks and Rex Smith, RPh

New research published in Alimentary Pharmacology & Therapeutics indicates that mycophenolate mofetil, a drug that is usually used to prevent rejection after kidney, heart or liver transplant, seems safe and effective in treating autoimmune hepatitis (AIH), a serious chronic liver disease that mainly affects women. Treatment for AIH is usually based on steroids, which can have very serious side effects when taken long term either alone or in combination with the immunosuppressive drug azathioprine. In this latest real-world study, nearly 94% of patients had an initial complete response to mycophenolate mofetil mostly within 3 months of treatment. Most importantly, mycophenolate mofetil as front-line treatment for AIH not only accomplished high rates of on-treatment response, but also showed the highest rates of maintenance of complete remission after complete drug withdrawal (75% of patients) ever published, for a median of 2 years.

A daily dose of vitamin D3 improves heart function in people with chronic heart failure, research presented at the American College of Cardiology 65th Annual Scientific Session has found.

Lowering cholesterol with statins significantly reduce adverse cardiovascular events in people with average cholesterol and blood pressure levels who were considered to be at intermediate risk for heart disease, while the use of blood pressure-lowering medications was beneficial only in those with higher blood pressure levels, according to three separate reports presented at the American College of Cardiology's 65th Annual Scientific Session.

Are you a MEDICARE patient with a CPAP?

Do you feel like this poor guy looks? If you can't wear your CPAP because of its bulkiness or discomfort, it's definitely not helping your sleep apnea. Dr Timothy Smith offers a comfortable and convenient alternative: a custom designed oral appliance to move the jaw forward and open the airway. Many of our patients report feeling better and more rested than they have in years. Call us at **(256) 287-1250** about a sleep apnea consultation today.

We should obey The Holy Bible not man's doctrines that appear righteous, yet are against The Bible. Paul said not to keep company with a fornicator, or covetous, or an idolater, or a railer, or a drunkard, or an extortioner; with such an one no not to eat (1Cor 5: 9-11), gentiles worship the devil (1Cor 10:20). History: idol worship was brought into the Christian church by gentiles to change times and laws (Dan 7:25). Establishing the new covenant church Christian, that is not under law, keep man's doctrines holy (Mt 15:9), then denies The Bible. Cause others to believe that Jesus gives forgiveness to anyone who builds their house on sand. Advocates for Satan (2Cor 11:13-15, Rom 1:17-32, 1Jn 3:1-24) will twist Bible verses so that lies be made into Truth (Rom 1:25). Saved in the name of Jesus (Rom 10:13), not through Him (Jn 14:6). Teach Acts 20:7 changed Ex 20:8-11, Heb 4:1-12, 13:8, Acts 10:12-15 changed Lev 11:1-47, etc. (Mt 4:4, 5:17-19, 7:21-27, 15:9, 16:22-24, Jn "5:39-47", 14:24, Rom 3:25, Acts 3:23, Rev 22:14-15). Christ said He knows the blasphemy of them which say they are Jews and are not, but are the synagogues of Satan (Rev 2:9). What will He say to those who claim to be Christians and are not? (Mk 3:29!) So Be It!
