NATIONAL FARM & RANCH SAFETY & HEALTH WEEK
 September 18-24

Since Franklin D. Roosevelt signed the first official document in 1944, the third week of September is known nationally as Farm Safety and Health Week. This year September 18-24 we will commemorate and encourage more than ever, safety on the farm with the theme of "Working Together for Safety in Agriculture".

The Department of Labor has again named the agriculture industry the most dangerous sector to be in, with 21.2 deaths per 100,000 workers annually. These fatalities can be stopped. It is important to keep safety in mind while working on the farm and protecting your family from being a part of this statistic. Remember that every day can be a safe day on the farm and we encourage you to take the necessary precautions during the upcoming harvest season.
