A new multi-year study from the Intermountain Medical Center Heart Institute in Salt Lake City shows that testosterone therapy helped elderly men with low testosterone levels and pre-existing coronary artery disease reduces their risks of major adverse cardiovascular events-including strokes, heart attacks, and death. The study, presented at the American College of Cardiology 65th Annual scientific Session, showed that patients who received testosterone as part of their follow-up treatment fared much better than patients who didn't. Non-testosterone-therapy patients were 80 percent more likely to suffer an adverse event.

Skin tests traditionally used to predict allergies to amoxicillin, one of the most commonly prescribed antibiotics in children, are ineffective according to a new study published in the journal JAMA Pediatrics. The study determined that oral provocation or challenge test, with appropriate follow up, was a more efficient and safer screening method for diagnosing non-life threatening reactions to amoxicillin in children.

Drugs commonly proscribed to treat Parkinson's disease have been linked to impulse control disorders such as pathological gambling, compulsive buying, hypersexuality and binge eating in some patients, researchers report in the journal Expert Review of Neurotherapeutics. The primary risk factor for ICDs is the use of a class of Parkinson's disease medications called dopamine agonists, which help control tremors and other Parkinson's symptoms. These drugs include pramipexole (Mirapex) and ropinirole (Requip). Other risk factors include younger age, smoking, alcohol abuse and personality traits such as impulsivity, obsessive-compulsive disorder, depression and anxiety.

Most so called Christian church's faith of worship is based on what is right in their own eyes, not by the Bible and not in agreement. Claiming to walk by faith, not sight (2Cor 5:7), yet denying the Biblical law, reveals their faith cannot be defined by the Bible. Fabricated Christians will call Christ Lord (Lk 6:46) and themselves Christians, then teach against (antichrist) much of what Christ taught (Mt 5:17-19, 7:21-27, 16:22-24, Jn 5:14, 8:11). The Bible gives he who committeth sin is of the devil, then it appears they are Satan's ministers (2Cor 11:13-15). For sin is the transgression of law (1Jn 3:1-24) that they deny, yet they teach Christ has forgiven them for transgressing the law that they are not under. So Be It!

 Greatly appreciates everyone's kind expression of sympathy in our great loss. Your thoughts and efforts were greatly appreciated. Thank you for keeping us in your thoughts and prayers.

The Family Of
Pastor
Gary Lee Milligan
 August 21, 1947 ~ August 6, 2016

want to thank everyone who so graciously helped us in any way during the most difficult days after his death. Your prayers have been so important to us as we could not have gone through this without God's presence. To the first responders who came to our home so quickly, thank you for your concern and compassion. To the helicopter crew for your care and getting Gary to Birmingham so quickly and to the doctors and nurses at UAB and the chaplain for your care, compassion and prayers. To Cullman Heritage Funeral Home and those who helped us with the arrangements for the viewing, service and burial. Thank you to all who came to the viewing and expressed your love for us. Thank you everyone who sent flowers, donated bibles through the Gideon's in Gary's name and to those who donated money to Heavenly Manna food Ministry at Harmony Word of Life Church where Gary was pastor. Mere words cannot express how grateful we are for all you've done and continue to do for us. With all our hearts, we thank you.

Are you a MEDICARE patient with a CPAP?
 Do you feel like this poor guy looks? If you can't wear your CPAP because of its bulkiness or discomfort, it's definitely not helping your sleep apnea. Dr Timothy Smith offers a comfortable and convenient alternative: a custom designed oral appliance to move the jaw forward and open the airway. Many of our patients report feeling better and more rested than they have in years. Call us at **(256) 287-1250** about a sleep apnea consultation today.

Saving You MONEY

BLUE TAG SPECIALS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
