**Alton Fire Department reminds you to CHECK YOUR SMOKE DETECTORS!**

This message brought to you by the City of Alton

September 2016

Citizens of Orange City:

The walls of the Fire Department meeting room came tumbling down last week, starting the next phase of the update and expansion of the Station. We anticipate the project will be completed in the Fall of 2017 and are already looking forward to moving in. In the meantime, you can keep track of progress at <https://www.facebook.com/friendsofthecfd/>, where we're posting time-lapse photographs of progress. The Department is grateful to the Orange City community for backing this project in the bond issue vote this past March.

Because of ongoing construction, the Department will not be holding a Fire Safety Week open house this year. Members will, however, visit pre-school classes to teach fire safety basics. Our Adopt a Firefighter program has moved into its third year of monthly visits to local second-grade classrooms. And of course we continue to respond to calls, any time, day or night.

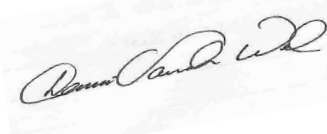

While renovations are under way, Department members are keeping busy maintaining equipment and continuing to train. They are also working on a spec. house in conjunction with the Orange City Development Committee and Gary Cleveringa Construction to raise funds for the improvements to the Station. You can do a drive-by to check on our progress at 1307 Lincoln Place SE.

Once the Station expansion is completed, we will need to purchase new furnishings for the meeting room and offices, appliances such as a heavy-duty extractor for washing turn-out gear, and audio-visual equipment for training. Your contributions in support of this final step would be much appreciated. Donations can be sent to: **Orange City Fire Department @ 125 Central Avenue SE @ Orange City, IA 51041**

If you're interested in making a contribution as a volunteer, we're always looking for applicants. Drop by the Station any Saturday morning between 9:30 and 10:30am – we're usually there. You can also contact membership coordinator Brian De Kock at 712.395.0123.

Again, the OCFD appreciates all you have done to help us serve the community professionally and safely.

Yours,

  
 Chief Denny Vander Wel

**FAST TURNAROUNDS**  
The market for printing has been undergoing changes in recent years. A demand for fast turnarounds is one of the largest of those changes. There is little setup, no plating and no dry time.

**SHORT RUN - FULL COLOR**  
Small quantities at an affordable price. Difficult to believe, but true! With no set-up costs, there is no more overprinting. **How many you need is how many you get.** Need a reprint? Even easier and very affordable. **Convenience at its best.**

**DIRECT MARKETING**  
Need an edge? Digital printing creates a scenario where each piece printed can be different. The use of variable data, such as a customer data base, can be used to **personalize** each piece printed.

**EXTREMELY EFFICIENT**  
The efficiency and convenience of Digital Printing **benefits any company whether large or small.** The capability of full color short runs, direct marketing and fast turnarounds is breaking down printer barriers.
