# 11 Critical Home Inspection Traps to be Aware of Weeks Before Listing Your Home for Sale

Home Owners - According to industry experts, there are over 33 physical problems that will come under scrutiny during a home inspection when your home is for sale. A new report has been prepared which identifies the eleven most common of these problems, and what you should know about them before you list your home for sale.

Whether you own an old home or a brand new one, there are a number of things that can fall short of requirements during a home inspection. If not identified and dealt with, any of these 11 items could cost you dearly in terms of repair. That's why it's critical that you read this report before you list your home. If you wait until the building inspector flags these issues for you, you will almost certainly experience costly delays in the close of your home sale or, worse, turn

prospective buyers away altogether. In most cases, you can make a reasonable pre-inspection yourself if you know what you're looking for, and knowing what you're looking for can help you prevent little problems from growing into costly and unmanageable ones.

To help home sellers deal with this issue before their homes are listed, a free report entitled "11 Things You Need to Know to Pass Your Home Inspection" has been compiled which explains the issues involved.

To hear a brief recorded message about how to order your FREE copy of this report, call toll-free 1-800-238-4613 and enter 1003. You can call any time, 24 hours a day, 7 days a week.

Get your free special report NOW to learn how to ensure a home inspection doesn't cost you the sale of your home.

## Strange BUT TRUE

By Samantha Weaver

- It was the great Russian author Leo Tolstoy who made the following sage observation: "A man is like a fraction whose numerator is what he is and whose denominator is what he thinks of himself. The larger the denominator, the smaller the fraction."
- The earliest known brothel was located in Sumer (now southeastern Iraq), all the way back in 3300 B.C.E.
- The Gunfight at the O.K. Corral, which took place in Tombstone, Arizona, at about 3 p.m. on Oct. 26, 1881, is probably the most famous shootout in the history of the Old West. You might be surprised to learn, though, that the gunfight didn't actually happen at the O.K. Corral, or even next to it — the gunfight took place in an empty lot six doors down.
- A futurist in the 1950s made the following prediction: "There will come a time when every country in the world will have a computer."

- Etymology — the study of words' history, their origins and how their form and meaning have changed over time — is fascinating. For example, take the term "shilly-shally," meaning to vacillate. In the 18th century, "shill" was another form of "shall," and people trying to make a difficult decision might ask themselves "Shill I? Shall I?" Over time it was shortened to the form we use today.
- If your scissors are getting dull, don't waste time and effort with sharpening stones; all you have to do is cut up sheets of sandpaper to hone the cutting edges.
- Those who study such things say that if you added up the body masses of all the people on the planet right now, it would amount to roughly 750 billion pounds.

**Ferdinand the Bull**

**Q.** One of my favorite childhood books was "Ferdinand the Bull." In addition to the book published by Dell, I have a "Fierce Ferdinand the Bull" windup toy and a 78-rpm record with original sleeve featuring the famous cartoon bull. Is there any value to these items? — *Frank, Paradise Valley, Arizona*

**A.** Ferdinand was introduced in the 1936 Munro Leaf book with illustrations by Robert Lawson. The book and the character became immediate hits. The Ferdinand the Bull cartoon debuted just before the Christmas season of 1938.

The story focuses on Ferdinand, a bull who was content to sit peacefully in a field and sniff the flowers. When he is stung by a bee he goes into a con-temption fit and is mistaken for a fighting bull. He is immediately transferred to a bullring, but when he refuses to fight, he is taken back to his field of flowers. A film short appeared in 1938 and won an Academy Award for Best Cartoon of that year.

Dozens of items were issued throughout the 1940s and '50s, including your book, which is valued in the \$100-\$375 range; your record from 1950, \$5-\$15; and the wind-up toy, also from about 1950, worth in the \$50-\$200 range (with original box, \$150-\$450).

I grew up on a ranch and our family bull was named Richard. My granddad

took a picture of me when I was about 3 years old sitting on Richard's back. Obviously our Richard was rather peaceful, and I suspect a close cousin of Ferdinand.

**Q.** I purchased an old treadle sewing machine at auction that is only identified as being a "Domestic." I can't find anything about the company. Can you help me? — *Steve, Davenport, Iowa*

**A.** The Domestic Sewing Machine Company was founded in Norwalk, Ohio, in 1869. It continued until the early 1920s when it was acquired by the White Sewing Machine Company.

**Q.** I have a pair of sunglasses with "Reagan '84" on them, obviously a campaign item. Do these glasses have any value, and are they collectible? — *Levetta, Albuquerque, New Mexico*

**A.** I suspect your sunglasses would retail for about \$20. Most political items are collectible.

**When you can do this? OFTEN FOR THE SAME OR LESS COST!**

**Why is CONCRETE QUICK Different?**

1. Concrete is mixed on site. There is no minimum order as with traditional concrete companies.	2. 1 YARD OF CONCRETE YIELDS = 50 (80lb.) Bags of Cement = A sidewalk 3'x25'x4" = A patio 8'x10'x4" = 20 (8") Deck Piers	3. Why load-up your vehicle and mix bag after bag of cement in your wheelbarrow.

### Pumpkins Usher in Fall

After a long, hot summer of trying to figure out ways to cook without turning on the oven, fall has finally arrived. I know that harvest-time is here when the colors in the produce section are dominated by dark, vibrant greens, warm yellows and rich orange pumpkin colors. Pumpkins are the ambassadors of fall, ushering in the holiday season and the promise of cooler days and nights.

The pumpkin plant originated in Central America and was introduced to the Pilgrims by the Native American Indians. Pumpkins provide a hefty source of vitamin A, as well as one of the tastiest forms of good-for-you fiber. The gorgeous orange color is an indicator of significant amounts of beta carotene, also found in carrots, beets and sweet potatoes. Pumpkin seeds are rich in protein, minerals and fiber. The seeds also possess a rich buttery taste that lends itself well to pestos, salad toppings or as a healthy snack.

I like using pumpkin to update traditional recipes like this modern version of Shepherds Pie. You can make this crowd-pleaser in a baking dish or ramekins ahead of time and re-heat it. Time in the refrigerator allows the spices to infuse the dish and the flavors to deepen. Harvest Shepherds Pie is a wonderful way to welcome fall!

- 1 teaspoon kosher salt
- 1/2 teaspoon freshly ground black pepper
- 1 tablespoon ground poultry seasoning
- 2 tablespoons all-purpose flour
- 2 teaspoons tomato paste
- 1/8 teaspoon ground nutmeg or cloves
- 1/8 teaspoon cayenne pepper
- 1 cup chicken broth
- 1 teaspoon Worcestershire sauce
- 1 cup frozen peas
- 1/4 cup half-and-half
- 2 ounces unsalted butter
- 3/4 teaspoon kosher salt
- 1/4 teaspoon freshly ground black pepper
- 1 egg yolk
- 1/2 cup shredded Parmesan or Cheddar Cheese, optional

Monica Buck/GH

- Heat oven to 400 F with a rack in top third of oven. Put pumpkin and potatoes on a greased rimmed baking sheet. Roast pumpkin and potatoes, covered with aluminum foil, until tender when pierced with a fork, 20-25 minutes.
- While pumpkin and potatoes are cooking, prepare filling. Place the oil into a 12-inch saute pan and set over medium-high heat. When oil shimmers, add onion and carrots and saute just until they begin to take on color, approximately 3-4 minutes. Add garlic and stir to combine. Add ground

lamb or ground beef, salt, pepper and poultry seasoning, and cook until browned, approximately 3-5 minutes.

3. Sprinkle meat with flour and toss to coat, continuing to cook for another minute. Add tomato paste, nutmeg or cloves, cayenne pepper, chicken broth and Worcestershire sauce, and stir to combine. Bring to a boil, reduce heat to low, cover and simmer slowly 10-12 minutes, stirring once or twice until the sauce is thickened slightly. Add frozen peas to the meat mixture and spread evenly into an 11-by-7-inch glass baking dish, or divide evenly into ramekins.

4. Place cooked pumpkin and potatoes into a large bowl, and mash together until well-combined. Put the half-and-half and butter into a microwave-safe container, and heat in microwave until warmed through, about 35 seconds. Add the warm half and half mixture, salt and pepper, and continue to mash until smooth. Stir in the yolk until well combined.

5. Top baking dish or the ramekins containing meat and vegetable mixture with the mashed pumpkin and potatoes. Start around the edges of the dish to create a seal to prevent mixture from bubbling up, and smooth with rubber spatula. Sprinkle with the shredded cheese, if desired.

6. Place baking dish or ramekins on a parchment or foil-lined half sheet pan on middle rack of oven and bake for 25 minutes, or just until topping begins to brown and bubble around the edges. Remove to cooling rack for at least 15 minutes before serving.

On Oct. 14, 1857, engineer and inventor Elwood Haynes is born. Haynes designed one of the first American automobiles, the Haynes "Pioneer." The buggy was an 820-pound, push-start vehicle with chain drive, a steering tiller and 28-inch bicycle wheels.

On Oct. 15, 1930, legendary composer and bandleader Duke Ellington records his first big hit, "Mood Indigo." Ellington claimed he wrote the song in 15 minutes, but its actual genesis was a melody by clarinetists Barney Bigard and Lorenzo Tio, Jr. called "Dreamy Blues."

On Oct. 12, 1945, PFC Desmond T. Doss of Lynchburg, Virginia, is presented the Congressional Medal of Honor for outstanding bravery as a medical corpsman. Doss was the first conscientious objector to receive America's highest military award.

On Oct. 16, 1964, The People's Republic of China conducts a successful nuclear test, becoming the fifth nation with atomic bomb capability. China joined the U.S., the Soviet Union, Great Britain and France in the exclusive nuclear club.

On Oct. 10, 1985, the hijacking of the Italian cruise ship Achille Lauro reaches an end when U.S. Navy F-14 fighters intercept an Egyptian airliner attempting to fly the Palestinian hijackers to freedom. Four Palestinian terrorists had hijacked the ship three days earlier, killing an elderly Jewish American passenger and taking hundreds more hostage.

On Oct. 13, 1999, the Colorado grand jury investigating the murder of child beauty queen JonBenet Ramsey is dismissed, and the Boulder County district attorney announces no indictments will be made due to insufficient evidence. The murder remains unsolved.

On Oct. 11, 2002, former President Jimmy Carter wins the Nobel Peace Prize "for his decades of untiring effort to find peaceful solutions to international conflicts." Carter, a peanut farmer from Georgia, served one term as U.S. president between 1977 and 1981.

**Saving "dry" seeds**

Harvest your seed pods or husks when they no longer look green but brown and dry on the plant. Let them thoroughly dry, then crumble the pods or husks until the inner seeds are released. Lay out some newspaper on a table-top or a shelf, and spread the seeds on it, keeping each kind separate, and record the plant name. Dry the seeds for one week. Then pack the seeds in small paper packets or envelopes, labeling each one with its name, the date and any other information you might need. Store your seed packets in a cool, dry, dark place.

**Salome's Stars**

**ARIES** (March 21 to April 19) Someone from your past could arrive with welcome news concerning your future. Meanwhile, avoid taking sides in a workplace confrontation until you have more facts to go on.

**TAURUS** (April 20 to May 20) A decision about a relationship could have longer-lasting consequences than you might imagine, so be sure of your facts before you act. A trusted friend can help.

**GEMINI** (May 21 to June 20) A strained relationship could be restored with more personal contact between the two of you. Letting others act as your go-between only adds to the ongoing estrangement.

**CANCER** (June 21 to July 22) New facts could mean taking a new path toward a goal you've been hoping to reach. However, be sure all your questions are answered before you undertake to shift directions.

**LEO** (July 23 to August 22) This is a good week for all you fine Felines to turn your attention to some important considerations, such as your health, your job situation and the status of important relationships.

**VIRGO** (August 23 to September 22) Avoid making a quick decision about a matter that needs more study. Keep your mind open for possibilities, even if they don't seem plausible — at least not yet.
