Propane Prices Got You Down? Yank the Tank! Natural Gas will save you money!

- **Dependability:** Since the vast majority of the natural gas system is underground, it is not typically affected by inclement weather or other transportation problems. Always there when you need it.
- **Monthly billing:** No more large bills due when the tank is filled, you will receive a monthly bill.
- **More economical:** Operating cost for Natural gas equipment is substantially less than propane. Consider this:
 - If you used 800 gallons of propane last year at \$1.50 per gallon, you spent \$1200 for fuel alone.
 - Using natural gas, your fuel cost for the same amount of energy would have been approximately \$519 on our heat only rate or only \$445 for year round use.

For more information on the availability of clean efficient NATURAL Gas please call or drop by today!

Dear Friends,

I extend my thanks to the people of Lincoln County and the surrounding areas who have trusted me to provide surgical care to you and your families over the past 32 years. It has been an honor for me to be your surgeon.

I thank my medical and surgical colleagues for their support over the years. I appreciate the entire Lincoln County Health System family, especially the surgical and anesthesia departments at the Lincoln Medical Center.

I have always been blessed with a wonderful office staff that has worked tirelessly in an effort to meet the individual needs of each patient. I will never be able to adequately express my gratitude to my nurse, Sylvia Plunkett, who has been so loyal to me in my practice. She has been compassionate toward our patients, treating them in such a lovely manner for the entire 32 years. I thank Arlinda Vess, Dot Watkins, and Bert Watkins for their diligent work and integrity as well.

My office will continue to be open to assist with medical record or insurance needs and to address account responsibility for services that have been provided. Hours will vary. Please call the office at 931-433-2488 before stopping by to be sure someone will be available to help you.

Sincerely,
Ted Cobb, M.D.

*1.50% Introductory Annual Percentage Rate (APR) is available on Home Equity Lines of Credit with an 80% loan-to-value (LTV) or less. The Introductory Interest Rate will be fixed at 1.50% during the 6-month Introductory Period. A higher introductory rate will apply for an LTV above 80%. Offer is available for new applications submitted from September 11 - November 11, 2016. After the 6-month introductory period: the APR is variable and is based upon an index plus a margin. The APR will vary with Prime Rate (the index) as published in the Wall Street Journal. As of September 11, 2016, the variable rate for Home Equity Lines of Credit ranged from 2.62% APR to 7.20% APR. Higher rates may apply due to an increase in the Prime Rate, a credit limit below \$100,000, an LTV above 70%, and/or a credit score less than 730. A U.S. Bank Consumer Silver, Gold, or Platinum Checking Package account is required to receive the lowest rate, but is not required for loan approval. The rate will not vary above 18% APR, or applicable state law, or below 2.12% APR - 2.55% APR, depending on market. Choosing an interest-only repayment may cause your monthly payment to increase, possibly substantially, once your credit line transitions into the repayment period. Repayment options may vary based on credit qualifications. Interest only repayment may be unavailable. Loans are subject to credit approval and program guidelines. Not all loan programs are available in all states for all loan amounts. Interest rates and program terms are subject to change without notice. Property insurance is required.
