**National Merit Semis at FHS**

FLORENCE—The National Merit Scholarship Program recognizes students for academic excellence. To be chosen as a National Merit Semi-Finalist is a tremendous honor. Semi-Finalists must take the PSAT as a junior in high school and score within the top 1% nationally of all students having taken the PSAT.

This year six National Merit Semi-Finalists are seniors at Florence High School. **Noah Davis, Andrew Mitchell, Quinn Raymond, John Strawn, Sawyer Vest, and Noah Wagnon** are now competing for scholarship opportunities throughout the country. These students have taken rigorous coursework and are also involved in numerous extra-curricular activities on the FHS campus and throughout the Shoals community.

From top: **Davis Mitchell Raymond Strawn Vest Wagnon Letson**

Scholarships are provided by the National Merit Scholarship Corporation and hundreds of business organizations and higher education institutions which share the goals of honoring scholastic champions academic excellence. FHS also has one Commended Scholar, **Will Letson**. Approximately 1.5 million high school students take the PSAT each year. Only 3.3% of those are Commended Scholars.

All Age Facility Inspires Activity and Health

By **Haley Walden**  
For the Courier Journal

**S**ky Zone owner Kim Moore knew she wanted to bring a family-friendly activity center to the Shoals. As a native to the area and a UNA alum, the idea of opening a trampoline park in Florence sparked her interest. Sky Zone hosted its grand opening on August 9 at 250 Mangum St. in Florence off of Creek Parkway as Florence's first trampoline park.

"We were inspired to find something in our area to get kids moving and away from computers and gaming - to have something healthy and fun for them to do," Moore said.

Sky Zone is packed with activities for all ages and fitness levels. Visitors can play in the Open Jump area, challenge one another to a game of Ultimate Dodgeball, dunk on their friends in the Sky Slam basketball

The Tuscumbia Kiwanis Club recently presented a check for \$500 to the Colbert Caring Center to be used to help individuals and families in need. The Caring Center depends solely on volunteers and donations from churches, organizations, and individuals. Donations have been down so contributions of money or non-perishable food items are greatly appreciated. The Center at 108 N. Water St. in Tuscumbia is open 9am-2:30pm Tuesday-Thursday. Please call 256-381-8464 for more information.

## Kitts Earns Patriot Award

Continued from Page 1

ESGR is an office within the U.S. Department of Defense that seeks to foster a culture in which employers support and value the military service of their employees.

Kitts was nominated for the ESGR award by Dr. **Tim Collins**, an associate professor in political science. According to Collins, UNA worked hard to accommodate him when he was deployed two years ago.

"The university treated me so well when I deployed, and I was so grateful," Collins said. "I knew they gave awards to employers who were supportive, so I put in for the award."

"This is very humbling," said Kitts as he accepted the award. "It's my pleasure and honor to accept these awards on behalf of the University. It's absolutely the right thing to help those who help our country so much."

In addition to the Patriot Award from ESGR, UNA was recognized with the Pro Patria award which is presented annually to one public sector employer. According to the ESGR website, award recipients have demonstrated the greatest support to Guard and Reserve employees through their leadership and practices. These include adopting personnel policies that make it easier for employees to participate in the National Guard and Reserve.

## Council's Save Teens Event

SHEFFIELD-The Colbert County Children's Policy Council is a nonprofit organization with the mission of ensuring that children in our community receive the services they need to become healthy, productive adults. Unfortunately, there are times when our children have unmet needs or require services we do not have. Drug free environments and drug free lifestyles continue to be a

need for all children. There is an increase in meth, opiate, and synthetic drug use among Colbert County teens. We will be hosting a free drug awareness program to address this problem.

Operation Save Teens is a drug awareness event designed for teens. The event will be held on October 19 at the Hope Center at 1300 SW 8th Street in Sheffield from 6-8pm. The speaker will be **Mike Reese** who is retired from the Alabama Beverage Control Board. Mike is a phenomenal speaker who will be discussing the dangers of drugs found in our community. This is definitely something every teen and parent should hear. Students, school administrators, youth groups, sport teams, parents, and community leaders are encouraged to attend. This is a free event. There will be door prizes. For more information, please call 256-386-8574.

## Helmets...

Continued from Page 1

consequences including long term mental, physical or occupational deficits. While the number of skull fractures has dramatically declined with modern helmet design, concussions have persisted at concerning rates.

The National High School Sports-Related Injury Surveillance system (HS RIO) analyzed first-time concussions sustained nationwide during participation in high school football for nine seasons from 2005-06 to 2013-14. Each concussion report documented concussion symptoms and helmet characteristics, including whether the athletic trainer (AT) believed the helmet fit correctly at the time of injury and the type of inner helmet liner.

Over 4500 concussions sustained over nine seasons were analyzed. Incidences of concussion were separated into groups above or below mean values of age, height, and weight. The results showed there was no difference in numbers of symptoms according to age or weight. However, players taller than 70 inches had more severe concussions than shorter players.

Data regarding helmet fit was included in 3172 reports. Athletic trainers reported that 101 helmets did not fit properly and 3070 did fit properly. Athletes with helmets that did not fit properly had greater rates of drowsiness, irritability, sensitivity to noise, and more symptoms in average. They also experienced symptoms for longer than one week more often than players with properly fitted helmets.

The helmet liners were also compared either with an interior air bladder lining or helmets lined with either a foam or gel. Players that had a

concussion while wearing helmets with an air bladder had more sensitivity to light or to noise. Athletes with a gel or foam helmet liner had greater rates of loss of consciousness and drowsiness. The air lined helmets protect more with regular concussions, but they don't make a difference with higher energy collisions.

Newer helmets with additional thick padding over the cheek bone and mandible improve the helmet fit and help prevent concussion in high school football.

Liotta

A properly fitted helmet allows the head and neck to act together as a single unit. Conversely, if the helmet is not secured properly, the head acts as a separate unit. The neck muscles then may not be able to dampen the rotational forces, which are then transmitted from the helmet to the brain. A loose helmet also may delay the cervical muscle contraction response to an impact since the direction of the force to resist may not be detected until it reaches the head.

Maintaining a properly fitted helmet throughout the season is challenging because of mismatches between helmet size and the athlete's head. Helmet fit can also vary when players sweat or play in rainy conditions. Additionally, high school players may dramatically alter their hair styles (e.g. Shaving their heads) or what they wear under a helmet (e.g. adding internal layers of clothing for warmth) over the course of the season. Lastly, air bladder systems may leak, resulting in insufficient inflation.

According to rules published by the NFHS, no supervising individual is specifically responsible for ensuring proper helmet fit prior to athlete participation. Prior to each game coaches are required to verify that all athletes

area, dive into a giant foam pit, or test their skills on the Warrior Course.

"It's an environment parents can be comfortable having their kids in -- a good, safe place," said Sales and Community Manager Adam McCollum. "We're going to take care of the kids while they're here."

McCollum is a recent UNA graduate. He believes it's a great place for kids to play and for adults to rediscover their inner child. "We want to wow people every time they walk in the door. It's fun to watch parents get out there and try to match their kids step-for-step," he said.

Sky Zone is committed to providing a high-quality experience for its visitors.

"Every time we have a contact point with someone, we want it to be remarkable. We want people to leave here thinking, 'Wow, I want to come back.' We take pride in even the smallest detail."

One of Moore's top goals for Sky Zone is to be an organization that is focused on giving back to the Shoals area. "Our goal is to be actively involved in the community," she said. "One of Sky Zone's core values is Do Good. We welcome fundraisers where a portion of the ticket sales goes to the organizations." Moore added.

For example, during the month of October Sky Zone will replace its usual orange

Jump, fly and flip from a trampoline runway into a pit filled with 5,000 foam cubes at the Foam Zone!

Sky Socks with pink ones for Breast Cancer Awareness Month. A portion of the proceeds from sock sales will go to the American Cancer Society. Sky Zone will host a Ladies Night for breast cancer awareness on October 20. A portion of the profits from the event will go to the American Cancer Society.

Ladies Night will feature live music by the Shags, pink cupcakes from Yummies Bakery, pink lemonade provided by a local Girl Scout troop, and local vendors.

Visitors can wear Halloween costumes to Sky Zone October 29 and pick up some candy during their visit. All ghosts and goblins are welcome. Please note that costumes must adhere to facility safety standards which may require removal of certain masks or accessories for safe jumping.

Sky Zone offers a variety of regular weekly activities

including a discounted Hoppy Hour for college students every Wednesday to Toddler Time.

SkyFitness aerobics classes take place four times per week. Participants can burn up to 1,000 calories in one hour. Monthly events include Sensory Time for special needs families on the first Sunday of every month and Homeschool Hop on the fourth Friday of every month. Sky Zone also hosts birthday parties, youth group lock-ins, and field trips.

"The support from the community has been awesome," Moore said. "We're excited, and we're glad to see that they're excited."

# ASK THE ATTORNEY

Thomas McCutcheon

*Ask the Attorney is sponsored by local attorneys, McCutcheon & Hamner, PC, as a service to the residents of NW Alabama.*

**Q** I read that if you live with someone for ten years you are entitled to part of their retirement. I was married to my ex-husband for 20 years but we have been divorced for 29 years. Neither one of us has remarried. Will I be entitled to part of his retirement? If so, where do I start?

*A Loyal Reader*

**A** There is some confusion about a ten year rule. Social Security has some widows' benefit rules that by and large require marriage to a wage earner for 10 years or more.

If you are married for 10 or more years to a wage earner and meet the requirements under Social Security Rules, you can draw social security benefits off of their earnings record.

Alabama has specific rules that require a marriage of 10 years before retirement benefits are considered by the Court for division. There is a specific statute at Alabama Code §30-2-51 that addresses when retirement

benefits may be divided by the Court if the Court sees fit to do so. Obviously, different judges and different facts and different people with different stories yield different results.

§30-2-51 is as follows:

(1) The parties have been married for a period of 10 years during which the retirement was being accumulated.

(2) The court shall not include in the estate the value of any retirement benefits acquired prior to the marriage including any interest or appreciation of the benefits.

(3) The total amount of the retirement benefits payable to the non-covered spouse shall not exceed 50 percent of the retirement benefits that may be considered by the court.

I have seen a few marriages end after nine years rather than wait for 10 years and a potential loss of retirement benefits. I would think that the 10 year period includes the date of marriage through the date of the final decree and any appeal.

Because retirement benefits are considered to be a property right they are not modifiable (changeable) by the Court after 30 days from the final decree. If your former husband's retirement was not divided by the Court in your final decree 29 years ago, you are not entitled to part of his retirement.

*Buckle up and drive safely.*

are wearing a helmet that meets NOCSAE standards. All helmets have an exterior warning label which mentions avoidable causes and risks of head and neck injuries. However, it does not mention helmet fit.

It is often the responsibility of the athlete to recheck helmet fit, inflate a loose air bladder during the season, or bring problems with helmet fit to the attention of team officials.

The 2012 NFHS Helmet Rule mandates that any player with a helmet completely dislodged must leave the game for one play and adjust their helmet. Unfortunately, this does not adequately address this problem. Concussions were of greater severity after the 2012 rule change and the frequency with which symptoms lasted more than one week increased.

The NFHS helmet rule does not force athletes to adjust their helmets until after they have sustained a potentially major impact. Thus, supervisors of high school football teams should mandate that coaches, athletic trainers, or equipment managers verify adequate helmet fit among all players prior and throughout the football season.

**My Turn,** by Major Euell White, U.S. Army, (retired)

Are we electing a debater or a President to lead our nation in these perilous times? I don't understand why the Republicans participate in these debates always conducted by the left-leaning media. Rather than focus on the issues brought up by the liberal media and "how well" the candidates performed, we should look at the party platforms. The Democrats platform is a recipe for the further destruction of our Republic. Here are a few of the platform comparisons. For a more detailed list, go to my website and click on BLOG. If you do not have access to the Internet, you may contact me at 256-710-6341 (preferably by text message).

**On the Redefinition of Marriage** - Democrats support the Court's judicial activism in Obergefell, "that recognized LGBT people... have the right to marry the person they love."

Republicans, "condemn the Supreme Court's ruling in United States v. Windsor ... [and] Obergefell v. Hodges, which robbed 320 million Americans of their legitimate constitutional authority to define marriage as the union of one man and one woman."

**On Pro-Life Laws** - Democrats will continue to oppose and seek to overturn federal and state laws and policies that impede a woman's access to abortion. For the first time in history, the Democrats and their nominee, Hillary Clinton, call for "repealing the Hyde Amendment" to allow the government to fund abortion on demand.

The Republican Platform applauds the U.S House for passing the Born-Alive Abortion Survivors Protection Act. Republicans also "will not fund or subsidize healthcare that includes abortion coverage."

Democrats support taxpayer funding of Planned Parenthood by name: "We will continue to stand up to Republican efforts to defund Planned Parenthood health centers, which provide critical health services to millions of people."

Republicans for the first time, denounce Planned Parenthood by name for committing abortions, selling baby parts, and deceiving women with faulty fetal harvesting consent forms.

**On Social Engineering in the Military** - Democrats cheer the "repeal of Don't Ask, Don't Tell" and claim without evidence that "our military is strongest" when it includes people of all sexual orientations and gender identities, including transgender people.

Republicans reject the use of the military as a platform for social experimentation and will not accept or continue attempts to undermine military priorities and mission readiness. "We believe that our nation is most secure when the President and the administration prioritize readiness, recruitment, and retention rather than using the military to advance a social or political agenda. Military readiness should not be sacrificed on the altar of political correctness."

**On Women in the Military** - Democrats in Congress want to force women to have to register for the draft. Democrats also want to "make certain that the VA provides women with full and equal treatment, including reproductive health services" which includes abortion.

Republicans oppose "compulsory national service and Selective Service registration of women for a possible future draft." It also "reiterates our support for both the advancement of women in the military and their exemption from direct ground combat units and infantry battalions." Republicans in Congress have repeatedly sought to protect our military hospitals from being turned into abortion clinics.

# A Strong Example of Faith, Character

The contentious nature of the issue amounts to warring philosophical differences in our society.

Some look at the U.S. Constitution in this instance and make the assumption that non-discrimination includes the right for anyone to marry anyone. Others are of the opinion that the founding fathers didn't specifically address such an issue of discrimination because any reasonable thought would make the prospect of same sex marriage in this nation's future too outlandish.

The Alabama Court of the Judiciary (COJ) recently suspended Alabama's Chief Justice Roy Moore without pay for the remainder of his term (2019) for allegedly defying the U.S. Supreme Court on same sex marriage. It's a decision which itself violates the law.

The law (Rule 16) requires a concurrence of all members sitting on the Court of the Judiciary - a unanimous 9-0 decision - to remove another sitting judge from the bench. The COJ did not have the nine votes needed to remove the Chief Justice. In the obvious absence of unanimity, a simple majority thumbed their nose at the law and decided to suspend Moore without pay for the remainder of his term. This effectively ended his judicial career. According to state law, Moore will be too old to seek reelection.

## Focus on Veterans

SHEFFIELD--Veterans issues will get spotlighted in the documentary, *Almost Sunrise*, the Southern Circuit of Independent Filmmakers' second film of the 2016-17 season at the Ritz Theatre screening October 14.

The documentary follows two friends attempting to put their combat experiences behind them with an epic 2,700-mile trek on foot across America. The two are seeking redemption and healing as a way to close the moral chasm opened by war.

"As part of a video project I'd volunteered for a few years ago, I had the opportunity to interview

veterans and hear about their lives and struggles," said filmmaker Michael Collins.

"One day my interview subject casually said, 'Twenty-two veterans kill themselves every day.' It stopped me dead in my tracks. I thought I had misheard. I didn't.

That was a pivotal moment for me in the journey to make this film. I realized right then and there that there was a crisis in this country, taking place right in front of our eyes, one to which many of us, including

### Fool is the New Cool

Editor:  
Think about it. In the world we live in today being foolish has become the norm. It seems that it is now cool to be a fool no matter what you are standing up for, promoting, or dealing with. The only solace it may bring to those of us who strive to live life better is that when we do mess up nobody seems to notice. Lord in Heaven, help us all.  
**S Simon Killen**

### Championships Hidden

Editor:  
Very interesting article, October 5 in Knight's Korner. (*Deshler Athletic History*) A very important area was all but left out. If by chance you could get someone to unlock the wrestling storage room on the north side of the Deshler Dome, you'll find more champions' names than basketball, football, and track written on the east wall. Count the championships! Some have two, some three, and some four. Who else except the parents, past

coaches, and the champions themselves even knows about these? Again, I strongly urge that they get these names and their championships moved to a prominent place where all can see. You want history? Count the names and championships!

### Be a Man, Endorse Him

To the Editor:  
As many of you have noticed, there have been many local letters written by Euell White. In most of his letters he is telling us how corrupt and immoral the Democrat party is. He has gone so far as to say a vote in this presidential election for the Democrat nominee is a vote supporting child molestation. Mr. White is always using religious reasons to not vote Democrat and to not

This is Mr. White's way of trying to weasel out publicly endorsing a foul-mouthed, tax evading, draft dodging, racist crook, and adulterer.

### Be a Man, Endorse Him

Continued from Page 14

vote for Hillary Clinton. However, if you notice he has never publicly endorsed Donald Trump. This is Mr. White's way of trying to weasel out publicly endorsing a foul-mouthed, tax evading, draft dodging, racist crook, and adulterer.

I challenge Mr. White, if you are going to write all of this crap, be a man and endorse Trump publicly.

### A Horrible Pile of KNOWNS

Editor:

Hillary Clinton said that deep-seated cultural codes, religious beliefs and structural biases have to be changed. One may think she is talking about ISIS since they are the ones who rape, pillage, plunder, kill, and behead anyone who is not ISIS. However, Hillary is not referring to ISIS. She is talking about Christians!

She says that Christians need to change their beliefs to agree with same-sex marriage and abortion-on-demand including partial-birth abortion. She even threatens that laws have to be backed up with resources and political will against those who believe in Christian moral beliefs.

Clinton has made it clear that if you don't agree with her radical views regarding on-demand, taxpayer funded abortion, same-sex marriage, or forcing schools to allow boys into girls' bathrooms and locker rooms, then she will use the power of government, IRS, and the U.S. Justice Dept to crack down on you with fines or even prison until you accept her way of thinking.

Hillary is exactly the kind of vengeful person who will unleash the government on Christians who refuse to ignore the Bible. Her goals go way beyond erasing all Christian influence from American public life. Hillary wants to outlaw Christian beliefs even in private life. Hillary and Democrats who booed God

at their national convention will classify Bible teachings as hate crimes. Things will get much worse very quickly under Hillary's regime! Recent examples include:

- The Christian owners of Sweet Cakes bakery in Portland, Oregon were ordered to pay \$135,000 in damages to a same sex couple for declining to participate in their same-sex wedding;

- An Alabama clerk was jailed for refusing to issue same-sex marriage licenses with her name as the issuing authority;

- The state of Texas ordered Jeannette Golden to take down a 6' x 12' sign of the Ten Commandments

**UFO A-GOGO!** A skywatcher claims to have spotted a formation of nine unidentified objects (see diagram), each bearing a respective number, with numbers of each row of three having a total of 33.

Unfortunately, our pal could not recall exactly where each of the numbers appeared in the group. See if you can puzzle it out.

Hint: Find the center number, and the rest is relatively easy. Remember, each row totals 33. Each number shown is used once.

It is true irony that the Court of the Judiciary can charge a sitting chief justice with violating the law and then violate the law with impunity in order to mete out punishment on Moore.

Moore has been vilified by the nation's media as a disgrace, and by his own state, even though there was absolutely no supportive prosecutorial testimony that he ordered anyone to violate the law.

Moore is smarter than to think this issue is only about equality, rainbow-colored lights, and the saying, "Love Wins." He knows the ultimate agenda is to obliterate historic definitions of family and marriage. All we need to do is look at the frank, unfiltered words of the movement's most radical and revered leaders in years past. However, Moore is among the very few with the guts to publicly oppose the humanistic, atheistic, society-altering agenda that most of us would rather pretend doesn't exist. Some think it inconsequential that he is well-versed in passages of the Bible and our most revered historical documents which were drafted by men who fervently advocated for both.

We need look no deeper than a few of George Washington's words in our nation's first Presidential address. "The propitious smiles of Heaven can never be expected on a nation that disregards the eternal rules of order and right which Heaven itself has ordained."

The reality is that none of our founders advocated for anything remotely close to same sex marriage, transgender rights, or a subjective gender identity. They knew the family unit was the bedrock of a healthy, cohesive, independent nation. We are so blessed to be part of this nation rather than any other. However, we have allowed a few corrupt minds to alter our nation's path.

Moore's resistance to the humanist agenda has twice cost him his job. He is a high-profile example of one who ignores the snickering, insults, peer pressure, and threats, and follows the cross in spite of the misguided claims that he is trying to force his religious views on everyone. Frankly, he is due more respect and appreciation than anyone I can think of in this day. Far too few of us are willing to stand with him.

Unfortunately, Washington's words don't bode well for our immediate future as a nation. In spite of our claims that we do most everything "for the children," we are allowing the proliferations of societal ruin for our descendants.

More importantly, we should be reminded that every knee will eventually bow to the Lord. I'd much rather be aligned with Roy Moore on that fateful day than with the anti-life, anti-family propagandists, because there's going to be hell to pay.

A Horrible Pile of KNOWNS

posted on her own property;

- Two men were arrested simply for reading the Bible outside the Department of Motor Vehicles office in Helmet, California;

- The Boy Scouts are forced to allow openly gay Scout Masters or face federal, state, and local civil rights and hate crime lawsuits.

- The Mayor of Houston, as part of her campaign of intimidation, issued subpoenas to Houston priests and pastors demanding they turn over copies of their sermons to see if they were opposing same-sex marriage or saying homosexual conduct is sinful; and

- Alabama's Chief Justice Roy Moore was suspended from office the second time for not following the dictates of the progressive left stooges on the bench.

Christians' only logical vote in November is for Donald Trump. He has some unknowns, but Hillary has a horrible, stinking pile of KNOWNS. We know she is a vicious criminal who demands power. We know that she will stack the Supreme Court with judges who have no intention of supporting the constitution. She is exactly like Barack Obama in that regard, but she is more evil in her intent. She will use the Supreme Court to complete her death grip on American religious freedoms. We must vote for the one candidate who has the best chance to defeat Hillary, George Soros, and their minions! Vote Trump!!

Decision Can't Be Supported

Editor:

In the latest travesty involving Alabama Chief Justice Roy Moore, a disciplinary (kangaroo) court suspended him for the rest of his term. The values of this kangaroo court seem radically twisted.

If the U.S. Supreme Court abused its power and ruled that blacks were inferior to whites, would this kangaroo court just go along with that ridiculous decision? Would it punish supposed civilly disobedient justices who tried to fight it?

The bizarre decision by five Supreme Court Justices to impose so-called gay marriage on this country should be opposed. This was a decision that can't be supported with science, logic, or natural law.

We collectively need to tell the five wayward justices who abused their power and forced this

nonsense on us to take a hike. This country should not only ignore their irrational decision, but demand they resign. They are an embarrassment.

The values of pro-LGBT people are so upside-down and backward that decent moral business people are now being gravely targeted. They are facing legal prosecution merely because they don't want to bake a wedding cake for immoral heterophobic homosexuals! This country needs to rise up against the ignorant liberal bigots who believe it is okay to discriminate against and make criminals out of decent, moral people. This corruption and these backward liberal prejudices need to be vigorously opposed.

## Medicare Minute

### "Value of a Local Agent 2"

A local agent can be a valuable asset to you when signing up for a Medicare Plan. Any agent offering Medicare plans must be licensed by the State of Alabama, appointed by the insurance companies they represent and go through an annual certification required by Medicare. If an agent does not have these qualifications they cannot offer Medicare Advantage or Prescription Drug Plans. This is a good thing because you, the consumer, can be assured that your agent has been completely vetted. This includes proof of citizenship and background checks.

Your local agent must also go through training courses with the insurance companies they represent. These courses are designed to assure that the agents have a complete understanding of the plans they are offering. Medicare Advantage and Prescription Drug Plans can be complicated because they have premiums, copays, deductibles and a specific provider network. Knowledge of what you are enrolling in is crucial.

One thing you will want to know from anyone helping you enroll in a plan is; "Do you make a commission on this sale?" You want the answer to that question to be "YES"! Why? Because if a person makes a commission for enrolling you, that person can go to the insurance company on your behalf if you have a problem. If a person does not make a commission they cannot help you with a problem unless they have Power of Attorney for you.

Agents offering Medicare plans fall under the oversight of Medicare whereas most non-agents do not. This should give you the peace of mind that the local agent is showing you all of your options. It's also important to know that your premium will be the same whether you go through a local agent or someone else. If that's the case why not use someone who can go to bat for you if you need it!!

If you have questions regarding any aspect of Medicare or Medicare health plans feel free call us at Alabama Health Guidance (256-284-7249), stop by our office at 879 Florence Blvd (Four Lane Shopping Center) or email me at [ikey@alabamahealthguidance.com](mailto:ikey@alabamahealthguidance.com).

# Soap Opera Preview

**THE BOLD AND THE BEAUTIFUL** With the future in mind, Rick and Maya had an ulterior motive when they asked Nicole and Zende to lunch. Sasha questioned her relationship with Thomas when she witnessed a tender moment between him, Caroline and Douglas. Wyatt vowed to a reluctant Steffy that he was determined to fight for their marriage. Bill received a visit from someone from his past after he became engaged to Brooke. Zende was still upset with Rick and Maya's request and attempted to get Nicole on the same page as him. Steffy turned to Ridge for some fatherly advice regarding her future with Wyatt. *Wait to See: Exes come face to face for the first time since their divorce.*

**DAYS OF OUR LIVES** Chad recruited Lucas and Adrienne for a secret plan to bring down the convicts. Gabi urged Chad and Sonny to reconcile. While Xander and Orpheus ironed out their master plan, Clyde decided to go solo. Hope and Rafe clashed over Aiden. Nicole came face-to-face with Xander. Brady suggested to Theresa that they have a makeshift wedding and exchange vows. Clyde confronted Chad and demanded that he turn over Thomas. John and Marlina worried about their risky plan to capture the evil three. Adrienne and Lucas refused to reveal Thomas's whereabouts. Aiden continued to pressure Hope to agree to go on a date with him. Adrienne lashed out at Andre. *Wait to See: Orpheus reveals his plan to John, which puts many lives in danger.*

**GENERAL HOSPITAL** Tracy and Dillon shared an emotional moment. Franco made it clear to Sam that he wasn't going anywhere. Later, Jake

questioned Sam about her animosity toward Franco. Carly and Nelle got to know each other a little better. Anna helped come up with a theory about Ava's involvement in Julian's trial. Jason made a promise to Michael. Kiki was overcome with mixed emotions. Tracy and Monica united to support the hospital amidst tough times. Laura gave Kevin another chance. Nathan was smitten with a new lady in his life. Maxie was determined to uncover the truth. Lulu received some stunning news. Kiki pushed Dillon away. Alexis turned to Sam for support. *Wait to See: Tracy takes Lucy to task.*

**THE YOUNG AND THE RESTLESS** Victor couldn't resist asking Phyllis about her new position at Jabot. Phyllis lashed out at Victor, which made Nikki very nervous that Victor would reignite his feud against Jack. Meanwhile, Summer visited Jack and found him researching Newman Enterprises on his computer. Billy and Travis had a heated exchange at a dive bar and were arrested after also fighting with a patron. Hilary was disappointed when Devon wouldn't let her run a story about their arrests. Kevin felt that Chloe was pushing him away, but she insisted she just needed time for herself. Later, Kevin met with Mariah with the hope of repairing their friendship. After Sharon received several hang-up calls, Nick told her he was moving in while Dylan was out of town. *Wait to See: Chloe incriminates herself.*

## Kissing Counts

*Writer's note: Recently, I randomly read this piece originally written and printed in 2008. Let's keep teaching that...kissing counts.*

So, yes, once Mama did wash Ros's mouth out with soap. Ros, my oldest sister, was about fifteen years old and had kissed Ike. How did Mama know? Because, Gary (six years younger than Ros) had come home and told mom that he had seen Ros kissing Ike at the party across the street.

Now, the Jenkins were having the party. Parties, when I was growing up, were out in the yard. Our stereos consisted of a phonograph with two box speakers. The speakers

would be stretched out to the porch and everyone would dance in the front yard. (Man, that was a whole other lifetime ago.) Everybody from all over town would come, and since our houses were so small, yard parties made sense.

The few times we had parties at our house, everybody was good. I don't remember seeing bad behavior or hearing bad language. There definitely was not any drinking or smoking. Everyone knew to act right at Mrs. Ruby's house. Every now and then during the evening, Mom and Mrs. Alberta, mom's friend, would come out

and sit on the front porch to inspect the goings-on in our small yard next to the street and to make sure that they could see moonlight between the parties.

The Jenkins, however, did not check out the party scene as often, and their yard had more dark spots. Their house had a long, inclining driveway that was hidden from the street by trees. It was in that driveway where Gary had seen Ros kiss Ike, and as little brothers do, he ran home and told Mom. The problem was that Mom didn't like Ike. In Mom's eyes he was too "rough". Ros was not supposed to be hanging out with him - much less kissing him.

Enter - the soap. Why mom chose this action, washing someone's mouth out with soap, we will never know. Ros never asked. She was humiliated and everyone found out. Even though Ros thought that it was unjustified, she never felt malice toward Mom, but for a long time she truly

wished that she did not have a little brother.

This is one of the few hardship stories my siblings and I have to tell when it comes to our mom's parenting actions. But I'll tell you the truth, after that we all gave thought before we started kissing on anybody. Even "just kissing" is important.

The interesting thing is that Mom was somewhat right; Ike did struggle from living a hard life. Even at that, I never chose to wash our kids' mouths out with soap, but I hope that we taught them that kissing counts.

As sure as the boys and girls, kissing is going to happen, but it shouldn't happen all the time with everybody. The two parties in a kiss are sharing a moment of intimacy and caring. Each should choose their partner carefully.

## World Peace?

It's not unusual for politicians to lightly kick the words around every two to four years. Even the world's religious leaders still cry out for world peace. As a kid, I remember the words from my pastor; "pray for world peace". It's almost humorous when "peace" appears in the bible 400 times and yet we can't find any, and still lack peace in our world today. But who pays any attention to God or the Bible? Years ago, I learned that "society is the product of the home." As the home goes, so goes the family, the churches, the city, the county, the state, the schools, the jobs, the governments, and the nation, and finally the world. There's only one that can give and bring peace and that is the Lord Jesus Christ. But who listens to Him? I will try to shed a little light on the subject. God has abandoned most of the world's churches today, and so the devil has focused his attack on the family and the marriages, the roots of any nation. Who today doesn't know about broken homes, divorces (50+%), and children left to raise themselves, or the grandparents have to raise their grandkids? Peace is a very exhaustive subject and may involve several articles from this writer. The Bible is very blunt and clear where peace comes from and who has it, and how to get it. Spiritual peace must precede physical peace in individuals and in the rest of this nation.

In **Isaiah 45:7**, the Lord says "I make peace." One of the names of our Saviour is given in **Isaiah 9:6** "the Prince of peace." To the saved folks today in **Ephesians 2:14** "he (CHRIST) is our peace." And we, (the saved) have the "peace of God." See **Philippians 4:7 & Colossians 3:15**. Now flip the coin over. The only time we are told in the Bible to pray for peace is **Psalms 122:6** "Pray for the peace of Jerusalem: they shall prosper that love thee." The Bible is clear in **Isaiah 48:22 & 57:21** "There is no peace, saith the LORD, unto the wicked." **Ask yourself, is this aimed at me?** One great unfulfilled prophecy in **1 Thessalonians 5:3** "For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape." Is it possible you don't have peace because you don't have Christ? THINK.

## CASH FLOW SCHOOL?

Dear Dave,  
My wife and I are on Baby Step 2 of your plan, and I'm in graduate school while working full-time. We're trying to cash flow my education from this point forward after previously taking out student loans. Our household income is \$90,000 a year, and we have a car payment. Are we taking the correct approach to handle all this responsibly?

Dan

Dear Dan,  
I love this approach and the fact that you're willing to work hard and be disciplined to make all this happen. At this point you just need to lay your finances out and crunch the budget numbers as to what tuition and school are going to cost between now and when you graduate.

Your first goal is to do no more harm, meaning that you graduate and finish this degree without taking on any more debt. I think beyond that, and I don't know what you're paying for the school, you should have some money beyond that to work your debt snowball. Don't beef up the payments on your debt so heavily that you use up money that you'll need for tuition. Getting through school will slow down your debt snowball somewhat, but that's okay. This is a worthy cause, and you're approaching it the right way. I just don't want you to get so excited and goggle intense about paying off your debt that you end up borrowing for tuition.

Congratulations on being really smart with your finances and your education. It's a really neat idea, and you guys are going about it in exactly the right way!

— Dave

## TIMED MEDICAL INSURANCE?

Dear Dave,  
My fiancée and I are planning a Caribbean honeymoon cruise after our wedding. Do you think it would be a good idea to purchase travel medical insurance?

Tim

Dear Tim,  
Normally, I would say travel medical insurance falls into the gimmick category. But if you're concerned about it, I would suggest double-checking your current policy through your provider to see exactly what you've got and how far it extends in terms of coverage compared to any risk factors you may be facing.

The only reason I can think of as to why your current health insurance wouldn't cover you is that you may be out of the country during portions of the cruise. In most cases and areas, I believe, out-of-net-

work considerations will still apply in the Caribbean. But check with your insurance company for verification and details on that, too.

I've never bought travel medical insurance, and we've gone on two cruises already this year. Just do your homework ahead of time, and make sure you'll have the coverage you need in the locations you're going. Congratulations, Tim!

## Pain In The Back?

**THE MOST VERSATILE BRACE OF ITS KIND!**  
"Love your life without lower back and radiating pain!"

The process is simple. DDS acts to provide traction between the lower part of the rib cage and the upper part of the hip creating weight-bearing forces away from the lower back. By increasing the intervertebral disc space, pressure applied on the nerve root is relieved. Therapy stimulating pain while assisting active-rehabilitation. The vertically expandable columns create a virtual support beam providing spinal decompression for the lumbar vertebrae. Disc Disease Solutions will speed up your recovery and help you enjoy the daily activities that were once too difficult.

DDS is this, lightweight and offers a high degree of mobility. It can be discreetly worn under clothing allowing you to perform daily activities such as driving, walking and standing for long periods of time, and enabling those with an active lifestyle to work, enjoy sports and other leisure activities pain-free.

The DDS 500 is the solution for patients who cannot tolerate the discomfort of a rigid body jacket yet require similar support. It is especially valuable for pre and post surgery, providing with equal stability as a stiff body jacket. As the patient progresses and requires less support, the detachable rigid panels can be removed to create a semi-rigid support with one or no support panels. It easily converts to a soft LSO and provides greater flexibility.

News & Tips on the Shoals Market

### National Fireplace Month

Did you know that October is National Fireplace Month? It is, according to the HPBA--the Hearth, Patio & Barbecue Association. I'd be willing to bet that the people at Hearth, Patio & Barbecue don't live in Alabama. Around here it still feels like a fireplace outside on most October days. Nevertheless, it is a great time to start thinking about getting things ready for colder weather. If you have a fireplace, whether gas logs or wood burning, there are some safety issues to consider and regular maintenance to perform.

Gas fireplaces are a popular choice with homeowners. They are generally cleaner and simpler to operate than wood burning. Some folks just don't feel comfortable building and tending a fire inside their home. Or they don't want to deal with bringing wood and the mess that comes with it into the house. For these, the warmth and illusion of a fire can be summoned by the push of a button. If you're a gas log owner, one thing that safety experts recommend is having the gas lines inspected and the burner cleaned annually, by an expert. Also, the chimney must be checked periodically for proper venting, adequate draft, and warmth of chimney walls. Chimney walls must be warm enough to prohibit condensation from building up inside the cooler flue. Having experts check these components is worth the cost in peace of mind alone.

If you're a wood fireplace lover, you probably don't mind the extra mess of wood, ashes and sometimes smoke. To stay safe, have your chimney inspected and cleaned annually, by an expert. If you use a wood-burning stove, that should be inspected as well. Metal fire screens are recommended to keep embers from getting out of the fireplace onto combustible surfaces. Never restrict air flow into a burning fireplace. Doing so can cause creosote buildup in the chimney, leading to a chimney fire. Never use flammable liquids to start a fireplace fire, and do not burn cardboard or trash indoors. Absolutely never leave an indoor fire unattended, and that includes falling asleep. Before disposing of ashes, let them cool completely. They should be disposed of or stored at least 10 feet away from your house or any other building. As an added safety measure, pour water over ashes to ensure that they are not a fire hazard.

I love the smell and crackle of a wood fire, and all of this talk of fires has me wanting one. Come on, fall weather! -mr

**Ian Teaches Arnold**

**Arnold:** "I want to do what's right but there are so many churches teaching different things"

**Ian:** "The Bible has the answer to what we need to believe. We need to follow what was taught in Jerusalem on the day of Pentecost"

**Arnold:** "What does Jerusalem have to do with the church"

**Ian:** "That was where the church began. If a church was not started in Jerusalem, it isn't the one Christ approves."

**Arnold:** "How do we know that's where the Lord's church began"

**Ian:** "After Christ ascended back to the Father, His apostles waited in Jerusalem. Acts 2 tells about the events surrounding the beginning of the church. We are told for the first time "The Lord added to the church, those who were being saved"" (Acts 2:47)

**Arnold:** "That means if a church was begun somewhere other than Jerusalem, it can't be the one Christ built."

**Ian:** "That's right."

**Florence Housing Authority Housing Choice Voucher Program Wait List Announcement of Opening & Guidance and Instructions**

Florence Housing Authority Housing Choice Voucher Department will accept preliminary applications for the Housing Choice Voucher program (formerly Section 8 Existing Housing) through the Authority's Applicant Portal which is located on the Authority's website, www.flohousing.org. The open period for preliminary applications shall be 12:01 a.m., Tuesday, November 1, 2016 to 11:59 p.m., Tuesday, November 15, 2016. The Authority reserves the right to extend the open period for any time frame deemed necessary without additional notice. This is a "date and time" created Wait List. There is an advantage to returning a preliminary application at a specific time. Please visit the Authority's website prior to the open date to familiarize yourself with the "Apply Online" button located on the front page of the website.

Once the wait list opens, the portal will be available 24 hours per day until the Wait List closes. The preliminary application can be completed from any computer or cell phone with Internet access (e.g. home, library, community-based organizations). There are also computers available in the lobbies of all of the Authority's Property Management Offices and the lobby of the Housing Choice Voucher Department located at Magnolia Gardens I, 110 South Cypress Street, Florence, AL. The Authority receives many more requests for assistance than the number of vouchers available. All applicants are placed on a Wait List. A determination of program eligibility will be made at the time the applicant is selected from the Wait List. The Authority will choose names from the Wait List in order of their placement and according to HUD guidelines. Only one preliminary application per applicant will be accepted. Incomplete preliminary applications will be rejected and not entered on the Wait List. It is the sole responsibility of the applicant to maintain a current address with the Housing Choice Voucher Department to continue eligibility. Once the applicant completes and submits their preliminary application online through the portal the applicant is prompted to print their confirmation page which includes the confirmation number. The confirmation number is not emailed but is presented on the screen for either printing, taking a screen shot of or writing down by the applicant. It is strongly recommended that the applicant do this and keep it in their possession until being contacted by the Authority when they reach the top of the Wait List. Once a voucher becomes available, the next applicant at the top of the Wait List will be contacted by the Authority with further steps in the process. If assistance is required to complete the preliminary application, resources for assistance will be available through the Housing Choice Voucher Department.

## BEFORE YOU FILE FOR BANKRUPTCY PROTECTION, WHO WILL YOU CHOOSE AS YOUR LAWYER TO CLIMB THESE STEPS WITH YOU?

Almost 20 years ago, I dedicated my practice to helping those people under financial strain, who feel hopeless when its time to go to sleep or time to punch in the clock. Allow me the privilege to explain your rights and options at no cost to you. Life is hard enough. You and your loved ones don't have to suffer any more.
