# Planning Ahead Makes it Easier on Everyone

## Pre-Planning

### Consider the advantages:

- Make important decisions together, not alone...
- If something were to happen to you today, your family would know what to do...
- You have peace of mind knowing you have minimized the anxiety for loved ones...
- Your final wishes will be carried out...
- You can choose a pre-payment plan that fits your budget...
- Costs are locked in and you are protected...
- Most pre-arranged plans are transferable, should you transfer or move to another area...

### By Pre-planning Your Funeral, You Can:

- Make all the arrangements during a time of peace and not leave them to your family during their time of grief.
- Make your wishes known.
- Control the cost of your funeral and protect from inflation.
- Ensure that personal records are organized and easy for your survivors to locate.
- Protect your insurance so that it provides for your survivors and not for funeral expenses. and
- Provide protection in case the need arises before it is expected.
